PLATTE CENTER

From the Signal.
Mrs. Henry Jansen, who had been a patient in the Columbus hospital for four weeks, returned home last Saturday much improved in health.

The home of Joe Schumacher, north west of town, was placed under quarantine for diphtheria last Saturday, his six-year old daughter having contracted the disease. The case is very mild.

While returning last Thursday from the home of her parents, Mr. and Mrs. Davis Williams, Mrs. Owen Perry had the misfortune to fall from the horse which she was riding in such a way as to fracture her left shoulder blade.

Joe F. Dowd, formerly cashier of the Farmers State bank, returned to his home at North Bend Monday, to join his family at that place. At a meeting of the board of directors of the bank Monday Mr. John Higgins was chosen bookkeeper and general assistant to Cashier Homer.

Mrs. John Prorok passed away at her home west of town Sunday, March 25, at 1:30 p. m. She had been enjoying her usual good health until one week before she died, and the announcement of her death came as a sad surprise to all who knew her. Her maiden name was Mary Galus, and she was born at Pilsen, Poland in 1851. At the age of 27 she married John Prorok. They came to America in 1880, coming to Nebraska and settling on the farm where she died. The deceased was a good woman. Like many others she endured the privations and hardships of pioneer life. She was ever ready and willing to lend a helping hand to those in the community who were afflicted in sickness or death.

HUMPHREY.

From the Democrat.
The State Capital says that Packy Duddy a former resident of Platte county who was once elected a member of the board of supervisors of Platte county, and afterward cherished an unrequited ambition to go to the legislature, came within one vote of being elected mayor of Cheyenne. Packy's old Platte county friends will be glad to hear of his popularity in his Wyoming home, as he was one of the most extensively known men in this county twenty odd years ago.

A number of towns in the state are organizing walking clubs. That is the rational method of taking exercise and for getting real pleasure out of traveling. Shank's mare has automobiles and flying machines beat to a finish. You may not get over ground so fast but you see more of the country at close range, improve your health wonderfully and are in no danger of blowing up or turning turtle. All the riding up you need can be obtained at some stray pump and the only repairs necessary is an occasional pair of new shoes. Let us organize, brace up our constitutions and give the shoemaker a lift.

The Elk Baseball League is a new baseball league formed at Senricton this week, and is composed of teams from the following towns: Hooper, Howells, Dodge, Snyder, Clarkson, Humphrey, Lehigh and Lindsay. Each town is required to put up a forfeit of \$75 in the general fund, as a good faith guarantee that they will remain in the league during the season. The league ball on business is here will form a stock company and hand themselves to raise \$100 per month so we can look forward to seeing some fast ball games the coming season. Everyone should do their best toward making the Humphrey team a winner. For a good ball team means a good advertisement for the town. The club will hold a meeting soon to elect a manager and officers, and the league will be organized.

see a schedule of the season's games in the near future.

MOORE.

From the Republican.
Fred, Kenneth and Robert Strother of Columbus have been spending their vacation with relatives in Monroe and vicinity.

Charles and Miss Minnie Nunnally left Tuesday for an extended trip in the west, where they may conclude to locate. Their first stop will be at Denver.

Mrs. S. E. Gates of Council Bluffs, Ia., accompanied by Nellie and Bertha Volz, daughters of Alex. Volz, arrived Friday for a short visit with relatives and friends.

Miss Helen Williams returned last Saturday from a visit with her sister in Wisconsin. She returned by way of Lake Crystal, Minn., where she stopped for a few days with Mr. and Mrs. Hugh Edwards.

Miss Hazel Engleman of Grand Island was visiting her brother, Prof. Engleman, the last week. Miss Engleman will probably be an applicant for a position in Monroe schools during the coming year.

Mrs. Lizzie Dankelbarger of Scotia arrived Thursday for a visit with old time friends. Mrs. Dankelbarger will be remembered as Lizzie Sanford, and resided east of town with her parents for about fifteen years.

A number of the old time settlers of Okay and vicinity gathered at the home of Ezra Fellers Friday of last week to help him celebrate the 80th anniversary of his birth. Numerous useful presents were given Mr. Fellers by the guests and all present spent a pleasant day.

Monroe came very near having two fires during the high wind of Wednesday evening. At the Presbyterian church the careless handling of the gasoline in the lighting plant came very near starting a blaze, and the alarm was turned in. The fire was gotten under control, however, before the firemen arrived. About the same hour an unruly lamp in the Methodist church caused considerable excitement, but it was carried to the street before there were any serious results.

LINDSAY.

From the Post.
Minnie Thomas came up from Columbus the latter part of last week to keep house for her brothers, Joe and Nick.

