ABOUT OUR NEIGHBORS AND FRIENDS CLIPPED FROM OUR EXCHANGES

LINDSAY.
From the Post.
Miss Lyons returned from her home at Columbus to resume her duties as primary teacher in the public school.

MONROE.
From the Republican.
Misses Susie Smith, Anna Potter and Stella Rhodes were Columbus visitors Saturday.

First-time marriage bans for John Englehart and Eunice Puffelman were published in the Holy Family church last Sunday.

J. D. Stires of Columbus was in Monroe the first of the week looking after his farm, east of town.

John Sweeney who has been ailing for some time went to the hospital at Columbus for treatment. An operation might be necessary.

Prof. Engleman and Miss Elsie Adams attended the Teachers' Association held in Columbus last Saturday.

Wednesday was a great shipping day, nine of our farmers shipped twelve carloads of cattle and hogs to Omaha. This was the largest shipment that ever went out of Lindsay at one time.

Mr. and Mrs. Wm. Webster returned home Sunday, after spending several weeks with relatives at Springfield, S. D.

Quite a gathering of busy women who are members of the Ladies Aid Society, took it upon themselves to clean the M. E. church and also to carpet the aisles with new Brussels. Many compliments were expressed upon their good work.

Mr. and Mrs. Wm. Sumption and daughter Ethel of Schuyler, Mr. and Mrs. Ray Griffin and Ethel Dorr of West Hill were over Sunday guests at the home of Mr. and Mrs. L. M. Clayburn.

SILVER CREEK.
From the Standard.
Word comes from Columbus that John Lundgren who recently had an operation performed at the hospital there is slowly improving. Mrs. Lundgren is still in Columbus.

Miss Aleda Keaton of Columbus, who was elected assistant principal of the Monroe schools by the board of education, will not accept the position, as she has decided not to teach the coming year. She was offered her present position in the Columbus school, for the coming year, but declined it.

Although he was not feeling very hungry last Sunday, it being Easter, John Sanders thought it to be his bounden duty to stow away a few hen's eggs. To what his appetite he started in with five raw ones, and then set a cook to work and cleaned up the rest of the supply on hand, which was only a little matter of 13 more, making 14 dozen in all. He was on hand for the next meal as usual.

One of the first matters to be taken up by the new village board, which will organize the first Monday in May, will be the regulating of the stacking of hay and straw, etc., in the village limits. During the winter just passed there have been several close calls from fire owing to this practice, and a resolution or ordinance covering this will be passed so that all may have ample time to make arrangements before the cold weather next fall. And in this connection it is understood that the board will order a general cleaning up of all the streets and alleys during the coming month.

About 1 o'clock Thursday afternoon Wm. Kiley was coming to town with a load of haled hay to put in a car which he was helping Jesse Gilmore to load. When about the Murray farm a freight train passed him and pretty soon he discovered that the hay under him was afire. He kicked a few bales of hay off to see if he could not stop the fire, but it was impossible. Then he started into save the team and succeeded, but part of the harness was burned before he got the horses loose. The loss foots up to about 2 tons of hay, a wagon, a new hay rack and part of the harness.

Edward and Fred Hengler, who have been making their home with their sister, Mrs. Joe Schumacher, and attending the parochial school since last September, returned last Saturday to their home at Stockville, Neb.

GENOA.
An exchange publishes the following notice: "Married at Filmore, by Rev. Windstone, Mr. Nchemuh Sandstone and Miss Wilhelm Whetstone, both of Limestone. Look out for Brimstone."

Invitations are out for the marriage of Minnie Peterson and Mr. Chas. Groenicklaus which will occur April 26th, at the German Lutheran church, northeast of town.

Twenty five years ago, when Nels Skoug was working as a common laborer, he walked to a point six miles up the St. Edward road, dug 100 post holes at 50 per hole and returned to town in time for supper.

Edward and Fred Hengler, who have been making their home with their sister, Mrs. Joe Schumacher, and attending the parochial school since last September, returned last Saturday to their home at Stockville, Neb.

