HOWELLS
On Tuesday James A. Drabota sold the Frank Jelneck farm of 120 acres in Adams precinct, owned by Chas. Konvalin, to Jos. Makovsky for \$125 per acre, taking as part payment Mr. Makovsky's 80-acre place in Stanton county at the same price. The same day Mr. Konvalin sold the eighty to Fred Baumert for \$125 per acre.

Some three months ago Martin Mikes, after a residence in this country of a number of years, concluded that he would return to the land of his birth, Bohemia, and there spend the remainder of his days. Evidently things there did not suit him after a taste of the blessings of a free country, for on Friday he arrived in Howells with bag and baggage and announced to his children that he had returned to stay. Of course his children, as well as his friends, were pleased to welcome him back.

BELLWOOD.
There is evidence that the wheat is going to be injured by Hessian flies this fall, while a new insect known as the wheat root louse is also at work.

Mr. Dunlap left at our sanctum Wednesday a sample of his persimmon crop, which tastes nice. Mr. Dunlap says persimmon makes the best beer in the market. Of course Bellwood is a dry town;

but nevertheless he may find ready sales for the persimmon trees.
A dog has a lot of work to do every day; among other things, every morning he is compelled to bark at the ice man, and the grocer's boy and the butcher's boy. After he performs these duties, he goes over to visit the neighbors dog. But his real object is not sociability; his real object is to see if he can discover where the neighbor's dog has hidden his bones.

SHELBY.
Mrs. Clara Churchill, of Coleridge, Neb., formerly Miss Clara Rawles, of this county, visited her relatives in this vicinity the fore part of the week, returning home this morning accompanied by her sister. Mrs. Churchill has had a sad experience in the past few weeks. She was married but a short time ago to Mr. Churchill, of Coleridge, and her husband was shot to death by a woman who had been his former housekeeper.

The town board informs us that they are determined to put a stop to those people, who adopt pugilistic methods for settling their disputes, electing the streets of Shelby for a fighting ground, by prosecuting every person who becomes a law breaker in this respect. And the board is to be commended for this. If people will fight let them go out in the bluffs by themselves where they are out of sight and hearing of every other person and if they have not cooled down by this time, let them fight till they consider the question settled.

Let's Talk About
good plumbing. It is just the time of the year when you should inspect and make such changes as are necessary to better the sanitary condition of your plumbing. We are
RELIABLE PLUMBERS
and do our work quickly and most satisfactorily. There is no job too large or too small for us to estimate upon, and if we do estimate we are bound to save you money.

MONROE.
From the Republican.
W. H. Pugsley, who has been taking treatment in Columbus, returned home Thursday, as his condition took a turn for the worse.

John Terry, who was operated on for appendicitis at the hospital in Columbus, is getting along nicely and will be brought home as soon as he is able.
D. W. Jenkinson is busking with his busking machine and he also has an elevator to unload the corn in the crib. To a passerby this is an uncommon sight for this locality.

Eight o'clock closing by Monroe merchants, which went into effect Monday of this week, and is proving quite satisfactory. The new arrangements are appreciated by both clerks and employers.

Wm. Talbitzer returned Monday of this week from Alliance, where he went to consult the chief surgeon of the Burlington at that point. He was sent back here to take treatment at Columbus, which he will do until the injured knee yields to treatment.

Roy and Kingsley Thurston left last Friday evening for Oregon with a car load of household goods, their destination being about fifteen miles south of Salem, in that state. Word received from them along the route says they are getting along nicely and will reach their destination this week.

Monroe schools will close Tuesday evening of next week for the remainder of Thanksgiving week. This extra vacation for Thanksgiving is because of the State Teachers' association in Lincoln, which is held next week, so that the teachers may attend, and all the Monroe teachers are at present planning to attend the meeting.

Chas. Potter is figuring on an innovation at his farm home, at least it will be new for this section. He is contemplating putting in a private electric light plant for his farm home, the system to reach all buildings on the farm where light is used. He has just completed a private garage for his automobile and when the plant is installed this would be used for an engine and dynamo house. While the expense of installing such a light plant is considerable, the cost of running it is not large.

Beginning with Monday of this week the primary room of the Monroe schools was moved into the new school building, just completed. With the addition of this building the much needed room is provided, and a re-arrangement was made in the large building. The grammar room was changed from the second floor to the first in the room occupied by the intermediate department, and the latter given the room vacated by the primary department. The upper floor of the main building is devoted entirely to the High school, the recitation room now being in the room formerly occupied by the grammar department. Heretofore the High school has been crowded owing to the fact that there were three grades in it, and also two teachers. This addition is an advantage to the entire school, as it gives ample room for the present. For the present the rooms will be heated by stoves, but it is only a question of a few years until some method will be adopted.