The Holy Family School has been closed all week on account of the sickness which has been spreading around the city.

A deal has been made this week whereby the present editor of the Lindsay Post steps down and out of the editing and management of the newspaper work in the best little town in the State of Nebraska. I will add that I am still proprietor of the Post but have leased the same to Mr. W. A. Nutt of Oklahoma, a man with several more years experience in newspaper work than myself and probably a more able writer and workman.

ST. EDWARD.

From the Advance.
John Zimmermann was in Columbus Monday evening to attend a special meeting of the Son of Herman.

Art Stevens went down to Columbus hospital yesterday where next Monday or Tuesday he will submit to an operation for appendicitis.

Senator Smith reported splendid progress as being made on his anti-mortgage taxation bill, and before the close of

the present legislature Nebraska will be legally relieved from the injustice of paying a double tax on their land. This is by far the most important bill before the present legislature and Senator Smith is to be congratulated upon his good sense in introducing it as well as the efficient manner in which he has conducted the campaign for its passage.

At a special meeting of the Commercial Club Wednesday evening the proposition for an auditorium was again considered. The Gunther & Needham building was offered to the Club for \$7,500 and this proposition will be discussed by the people who have already subscribed toward an auditorium. Thus far no definite action has been taken as not enough has yet been subscribed to close a deal.

GENOA.

From the Times.
Walter Uytoskie, who has lain all winter with what was said to be consumption, is much improved at this writing. The Catholic priest and L. A. Riley took it upon themselves to solicit and make arrangements to get him in the hospital at Columbus, the village assisting. Hope of a speedy recovery is entertained.

Mr. and Mrs. D. O. Davis, accompanied by their son, John R., departed for Monrovia, California, Monday where they have concluded to make their permanent home. The elder Davis is an invalid, having suffered for years with asthma, and the change of climate is made in the hope that it will benefit his health.

M. S. Binney, formerly editor of the Fullerton News-Journal, has bought the job printing business of Richard Ramey, of Columbus. The Tribune of which Mr. Ramey was publisher, was sold a month ago to A. J. Mason, formerly of Genoa, and he and Mr. Binney have formed a partnership and will conduct a general printing business.

From the Leader.

M. S. Shelby, who has held the position of industrial farmer at the Indian school the past year, has resigned and departed with his family the first of the week to return to his former home in Ohio.

Sheriff Peterson came down from Fullerton Tuesday and took Joe Newell to the county seat for the purpose of having him examined by the insanity board. It seems that Newell has been subject to attacks of insanity, or fits, or something of the sort since childhood, and of late years they have increased. He had an attack several weeks ago during which he lay unconscious for several hours, and then became very violent, and the last of the week he was brought in from the country suffering from another and had to be strapped to his bed in order to control him.

Sheriff Peterson came down from Fullerton Monday afternoon and arrested George Kretz for desertion of his family. This is a case that has stirred the people of our village for the past six months to a great deal of indignation. Kretz has a wife and two small children which he deserted last fall, and has been in hiding during the entire winter from fear of arrest, a warrant having been sworn out against him last fall. Mrs. Kretz finally started divorce proceedings, through Geo. F. Ross, the case coming up at the last term of court, but when it was found that there was no way of compelling him to support his family, except to ask for alimony and jail him for contempt of court if he refused to pay, the case was withdrawn, and criminal proceedings were commenced against him. The penalty for an able bodied man refusing to provide for his family is a penitentiary offense, and unless he secures bonds for the support of his family, he will have to take his medicine.

ALBION.

From the News.
Wolf Bros. & Kennedy are doing a nice business with their imported horses. In the last ten days they have sold sixteen animals, shipping them to all parts of the state. They took eight head down to Columbus last week right to show them during a big sale. They sold seven of them. This week they will take a string down to Fremont where there is a big stock sale, and will probably dispose of a number.

NOTICE TO CONTRACTORS.
Sealed proposals will be received by the Secretary of the Board of Education of the city of Columbus, Nebraska, on or before 7:30 p. m., April 29, 1911, for the repair and alteration of the Columbus High school building. Proposals to be considered must be accompanied by a certified check equal to three per cent of the bid. Plans and specifications for said work may be seen at the office of Wurdeman & Grabe, Architects, Columbus, Nebraska. The Board reserves the right to reject any and all bids.
DR. E. H. NACKMANN,
Secretary.