Twenty three years ago Peter M. Olson came to America from Sweden and went to work as a section hand on the U. P. railroad. He saved his money and rented a farm. Later he bought 50 acres on the Looking Glass and thirteen years ago bought a quarter section three miles west of town. He prospered, and four years ago invested his surplus capital in a half section six miles west of Genoa, but continued to reside on the home place. A year or two ago he leased his half section to his son, John, and this year his second son, Alfred, took possession of the home place. Monday Mr. and Mrs. Olson left the farm and moved into their new home recently erected on lots east of D. A. Willard's residence, and in order to celebrate the event invited a number of their friends to a house warming on the day they took possession.

Leslie, the eldest son of Mr. and Mrs. Ed Jones, while walking across the dam back of the water works plant, across Elm creek, fell off the plank last Saturday and broke his left arm between the wrist and elbow. Boys, and some of their good sized ones, take plenty of chances around that dam, and it is a wonder that something worse than this has not happened before now.

After a sojourn for the past three months at the home of her sister and brother-in-law Mr. and Mrs. William Brunken, at Lahoma, Oklahoma, Miss Cecelia Peterson returned home last Saturday evening. Miss Peterson reports the Brunken family enjoying good health and as well pleased with their new location in Oklahoma. Since they moved to Oklahoma last fall the stork has visited at their home and left them a fine baby girl.

Friday morning of last week word was received here from Clarkson of the shooting of Adolph P. Filipi of Clarkson. About nine o'clock in the morning he was found dead on the road leading from Clarkson with a shot gun laying near by. The coroner was called for to investigate—he being out of town, Sheriff Kandle went up and held an inquest. The jury found that Filipi came to his death by a gun shot wound from an unknown cause. It could not be definitely determined whether he committed suicide or met with an accident.

Some time ago we mentioned in the columns of this paper a certain hole north of Schuyler that is of interest to the archaeologists. Mr. Gilder, of the Omaha World-Herald, has sent us the following description taken from Major Long's book: "Near this stream we examined a great excavation in the brow of a bluff to which the name 'Pawnee Medicine' has been applied in consequence of its being an object of superstitious reverence to the people of that nation. It is evidently an artificial work and the product of much labor being about 300 feet long and 100 feet wide and 20 feet deep. The origin and object is involved in mystery and the Pawnee cannot at this date 1820 give any rational history of it. An entire nation may have here defied the efforts of some army of an extensive coalition." Taking their map showing where they crossed Shell creek this point should be in a straight line north from Schuyler. That is to say if you drew a line directly north of Schuyler that line's intersection with Shell creek would show where the crossing was made and the excavation must have been in that neighborhood. It would be a good idea if farmers in that locality were interviewed about this excavation. Perhaps they have seen it and have thought it was a natural hole.

CENTRAL CITY.
From the Nonparcil.
The county board of supervisors yesterday afternoon fired the opening gun in the campaign for a new court house for Merrick county when they unanimously adopted a resolution calling a special election for May 31 to vote \$100,000 bonds for the purpose.

COMING
TO COLUMBUS
ASSOCIATED DOCTORS, SPECIALISTS, WILL BE AT THE THURSTON HOTEL
Monday and Tuesday, May 8 and 9, and will remain

HUMPHREY.
From the Democrat.
Sunday evening while returning from a neighbor's in the north part of town, two Humphrey ladies were stopped by four men who after using the most insulting language to them threw some burning fluid in their faces. The women made their escape into a residence nearby and the gang after swearing vilely at them passed on. The ladies did not recognize any of the men and it is thought they are some of the transient hoodlums that have infested the town lately. Several instances have been reported lately of women being frightened by unknown miscreants.

A handsome granite monument is to mark the old "lone tree." This week the monument ordered by the county board of supervisors arrived and was placed in position under the direction of the Deech Marble Works, through whom it was ordered. The big stone is now in position, but no ceremony attended its placing. That feature of the marking of the historic site will follow later.

TWO DAYS ONLY
Remarkable Success of These Treated Physicians in the Treatment of Chronic Diseases.

