

A puzzling fact is that high-frequency electrical currents transmit to man an immense amount of energy without producing any sensation. A suggested explanation is that the currents pass over the surface of the body, but two French electricians have shown that such currents kill rabbits and rats.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

It isn't the Cook's Fault, It isn't your Grocer's Fault,

that the bulk coffee you just purchased turns out to be different from the "same kind" bought before. Coffee purchased in bulk is sure to vary.

The sealed package in which LION COFFEE is sold insures uniform flavor and strength. It also keeps the coffee fresh and insures absolute purity.

Double Your SALARY

Our free booklet, "Are Your Hands Tied?" tells you what to do and how to do it. Thousands have already doubled or largely increased their salaries by following our plan. I. C. S. Text Books make it easy for those already at work to

R·I·P·A·N·S

There is scarcely any condition of ill-health that is not benefited by the occasional use of a R·I·P·A·N·S Tablet. For sale by Druggists. The Five-Cent packet is enough for an ordinary occasion. The family bottle, 60 cents, contains a supply for a year.

IN THE DISTRICT COURT OF THE UNITED STATES, FOR THE DISTRICT OF NEBRASKA.

In the matter of Fred D. Sartor, bankrupt. Voluntary Petition, Case No. 812.

To the creditors of Fred D. Sartor, of Nebraska City, in the County of Otoe, and district aforesaid, a bankrupt:

Notice is hereby given that on the 8th day of February, 1902, the said Fred D. Sartor was duly adjudged bankrupt, and that the first meeting of his creditors will be held at the office of the Referee, in Rottman block, in Nebraska City, Nebraska, on the 21st day of February, 1902, at 9 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a Trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

JAMES W. EATON,
Referee in Bankruptcy.
February 11, 1902.

STOPS THE COUGH AND WORKS OFF THE COLD.

Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, no Pay. Price 25 cents.

NOTICE TO BRIDGE BUILDERS.

Notice is hereby given that sealed bids for the construction of all new bridges for York County, Neb., for the year 1902, will be received at the office of the County Clerk, on or before noon of February 25th, 1902, said bridges to be constructed in accordance with the following plans and specifications, as adopted by the County Board, in regular session under date of Jan. 15th:

Piling to be not less than nine inches at the small end, and to be driven to the satisfaction of the Roads and Bridge Committee. Caps to be 8x12 inches, 16 ft. long, to be bolted to end of piling with 3/4x20 inch drift bolts to each piling. All bents of piling that project over 8 ft. above the ground, to be sway-braced with 2 3/4 sway-braces extending from end of cap to ground on opposite piling. All bents that project 20 ft. or more above the ground, to have double sway-braces with pieces extending across the center of the piling. All sway-braces to be fastened to caps and piling, with one 3/4 inch bolt, with nut and wash washer on each end. Joist to be not less than 8 inches thick.

12 ft. panels to have 9 string of 8x12 joist.
16 ft. panels to have 10 string of 8x12 joist.
18 ft. panels to have 11 string of 8x12 joist.
20 ft. panels to have 12 string of 8x12 joist.
24 ft. panels to have 13 string of 8x14 joist.

12 and 16 ft. panels to be bridged once with 2x4 white pine, 18 and 20 ft. panels to have 2 rows of bridging of 2x4 white pine. All panels over 24 feet in length to have three rows of bridging of 2x4 white pine. All joist to be sized to an even width where they rest on caps; to be securely nailed; and to rest at least 4 inches on caps. No joist to have more than 3 sound knots more than 2 inches in diameter.

Flooring to be 16 ft. long, not less than 10 inches wide, and 2 1/2 inches thick; and to be fastened to joist with one 50 penny nail to each joist.

Hand-rails to be 2x4 on the face of post, and 2x6 on the top of the post. Hub-rail to be 2x8. Posts to be 4x4, 4 ft. long. Hand-rail posts with 2 half-inch bolts; and hub-rail to be bolted to the posts with 2 half inch bolts.

All 12x16 ft. panels to have one hand rail post in the center; 18x20 ft. panels to have 2 hand-rail posts in center equally divided. 24 ft. or longer panels to have three hand rail posts in center equally divided. All hand rails to be surfaced and joints broken between the posts. Hand rail and caps to be painted with one coat of good mineral paint. One two-eighths inch bolt hook to extend from top of flooring to piling at end of each span. All wing piling to be of same dimension at small end as piling for bridges. All end bents when piling projects 3 1/2 ft. above ground to have 4 piling driven to the bent. Where bridge is constructed over old bridge contractor to remove all old material at least 20 ft. from end of new bridge; cut off all old piling at top of ground; and remove the same from under bridge.

All material to be of good quality, free from rotten spots or wainey edge; no material to be accepted unless conforming fully to the specifications as to quality and dimension—the usual width and thickness—shrinkage excepted.

All flooring to be of Burr Oak.

All piling to be of Red Cedar.

All bridging to be of White Pine.

All other material to be of Oregon Fir.

Party to whom contract shall be awarded will be required to give sufficient bond conditioned for the faithful performance of contract; and to be approved by the County Board.

Dated this 16th day of January, 1902.