THE FORD T IS THE QUALITY CAR

ALL VANADIUM STEEL

5- Passenger Touring Car Only \$780 Fully Equipped - F. O. B. Detroit

The value and life of a motor car depends first on the design and second on the quality of material that is put into the car. Motor car value is service, long life, durability and comfortable riding—all items that give satisfaction to the owner. Building a car of cheap materials is like the man who built a house upon the sand—the rain and storms came and his beautiful home was soon destroyed. The wear and tear of everyday usage is the storm that will soon tell on the motor car. If its design is right and the material is of the best it will stand the strain, if cheaply built its life, like the house on the sand, will be but a short one.

Ford Model T cars are like the house built on the rock—they endure all manner of strain and give the best of use to users. Nothing but the strongest of materials is ever put into Ford cars; Vanadium steel, for instance, acknowledged to be the best. Before you buy, study the design and simplicity of a Model T. It is built for comfort, service and long life. 40,000 T's in use today prove it. Write for catalog.

Our cars come direct from the factory to Columbus, thus giving assurance that the car you buy has never been run a mile under its own power until you drive it yourself.

GOTTBERG AUTOMOBILE COMPANY Columbus, Nebraska

SHELBY.

From the Sun.
Miss Kate Branigan was operated on for appendicitis at the Columbus hospital Wednesday. She was doing nicely at the last report.

Shelby relatives and friends of Mrs. Wynona Lamb, formerly Miss Wynona Snider and a resident of this place, were shocked last Saturday evening when the news came that she had suddenly died. The facts in regard to this sad affair are taken from the Lincoln Daily Star and are as follows: "To prove her love for her youthful husband, Mrs. Wynona Lamb, aged 17 years, fatally shot herself near the Lincoln sanitarium at Fourteenth and M streets Saturday evening after failing to 'make up' with the husband, Orrin Lamb, a student at the university dental college. 'Here is my picture,' said the girl as she thrust a likeness forward. 'Now promise to give me a picture of yourself, and kiss me,' and as the husband turned away after the kisses she drew a tiny revolver from her shopping bag and fired a bullet into her heart. The youth and several pedestrians carried the frail body into the sanitarium where without regaining consciousness she slipped into death while he described the events leading up to tragedy.

OSCEOLA.

Lincoln Enoyart has moved to a farm near Fullerton and was married on Wednesday of this week to Miss Nellie Peterson of that place. Mr. Enoyart will figure as about the youngest bridegroom of the season as he still looks some months of being eighteen. All his old friends and neighbors unite in wishing them much happiness and prosperity in their new home.

From the Record.

Frank Keller writes the Record from El Paso, where he has been sojourning for several weeks. He says that the only contraband goods that there is in that neighborhood is rubber and that is mostly by Americans rubbering across at the insurgents, in the neighborhood of Juarez. Frank expresses no opinion as to the merits or demerits of the insurgent scrap and leaves us to draw our own conclusion. However, as the American policy is to remain neutral we withhold our opinion, with one reservation, and that is that we sincerely believe that humanity would be receiving proper treatment if the U. S. troops were to go over and clean out both bunches.

From the World.

Mrs. Ed Wanek went to Omaha Tuesday, and on her return home that evening was accompanied by her husband who is recovering nicely from his recent operation for appendicitis.

From the World.

Edwin Devine Roberson son of Thomas and Mrs. Martha Roberson was born March 10, 1885, on a farm near Fremont. At the age of one year he removed with his parents to a farm near Leigh where he grew to early manhood. On September 2, 1910 he was united in marriage to Miss A/ta Finch of Omaha. The last five years of his life were spent in Omaha where he held a position as street car conductor. He died in Omaha on March 23, 1911, after an illness of pneumonia lasting eleven days.

From the World.

George Hook, of Oreston was the victim of a sad accident on Wednesday eve-

winter for hunting purposes by Columbus parties and will move it up to the farm yards and convert it into a granary.

Beginning with its next issue, April 6, Sand will be printed all at home. It may not always contain as many pages in the near future as it has in the past, but what it does contain will be all selected matter without the big run of rot and patent medicine advertisements that it has been forced to carry in its ready printed pages.

The building which has served Silver Creek as a school house for nearly a quarter of a century was sold at public auction Thursday. C. R. Metzger purchased it for the sum of \$300.00. Mr. Metzger has not decided what to do with it, but will probably wreck it. The building served a good purpose for many years but a new larger and better building has taken its place.

E. J. Zimmerman of Polk county was hauling manure on his farm last Friday afternoon, and discovered a bunch of wild geese in a field near his home. He got his faithful old shotgun and walked and crawled through sandburrs for about 500 yards, shot 3 times and killed 6 geese. They were so big that he was unable to carry them all the way to the house and had to call on his children for assistance. This beats the record reported by himself as being made by Percy Reed last week. The geese reason seems to be over or we would be afraid to loose our reputation for being a great truth telling paper before all the hunters were heard from.

