

Foreign markets and consumers keep more than one million and seven hundred thousand at work on the farms of the American Republic. And the number thus employed will constantly increase with the swiftly growing demand for our food exports in all parts of the globe.

The export of the manufactured goods of the United States, especially of implements made of iron and steel, also increases each year. It is safe to say that the number of people now supported in the United States in agriculture, manufacture and commerce by foreign markets, aggregates more than five millions.

The world's markets are *the* markets for the farmers, factories and transportation of the United States.

Rations are gratuitously distributed by the general government of the United States to the poor and forlorn in the streets of Havana. But the homeless and foodless in New York and other American cities are not fed that way because it is not permitted by the constitution.

Augustus F. Harvey, formerly a resident and prominent figure in the social and political life of Nebraska City, has recently been appointed the actuary of the German Mutual Life company of St. Louis and also the Kansas Mutual Life company of Topeka. Mr. Harvey has long been eminent and esteemed as a very capable and reliable adept in insurance.

The Affairs of Europe

are faithfully portrayed in the original and exclusive cable dispatches which THE CHICAGO RECORD prints daily from the leading capitals of the old world. This magnificent special service is in process of being greatly extended so as to include every important city in Europe; and it is supplemented by the full regular cable service of The Associated Press.

The Chicago Record, alone of all American newspapers outside New York city, now prints original and exclusive cable dispatches daily from the leading capitals of Europe.

"The Perfect" Sprayer.

Will spray the orchard as well as the potato patch.

Is the Best, the Most Effective, the Lightest, the Simplest, the Cheapest Machine on the Market.

Uses the least poison! Uses the least water! Never injures the plants! One pint equal to ten gallons! Works equally well with dry powder.

No Farmer, Gardener, Florist, Fruit Grower, or Poultryman can afford to be without this machine for one hundred times its cost.

For expelling and destroying potato bugs, cabbage, currant, tomato, tobacco and cotton worms, plum curculios, codling moth and canker worms, raspberry, strawberry, pear and rose slugs, striped flea beetle, cucumber and melon beetle, cattle, horse, hog and hen lice, clothes moth, dog fleas. It will also prevent mildew on grapes, plums, apples, peaches, cherries, berries, cotton, and all kinds of fruit and vegetables, when the proper remedies are applied with this machine.

The saving of material with this machine over any other will quickly pay for it many times.

A pound of poison in the pocket, a bucket of water in the hand, and a Perfect Sprayer, the farmer can go out and kill the bugs on a whole field of potatoes or other crops in one-tenth the time consumed in the old way.
