4½ Hours Cut from the Time TO CALIFORNIA

New schedule for the San Francisco
Overland Limited, in effect Monday, May
29, saves half a business day between Miss-
ouri River Points and San Francisco.

This record-breaking time is made pos-
sible by the short line, double track, few
curves and low grades of the

Union-Southern Pacific Standard Route of the West

Protected by Electric Block Signals
Excellent Dining Cars
Ninety-pound steel rails and a Sherman
ballasted roadbed, smooth and solid as a rock,
further contribute to speed. These are the
essentials of travel comfort.

The San Francisco Overland Limited is
the finest train in service to California—and
now the fastest.

lisher of the Wayne Democrat, has
sold out his holdings in Nebraska, and
gone to California to make a new home.
Mr. Goldie and his family were in
Columbus Sunday afternoon on their
way to the west. He has not decided
what line of industry he will pursue,
but he has a number of friends in
Platte county who will wish him well.

The circus day has come and gone,
and the small boy is telling all about
how the clowns acted and the people
were met at the doors of the tent by
the special reception committee to es-
cort the ladies and gentlemen to their
seats. No evening performance was
given on account of the presence of
other attractions in the city, which
would probably have made it a losing
proposition for the circus manage-
ment.

Tonight is the night set for the big
firemen's smoker, at which the hono-
rary members of the department will
entertain the active members at Or-
pheus hall. Mayor Heid, who is also
chairman of the committee in charge,
suggests that the people be reminded
of the event by the taps of the fire
bell and by a series of five short blasts
of the fire whistle, which will call the
attention of the guests to the fact that
the night has arrived. A big time is
assured, as there are nearly three
hundred firemen, active and honorary,
and all in reach will be there.

Congregational Church.

Christianity is presented in the gos-
pels as a simple life. Traditions have
clouded it and made it hard. We have
thrown christianity out of its natural
realm into philosophical speculation.
With no stretch of imagination or by
violence to man's larger nature he
may have faith in all the claims con-
cerning himself. Man may not be
able to understand just how God was
the father of Christ, the mode of
Christ's baptism or whether he ap-
peared after his resurrection in a
fleshy or spiritual body but he may
know the larger facts concerning him
—that he was kind, thoughtful, helpful
and devoted to truth. He may also
understand that to follow Christ is to
be what Christ was.

The important for every one is not
to understand the hidden mysteries of
our Lord but to cultivate those graces
which he exemplified unto death.

The Pastor of the Congregational
Church will speak next Sunday even-
ing from the subject: Life without a
Handicap. The morning theme will
be: The Imperious Christ.

We extend to you a cordial invita-
tion to worship with us.

WILLIAM L. DIBBLE, Minister.

The Sophomores Entertain For the Se- niors.

Monday evening at the High School
building, the Sophomores entertained
the High School in honor of the Se-
niors. The building was appropriately
decorated, the upper floors being
turned into a gypsy camp-ground with
its fortune-teller and its gorgeous
tents. On the lower floor a summer-
house surrounded by flowers was the
main feature. The landings were con-
verted into cozy corners and also
served as bowlers from which punch
was served during the evening. Miss
Anna Bonner and Harold Sloan pre-
siding at the punch-bowls. A banquet
was served in the gymnasium, which
was decorated in the High School col-
ors, maroon and white. A large
shield of the same colors with "Se-
nior" across the front was suspended
from the curtain at the front of the
room. Eight tables were placed in
this room, the Senior and Faculty,
and speakers tables forming the center.
Prof. Campbell served as toast-master
of the evening. The following re-
sponded to toasts, Martha Wooley
"Fits and Misfits", Clara Covert was
unable to give her subject "Hit or
Miss", Everett Welsh "If I were a
Soph", "When I am a Senior", James
Colton, "Simons says, Thumbs up",
Lester Dibble, "Reminiscence" Neva
Munger, Faculty, Miss Mistriet. Prof.
Collett was called upon and gave a
impromptu speech.

"IN A BAD WAY."

Many a Columbus Reader Will Feel
Grateful for This Information.

When your back gives out;
Becomes lame, weak or aching;
When urinary troubles set in,
Your kidneys are "in a bad way."
Doan's Kidney Pills will cure you.

Here is local evidence to prove it:

Mrs. C. A. Beardsley, 1710 Olive
street, Columbus, Nebraska, says: "In
July, 1907, I gave a public statement in
favor of Doan's Kidney Pills, saying that
a member of our family who had suf-
fered from lame back and disordered
kidneys, had used this remedy with
marked success. For some time this
person had been troubled by sharp
pains in the sides and loins and no
doubt, the misery was caused by a
strain. Doan's Kidney Pills, procured
at Pollock & Co.'s Drug Store, proved
to be just the remedy that was needed
and it did not take them long to bring
relief. The person of whom I am
speaking, has taken Doan's Kidney
Pills since then and they have always
proven effective. I, too, have used
Doan's Kidney Pills and think very
highly of them."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—and
take no other.

Underwood Standard Typewriter

A LEADER

The principal of construction in the Underwood was
found first in the Underwood, and every typewriter seeking
business in the same field with the Underwood which
has been put on the market since the advent of the Under-
wood, has been an imitation of, and in general appearance
like, the Underwood.

The last "Blind" advocates of importance have now
fallen into line, and there is not to-day a single "blind-
writing" typewriter actively on this market. Recall all
the arguments you have heard in past years by Underwood
opposition, and you will realize what an advance agent of
progress the Underwood has been; then bear in mind that
the Underwood was the first fully "visible," has had time
to develop and improve, and is to-day the most perfect
typewriter made.