From the Sun.

Mrs. Roy Crosby, the only surviving victim of the hotel explosion at Niobrara was brought up from the Fremont hospital last Wednesday. She will stay for the present with Mr. and Mrs. J. Binder Mr. Binder went to Richland and met the local train going west in the forenoon and took her to his home where she will be cared for. She has not fully recovered but is improving rapidly.

From the Sun.

Mrs. Theodore Coles secured a divorce from her husband in the district court last Friday afternoon on the grounds of drunkenness. The property all being in her name a settlement was made before the case opened that she was to give him \$1,000 in cash as his share.

From the World.

On Saturday forenoon Emil Jaworski and Lena Ewert of Richland and William Spieker of Columbus with Katie Schalk of Richland came to Schuyler and appeared before County Judge Fiala who repeated the solemn words which made the young couple husband and wife. They returned the same forenoon.

From the World.

Mrs. Ed Wanek went to Omaha Tuesday, and on her return home that evening was accompanied by her husband who is recovering nicely from his recent operation for appendicitis.

From the World.

Edwin Devine Roberson son of Thomas and Mrs. Martha Roberson was born March 10, 1885, on a farm near Fremont. At the age of one year he removed with his parents to a farm near Leigh where he grew to early manhood. On September 2, 1910 he was united in marriage to Miss A/ta Finch of Omaha. The last five years of his life were spent in Omaha where he held a position as street car conductor. He died in Omaha on March 23, 1911, after an illness of pneumonia lasting eleven days.

About ten o'clock, that evening he was returning home from the farm of his brother, Job, who died at six o'clock and when near town his team became unmanageable and ran away. He was thrown from the vehicle and his back was broken. Mrs. Hook was thrown out and sustained a severe gash on her head, it being necessary to take four stitches to close the wound.

HOWELLS.

From the Journal.
Last Thursday evening great consternation was felt for the whereabouts of Gustav Meyer and Frank Karel, both little fellows of about seven years of age. They had not been seen since noon, and when supper time came and they were still missing a searching party was organized. Anton Zvacek, who has been in town and heard of the children's disappearance, was driving along about a mile east of this place at about ten o'clock when he met them on the road. He picked up the little homesick, hungry, cold and befeathered truant who were trudging along in the snowstorm and brought them home. It seems that the little fellows decided at noon to go fishing instead of going to school. They walked along the railroad track until within about a mile of Dodge, then wandered into a cornfield in quest of the creek and could not find their way out again. When they finally did it was nearing night and they decided they would not take the time to hunt any longer as the desire to go fishing had left them and they became anxious to get home as quickly as possible. This they were doing, although they had no definite idea of direction, when Mr. Zvacek came to the rescue.

Put Out.

Seymour—Aren't you living in the fat any more?
Ashley—No; the landlord evicted me because I was practicing deep breathing.
Seymour—That seems like an absurd reason.
Ashley—It wasn't absurd, however; expanding my chest pushed out two or three of his partitions.—Philadelphia Bulletin.

Portuguese in America.
Probably the deposed king of Portugal doesn't know it—for he is not credited with being much interested in his subjects, much less ex-subjects—but there are 50,000 of his countrymen in the United States. Massachusetts runs strong with them, having about 15,000. Little Rhode Island has 3,500.

WHY HESITATE?

An Offer That Involves No Risk For Those Who Accept It.

We are so positive our remedy will completely relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.

Constipation is caused by weakness of the nerves and muscles of the large intestine or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity. We want you to try Hexall Orderlies on our guarantee. They are eaten like candy, and are particularly ideal for children. They act directly on the nerves and muscles of the bowels. They have a neutral action on the other organs or glands. They do not purge or cause any inconvenience whatever. They will positively overcome chronic or habitual constipation and the myriads of associate or dependent chronic ailments. Try Hexall Orderlies at our risk. Two sizes, 10c and 25c. Sold only at our store—the Rexall store. Pollock & Co., corner 13th and North streets.

DON'T BE BALD.

Nearly Anyone May Secure a Splendid Growth of Hair.

We have a remedy that has a record of growing hair and curing baldness in 93 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so certain Hexall "33" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair, and grow new hair, that we personally give our positive guarantee to refund every penny paid as for it in every instance where it does not give entire satisfaction to the user. Hexall "33" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. Two sizes, 50c and \$1.00. With our guarantee back of it, you certainly take no risk. Sold only at our store, the Rexall store. Pollock & Co., corner 13th and North streets.
