The Popular Personally Conducted Excursions

.. To ..

California and Oregon.

Special Attention Given to Ladies and Children Traveling Alone.

They are well cared for by the Conductors who accompany each of these excursions to California and Oregon, and passengers can depend upon receiving the most courteous treatment.

The Conductors are all men of experience in excursion travel, and will see that the comfort of all patrons is carefully attended to.

One of the Most Attractive Features of these Excursions is the Economy.

There is a difference between the first and second-class passage in railroad and sleeping car fares of nearly \$25 per passenger. This sum can be saved by patronizing the Union Pacific Personally Conducted Excursions.

The New Pullman Ordinary

Sleeping Cars assigned to this service were built expressly to accommodate the excursionists to California and Oregon.

All are Lighted with the famous Pintsch Light, are well ventilated, have separate lavatories for ladies and gentlemen, and all cars are carpeted and upholstered, with moveable partitions separating the sections, thus insuring all the utmost privacy.

No Smoking is Allowed in the excursion cars, there being A Smoking Car provided for that purpose on the train.

THE ABOVE EXCURSIONS LEAVE ST. PAUL, MINNEAPOLIS, AND CHICAGO EVERY THURSDAY, AND OMAHA EVERY FRIDAY.

Vice President is unwise and inexpedient.

Second. That we reaffirm the Indianapolis Platform of 1896.

Third. We recommend the State Committees in their respective States to preserve their organizations and take such steps, as in their opinion may best subserve the principles of our party, especially in the maintenance of a sound currency, the right of private contract, the independence of the Judiciary and the authority of the President to enforce Federal laws, a covert attack on which is made under the guise of the denunciation of government by injunction.

We urge the voters not to be deceived by the plea that the money question has been finally settled. The specific reiteration of the demand for the free coinage of silver at the ratio of 16 to 1 by the

Kansas City Convention, and the history known of all men connected therewith, emphasize the danger of this demand. We endorse the action of Congress in passing a bill embodying the gold standard as a step in the right direction. We feel that it would be dangerous to elevate to the executive power anyone hostile to the maintenance and enforcement of this law.

The Philadelphia North American (Rep.) referring to Harrison, Reed and Littlefield says: "When the anti-imperialist republicans shall have averted the danger of financial disturbance and disposed of Mr. Bryan and his free silver menace, they will be free to devote themselves to the task of bringing the party back into what they regard as the path of plain duty and constitutional government."
