An account is given in Monday's Bee of a reception, which was tendered by the Los Angeles young people, who were former students of the Nebraska State University. Miss Jaegg, a Columbus girl was on the program and won much praise.

County Attorney McElfresh has filed a complaint against Edward Higgins, Jr., charging him with assault with intent to do great bodily injury to Frank Sullivan at Platte Center last Saturday evening. We do not know the cause of the trouble, but Sullivan appears to have a badly lacerated eye as the result.

A merry crowd of young people spent last Sunday at Stevens lake, enjoying the boating and fishing. The fortunate ones were Clara and Theresie Kinze, of Council Bluffs, Lucy Tidsworth, of Omaha, Anna and Hattie Brodhaeffer, and Earl Gossard, John Speicher, Will Dawson and Floyd Snyder.

Mrs. H. B. Reed received a message this morning announcing the death of her brother Geo. W. Erb, of Central City. No particulars have been received only that the body will be brought to this city Saturday at one o'clock and will be taken to the Shell Creek church where services will be held.

The members of the German Lutheran church held a mission festival last Sunday in Ed. Acne's grove six miles north-west of the city. Rev. Orsted, of Malcolm, and Rev. Hensick of Madison, had charge of the services. The choir of Rev. Hensick's church rendered several selections, which were much appreciated.

After more than thirty years of active business life in Columbus, Anton Vogel will retire next week, having sold his bakery to Gus Plath. Mr. Vogel has been a resident of the city since 1879, and during that time has had few vacations and when the opportunity presented itself last week to make a sale it was quickly grasped. He has established a good trade as a result of his long years of effort. Asked as to what plans he had for the future, he said, "My only plan for the future, is to take a good rest, which I feel that I have earned."

O. H. Washburn and Karr & Newcomb are having a misunderstanding in regard to conditions at the lot on Thirteenth street on which the Karr & Newcomb office stands. It appears that last fall, Mr. Washburn leased a portion of his lot to them for their building and now, when he wishes to build, the trouble comes in. Karr & Newcomb have started an injunction suit against Washburn to prevent him from going ahead with the excavation and taking the soil out from under the building. They claim they have a written lease for two years with the privilege of three, and do not feel like giving up their site and their lease. Mr. Washburn, on the other hand declares that when he had the plans drawn for the new building, he made provision for suitable rooms for a real estate office in the basement. It is hoped that the gentlemen will be able to get together and that their misunderstanding will not stand in the way of a permanent improvement.

Carrying concealed weapons was the charge lodged against Dr. W. M. Condon, a prominent dentist of Humphrey, in county court Monday morning. The charge was sworn to by Marshal Frank Echolt, of that village. The whole thing is an outgrowth of a tournament held at Humphrey Wednesday and Thursday of last week and a street fair and carnival company were holding the boards there at the same time. Dr. Condon claims that a number of street women were there at the time and that some of them were using his private park as a rendezvous, and that he objected to it, and feeling that the police protations were insufficient took the matter in hand himself. No notice was taken of the matter until it was mentioned in one of the churches Sunday, when the marshal took exception to some of the statements made. The doctor also says that he drew the gun when the officer accosted him to prevent being assaulted. He waived preliminary examination and was bound over to the district court in five hundred dollar bonds.

Mr. and Mrs. Jerry Carrig attended a family reunion at Kearney Sunday, where they went to spend the day with Mr. Carrig's brother, C. C. Carrig, and sister Mrs. N. J. Gentelman. Monday morning Mr. Carrig returned home, while Mrs. Carrig went on west for an extended visit with relatives in the Pacific coast country. She went directly to Daisy, Washington, where she will visit her parents and other members of the family. From there she will go to Vancouver, British Columbia, to visit a sister, and thence down to Seattle, where another sister resides. On her return trip she will visit friends at Cheyenne, Denver and Colorado Springs, Colorado.

The relief fund in the treasury of the fire department has been increased thirty-five dollars during the past few weeks. It will be remembered that at the time of the Telegram fire on the night of June 10, considerable damage was done to the building, which was owned by R. S. Dickinson, and the adjoining building, owned by Messrs. Whitmoyer, Post and Gerrard. In recognition of the efforts of the department, Mr. Dickinson recently sent to Chief Galley a check for twenty-five dollars, together with a neat note telling what it was for, and a check for ten dollars was received from Whitmoyer, Post and Gerrard. The firemen have a special relief fund in which all money received from gifts of this kind are placed, and which are never used except for the relief of firemen who may become injured while on fire duty. The relief fund now has a balance of nearly five hundred dollars.

The fellow was caught peeping into some of the windows of the Miller home, but when he found that he was discovered he made a game attempt to escape, while Mr. Miller took up the chase armed with a stiletto. Miller overtook the marauder, and attacked him with the stiletto but was struck on the head with a club, which stunned him, and gave the fellow an opportunity to escape.

