

Reflecting Correct Autumn Styles

A Particularly Generous Gathering of Approved Fashions in Superior Quality

THIS EXTENSIVE EXHIBITION ought to prove keenly interesting to fashion devotees of this city, for, in our carefully selected stocks of Fall suits, coats and dresses, the authentic modes of the season are faithfully reflected to the most minute detail. Here will be found garments, the counterparts of which are being worn by the Fashion Leaders of New York and other style centers and you will find also, garments which will immediately impress you with their beauty and practical utility. The style note of the present season is the silhouette figure. The trimming effects have been borrowed from far East India and are strikingly brilliant in their color combinations. Buttons are highly favored. Slashed effects in skirts are another notable feature of the Fall styles—they have been designed in so many new and unique ideas that the effect obtained has won instant approval from all who have seen them. In the matter of materials—the rough weaves in mannish mixtures, cheviots, serges and Scotch effects will prove very popular. Nor must we fail to mention double-faced effects and the ever desirable broadcloth. All in all, our display is a True Reflection of the correct Autumn styles. You are invited to inspect it.

The Selection of Your Fall Millinery Here

IS MADE EASY AND A PLEASURE

**Infinite Care and Unsparring Pains Have
Been Taken in Assembling
Approved Models**

Autumn is not yet here, but she stands tiptoe at the door. Her heralds are to be seen on every hand and nowhere are they so much in evidence as in this progressive, up-to-the-hour millinery store. Here you have choice of many models that are built with a view to both service and becomingness. And whether you believe in being well to the front in style, as well as everything else, or if you are conservative in your ideas, you'll find just the millinery you want among these newest models that faithfully and authentically reflect the Fashion spirit of New York and other metropolitan style centers. The important question of cost has not been slighted. As a result of intelligent buying we now offer you more real millinery value than is generally expected at the very beginning of a season.

**It will be a real and Mutual Pleasure to
Introduce You to these Millinery Master
pieces. An Early Inspection is Invited.**

Munsing Underwear—We Recommend It

We find that somehow the Munsing Underwear pleases nearly everybody who gives it a trial. It's a common occurrence for customers to come in, and give the exact style and size worn previously, and make some remark about how splendidly the garments fit, or how long they wear, or how much they give in the way of real service and satisfaction. Because of its unusual durability and washability, we believe it's the most economical underwear you can buy. We recommend Munsing Union Suits unreservedly. They come in every required style and size, and cost no more than suits that are not so comfortable and satisfactory. Select your style and size while the selection is complete.
