

The Most Wonderful of Cars

The **FLANDERS "20"**

THREE-SPEED

Do you realize that the Flanders is a REAL automobile—that it carries a REAL guarantee and that you can REALLY buy it for

\$800.00 F. O. B. **\$800.00**
DETROIT

The Flanders "20" is a standard car—no freak ideas enter into its construction—has not the thin, flimsy appearance so noticeable in other cars of anywhere near its price. It is made of the same high grade material and with the same perfect workmanship as

The Famous **E-M-F. "30"**

The 1912 Line is Here Now.

Royal Italian Guards Band

The most famous musical organization in Europe, is now touring America, and the people of Columbus and vicinity are fortunate in having opportunity to hear this world-famed band.

Thursday, August 31,

is the date for the appearance of the Italian musicians in Columbus They will give two concerts, one in the afternoon, and also one in the evening, at

NORTH THEATRE,

the afternoon and evening programmes being entirely different. Tickets for the concert are now on sale at Pollock's drug store. For the afternoon concert the admission fee will be 35, 50 and 75 cents. For the evening concert 50c, 75c and \$1.00. In many cities people pay from \$2 to \$3 to hear this famous band. The reason for the low price of admission at this Columbus engagement is because the band had an open date for August 31, and is asking from Columbus people only such an admission fee as will cover actual expenses of visitation here.

WHO BUYS FORD CARS?

Is the possible sale of Ford cars limited to that portion of humanity unable or unwilling to pay more than the Ford price for an Automobile?

That's the question upon which the sale of many a Ford car rests. The answer is, No; decidedly, No! Men who can afford to pay many times more than \$830 for an automobile, buy the Ford for their personal use. They are sound, sensible, long-headed business men; men who have to be shown that quality is there, as well as low price. They form a large proportion of Ford buyers.

Gaston Plaintiff, New York selling agent of the Ford, can name many New York millionaires owning Ford cars. Tom Hay can give you a list of Chicago's swelldom owning this modest-priced car. Cannon Ball Rice of Seattle tells many a tale of wealthy westerners who dip lightly into their bank balance to buy "the car that got to Seattle first."

Let us tell you something—It's nine times as hard to sell an \$830 Ford to a man with only \$830 to spend as it is to sell to the man who has more—the man who could, if he would, pay more.

Now don't throw down your hat, and up your hands, and holler, "Of course, he can afford to be stung." The wealthy buyers of Ford cars never secured wealth by being stung. They don't spend money unwisely. They know the value of a dollar. They don't care what their friends think to see them driving a low-price car. It's motor value, service and satisfaction they are after. They know they get the maximum of value, service and satisfaction in the Ford at \$830.

We are now delivering the 1912 model Ford. Naturally it is a better car than the 1911 Ford, because progress is the standing maxim of the Ford factory, but the same old price will prevail.