This office is in receipt of a copy for the program of the graduation exercises of the University summer school which were held last Friday at Lincoln. Among the members of the class we notice the name of Samuel Arthur Mahood, of Columbus, who has finished his Master's degree work in chemistry. Mr. Mahood has accepted a position as instructor in organic chemistry at Lawrence college at Appleton, Wisconsin, for the next year.

We always try to look on the bright side of things, and do not like to see anyone always looking at the clouds, but things in Platte county have come to the place where everybody would like to see a real leaky cloud. A number of farmers who have been in the city during the past few days report that it will be necessary to have rain at least by the end of the week in order to have even a half a crop of corn. One newspaper, in giving the official rain fall figures for that community up to July 1, as compared with other years, finds that there has been less rain this year by almost an inch than there was in the dry season of 1894. Of course, we have had rains and at times they were almost invaluable, and as a result a fair crop of wheat has been harvested. But the outlook for corn is certainly not encouraging right now.

Miss Martha Ernst of Schuyler was a Columbus visitor Monday.

Agnes Maguill, of Omaha, arrived today for a visit of a week with Anna Schilz.

Frank Savage, who is employed in Omaha, spent Sunday at home with his mother.

Mrs. A. F. Foot and daughters Helen and Effie, of Ogallala, were guests the last of the week of Mrs. Frank Robbins. The young ladies were returning from their school work in Chicago.

Suffering from an extreme case of cancer of the bladder, Fred Curtis lies at the hospital in a critical condition. Yesterday, he submitted to an operation, but his case is regarded as a very serious one.

Particulars in the case of the tragic death of Floyd Munger have been very meager. Practically no details as to how the accident happened have been secured, or probably ever will be known. He was frightfully mangled, apparently every bone being broken.

Mr. and Mrs. Thomas Dack are expected to arrive in the city Sunday on a visit to their son C. H. Dack, and family. A brother of Mr. Dack, Fred Dack, and wife, of Galva, Illinois, arrived in the city last evening for a short visit, being on their way home from a visit to California.

Syphrian Nisson, of Platte Center, died at the hospital Saturday forenoon, of uremic poisoning. He was a native Denmark, and sixty-one years old. The body was shipped to Platte Center Saturday evening, and the funeral services were held there Monday, after which the remains were brought to Columbus for burial in the Columbus cemetery. The funeral services were conducted by Rev. R. Neumarker. He was a laborer and leaves a family.

Gottfried Ingold died very suddenly at his home in the east part of the city early Saturday morning. He arose in the morning, apparently well, and went out to a tent in the yard, where he was found some time later by members of the family and taken to the house, where he died soon after. Apparently death was caused by heart failure. He had been a resident of this city for about twenty years. He is survived by a wife and nine children, six sons and three daughters. He was born in Switzerland, July 5, 1872. The funeral was held at the German Reformed church Sunday afternoon, Rev. R. Neumarker conducting the services, and the remains were laid to rest in the Columbus cemetery.

Eight straight without a miss was the record of the Columbus team for eight days preceding the tumble of last Sunday. As a result, the team rose from seventh place to fourth and remained in the first division for one day. But Sunday the tide turned again and the game was lost to Seaward, and Monday and Tuesday they lost to York at York. In yesterday's game the score was close with Columbus in the lead until the last half of the last inning, when with two men out, and one on base a home run was knocked which reversed the score and took the game. The team will be watched with more concern and interest than ever from now on, to the end of the season on account of the fact that there are but five more weeks of the season. There is still time for Columbus to stand out and make a good showing if they have good luck. One game has been forfeited during the week, when last Friday, Empire Edwards threw the game between York and Fremont to York, on account of the insubordination of Manager Bennett, which has become chronic, as is admitted even by the Fremont Tribune. Both Fremont and Superior are making hard fights to maintain the supremacy, first he and then the other heading the list by a narrow margin. Just now, Superior is in the lead, but not so much so, but Fremont can get it back again in a couple of days with the conditions right. Columbus will be back home again Sunday for a series of twelve more games—three each with York, Superior, Kearney and Grand Island. The remainder of this week will be spent at Kearney.

Hyperopia Sounds Very Mysterious

—but only means that you are "far sighted," which indicates a flattening of the eye ball and lets you see well at a distance. This trouble puts an extra strain on the eyes for close work. It is the most common of all eye defects. Many young people see well at a distance and also close by for reading, but the eyes soon become tired, aching, burning hot eye lids, inflamed, headaches, etc.

Don't Feel Alarmed But Act on This Suggestion

—let me make a thorough examination of your eyes to determine whether you will be benefited by using glasses. If not, I will as frankly tell you so as to tell you the opposite.

You'll be treated fairly.