Carl Wellhausen met with a peculiar accident Sunday evening while engaged in a friendly scuffle on the street with Law Elder. While the men were scuffling Elder's fist came in contact with Wellhausen's face with the result that the cheek bone was broken in three places near the eye cavity. The accident was not noticed at first, but during the night Carl suffered intense pain from the fracture so the next morning he, Dr. LeMar and John Eckholt went to Columbus to the hospital in the latter's automobile. After having his face fixed up in proper shape Carl returned home that day and is now recovering nicely.

Sheriff Her was called to the Kingston home west of town Sunday evening to take into custody the aged mother of John Nobity who had wandered from the home of her son during the afternoon. Mr. Her brought the woman to town and later Mr. Nobity called for her and took her home. She is ninety years of age and unless closely watched is liable to wander from home. Although ninety years old she walked the entire distance from the Nobity place to the Kingston farm, a distance of six miles.

OFFER THEIR SERVICES FREE OF CHARGE
The Associated Doctors, licensed by the state of Nebraska for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charges whatever, except the actual cost of medicine. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

Mrs. Rohartch an elderly lady who lives east of town met with a severe accident Monday evening, while driving to town with one of her sons. While going over a crossing one of the lines became unfastened and the horses started to turn around. Mrs. Rohartch jumped out of the buggy safely but in attempting to fasten the line was kicked in the shoulder blade and arm by the frightened horse and sustained a double fracture. Mrs. Rohartch was then brought to town and taken to the Columbus hospital on the freight, where she has since remained. News from there says that her arm and shoulder are still so badly swollen that the physicians find it impossible to reduce the fracture, but it is to be hoped that this condition will not last long.

Herman Becker, of Grand Island, paid \$100 last week to the parents of Cecil Brayton, a little boy whom he ran over with his auto a couple of weeks ago while on a trip to Buffalo county. The money was paid voluntarily, but a friendly suit was brought in the district court of Buffalo county to ratify the settlement. It was agreed by all parties that the death of the boy was the result of an accident, but from the first Mr. Becker showed his willingness to make all the amends possible for the sad affair.

These doctors are considered by many former patients among America's leading stomach and nerve specialists and are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard indeed to find the dividing line between skill and miracle. Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys or bladder, rheumatism, sciatica, diabetes, bed-wetting, leg ulcers, weak lungs and those afflicted with long-standing, deep-seated, chronic diseases, that have baffled the skill of the family physician should not fail to call.

Bruce Hower, three-year-old son of Mr. and Mrs. Harvey Hower of Polk county, while following his father in the field one day last week fell into burning cornstalks. His limbs were literally roasted before relief reached him. Death resulted in a few hours. His father was burning corn stalks in the field when the accident occurred.

Friday morning of last week word was received here from Clarkson of the shooting of Adolph P. Filipi of Clarkson. About nine o'clock in the morning he was found dead on the road leading from Clarkson with a shot gun laying near by. The coroner was called for to investigate—he being out of town, Sheriff Kandle went up and held an inquest. The jury found that Filipi came to his death by a gun shot wound from an unknown cause. It could not be definitely determined whether he committed suicide or met with an accident.

Deafness often has been cured in sixty days. No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit this time costs you nothing and may help you.

Monday afternoon about 4 o'clock fire consumed the barn belonging to Elias Eberly, northeast of Wellwood. Luther Buffalo, who has been working the Eberly farm for a year or more, lost three head of horses in the fire, two calves, all his corn crop, all his oat crop and about twenty tons of hay. In all Luther's loss is about \$1,200, which is a hard blow on him, as he did not have a cent of insurance on anything. Luther, we learn, was burning corn stalks south of the barn beyond a little hill, and did not see the fire until the building was about to fall in, neither did any of the family. Mr. Eberly's loss on the barn is about \$1,000, on which he has a small insurance.

Some time ago we mentioned in the columns of this paper a certain hole north of Schuyler that is of interest to the archaeologists. Mr. Gilder, of the Omaha World-Herald, has sent us the following description taken from Major Long's book: "Near this stream we examined a great excavation in the brow of a bluff to which the name 'Pawnee Medicine' has been applied in consequence of its being an object of superstitious reverence to the people of that nation.