HUMPHREY.
From the Democrat
Mrs. F. M. Cookingham received word from her niece, Erma South of Elkton, Okla., was elected County Superintendent of schools on the republican ticket by a big majority.

Word was received Monday by Mrs. Peter Eisenmenger and Andrew Magasmen from Colorado Springs, Colorado, that their sister, Sister Beatrix, had died in that city that morning. Mrs. Eisenmenger and a daughter went out there Tuesday to attend the funeral.

Carpenters and plasterers have been busy the past few weeks finishing up the work on the new school building being built in District No. 76 known as the Bunker district, where the school was recently struck by lightning, and it and its entire contents were burned to the ground. The new school will be twenty feet wide and thirty-eight feet long. They expect to have the school open again about the first week in December.

Last Tuesday evening Chas. Herzberg's residence east of town caught on fire and burned to the ground. The cause of the fire is unknown. Mr. Herzberg was in town at the time. Mrs. Herzberg was busy preparing supper when she noticed that a summer kitchen which had been built on the east side of the house was on fire. She immediately telephoned to town and her neighbors, but before any of them arrived on the scene the house was a mass of flames. Everything in the house was burned, except one bed and a trunk.

YOU TAKE NO RISK.
Our Reputation and Money are Back of This Offer.
We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. Could anything be more fair for you? Is there any reason why you should hesitate to put our claims to a practical test?
The most scientific, common-sense treatment is Rexall Orderlies, which are eaten like candy. They are very pronounced, gentle and pleasant in action, and particularly agreeable in every way. They do not cause diarrhoea, nausea, distention, griping or any inconvenience whatever. Rexall Orderlies are particularly good for children, aged and delicate persons.
We urge you to try Rexall Orderlies at our risk. Two sizes, 10c and 25c. Remember, you can get Rexall Remedies in this community only at our store—the Rexall store, Pollock & Co., corner 13th and North streets.

A LIBERAL OFFER.
We Guarantee to Cure Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.
The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.
Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is prepared by a process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid, and without it the digestion and assimilation of food are impossible.

The carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This perfect combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.
We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at—the Rexall store. Pollock & Co., corner 13th and North streets.

GENOA.
From the Times.
Dr. H. E. Robertson, of the University of Minnesota, says that infantile paralysis is as incurable as leprosy. Physicians have been unable to diagnose the disease and are as much in the dark as ever as to the cause of the scourge.

Here is an item of information taken from the Washington Post which should be given general publicity: "My congregation coughed this morning," said a minister to a physician. "I could hardly make myself heard, it was so annoying." "Well," said the physician, "the next time they cough tell them to press the upper lip just beneath the nose. Pressing the nose in that quarter will stop the most obstinate cough and, by the same token, it will stop a sneeze, too. I'll tell you how to stop the hic-coughs. You press hard on the cheek right in front of the ear. Those nerves there control the hic-coughs as money controls politics. You need only press—the nerve will do the rest."

The Baptist Home Missionary Society got its wires crossed in some mysterious manner when the officers of the society sent a missionary to Genoa to convert the natives here. Miss Bessie Freeman arrived in Genoa from Chicago three weeks ago to do missionary work. She came under the impression that the town was without a place of worship, and was surprised to find six churches dedicated to the worship of God, and four resident ministers administering to the spiritual needs of the people. She realized that her services were not in demand here as a missionary, and so informed the officers of the society in Chicago. She received orders to report for duty elsewhere, and departed for the east Tuesday.

SCHUTLER.
From the Sun.
Miss Maudie Brown, formerly a teacher in the schools here, and whose home was here, has been elected to the office of county superintendent of Park county, Montana. She has been teaching in the Livingston, Montana, schools of late years.

A Nebraska paper, whose editor isn't emulating the late George Washington, says that one day last fall a farmer went out after a load of straw. Having no pole with which to bind his load he took his ax and commenced to chop down a stalk of corn for that purpose. He had it nearly cut in two when one of the ears of corn became detached and fell crushing him to the ground. It broke his neck and one of his legs in seven pieces. He would have died but for the health giving properties of the Nebraska climate, which made him a well man again before he had walked half way to the house.

Anybody can soil the reputation of any individual, however pure and chaste, by uttering a suspicion that his enemies will believe and his friends never hear of. A puff of the idle wind can take a million of the seeds of the thistle and do the work of mischief which the husbandman must labor long to undo, the floating particles being too fine to be seen and too light to be stopped. Such are the seeds of slander, so easily sown, so difficult to be gathered up, and yet so pernicious in their fruits. The slanderer knows that many a mind will catch up the plague and become poisoned by his insinuation, without seeking the antidote. No reputation can refute a sneer, nor any human skill prevent mischief.

John Sale was seriously injured while working at the mill last Friday. He was assisting in unloading wheat from a car, (they have a patent machine for doing the work.) when in some manner he became entangled in a pulley rope getting one foot through the coils. He was jerked up against the ceiling and down to the floor again every two seconds. His leg was badly broken and splintered between the knee and ankle. In his frantic efforts to free himself he caught hold of the rope and his arm was carried around the pulley badly bruising it but did not break it. Finally on one of his descents he had presence of mind enough to catch hold of the weight on the gear and release the clutch thereby stopping the machine. Others about him were powerless to help him.

OSCEOLA.
From the Record.
On the seventh day of November was performed and celebrated the dedication of the St. Andrews Catholic church in the valley. Rev. Bishop Bonaeum of Lincoln performed the good work. After the dedication High Mass was read by Father Lutz formerly of here now of Bellwood. Father Charles of Smartsville, Neb., with Father Henness of Center, Neb., Father Bickert of Shelby with the pastor of Duane assisted. Father Hess of Steinbuser preached the beautiful and touching sermon. Then the Bishop confirmed the children. After the services a good and plentiful dinner and supper was served at the hall which was prepared by the ladies of the parish. Over two hundred people being present. The evening was turned over to the young folks also a large crowd there. The Shelby orchestra furnished the much appreciated music for the occasion.

"There was a sound of revelry by night," last Friday night, down at Shelby. We were not there and can furnish an alibi and good corroborative testimony. However from those who were there and saw the performance, we are satisfied that it was worth the price of admission and that standing room was at a premium although there was plenty of running room—for some. With the exception of a few precincts, the returns are now all in and the tabulation is now going merrily on, the dead have been laid away, the wounded have been cared for and the prisoners have been paroled or exchanged and the white dove of peace is flapping both wings and such few tail feathers as were not pulled out in the encounter. It all happened as the result of a little scholastic round of football in which the local team and Shelby team had engaged during the day. We are not acquainted with all of the merits of the contention and many deny that it had any merits at all. It was one of those unfortunate affairs which both sides keenly regret and to which the Record adds its full measure of sorrowing consolation.

PLATTE CENTER.
From the Signal.
A quiet wedding occurred in St. Joseph's church, Platte Center, at 8:30 Tuesday morning, when Timothy J. Cronin and Miss Nellie Fenton were united in the holy bond of matrimony by Rev. Father Angelus.

The many friends of Mrs. Ernest Arndt will be pleased to learn that she was able to come to town last Thursday in an auto, the first time in several months. Mrs. Arndt is slowly recovering her health and strength after a serious operation which she underwent a few months ago.
Clemens, the fourteen year old son of Mr. and Mrs. C. Wemhoff, ar., of the St. Mary's neighborhood, last Friday, in taking a sandbur from his busking glove with his teeth got the bur stuck in his throat. Medical aid was called, but the physicians of Humphrey were unable to give the sufferer relief. The boy was taken to a specialist in Omaha Saturday. He is a brother of Mrs. Chris Greisen of this place.
One of the men with the gang that is setting new poles for the Bell telephone line had a close call last Friday. He was at the top of a twenty-five foot pole that was being pulled into position when the pole, which was defective, broke off near the ground, throwing the man to the ground, and falling on him. In some mysterious way he received no more serious injury than a badly sprained knee. He can congratulate himself that it was no worse.

HORSE AND MULE SALE
I will sell at public auction at the
Clothes Barn
in COLUMBUS, NEBRASKA
Saturday, Nov. 26, 1910
50 HORSES AND MULES 50
Consisting of

Telephone No. 1. - Columbus, Neb.

UNION PACIFIC NEBRASKA

Creating Wealth for the State of Nebraska

By building its lines through lands then worth less than \$5.00 per acre, the Union Pacific Railroad has aided in increasing the value of those lands many-fold.

The assessed value of all property in Nebraska has increased from \$171,747,593 in 1900 to \$398,985,819 in 1909.

There has been no more important factor than the Nebraska railroads in creating this enormous wealth.

The resultant prosperity has increased the value of the railroad.

In 1900 the Union Pacific Railroad paid taxes in the State of Nebraska amounting to \$299,855.44. In 1909 it paid \$578,112.44.

Progress for the Union Pacific means progress for the whole state. Every mile of additional track laid, every train or station, creates wealth, which is not shared only by the Union Pacific Railroad but by every citizen in the State of Nebraska.

We have a book on Nebraska and its resources which will be mailed to some friend in the East for the asking. Please send us his address.

Every Union Pacific Ticket Office is a bureau of railroad information. Make your wants known there, or write to me.

GERRIT FORT, Passenger Traffic Manager
Omaha, Nebraska
