

The Daily Nebraskan

VOL. I. NO. 4.

THE UNIVERSITY OF NEBRASKA, SEPTEMBER 21, 1901.

THREE CENTS

TEST COMES TODAY

Football Team Will Show Its Strength For First Time.

—Men in Prime Condition.

The Minnesota Team Gaining in Strength.

Nebraska lines up for real football today, Lincoln high school will oppose Coach Booth's men on the gridiron this afternoon. It will be the first game of the season and will register the capability of early training. All men who know the signals will be tried. There was some talk of Melford and several other Varsity men playing with the high schoolers. The latter preferred to play it alone and therefore will contest with high school men only.

The play last night by the Varsity was keen for this time of the year. The men fell into blocks with striking regularity. Coach Booth said the team was very far advanced for September 20th, almost too far. The Minnesota game so early makes quick playing necessary. He wanted to emphasize that no position was cinched—every man has a chance at every place. He was pleased at the number of new men out and expects more next week.

Thursday's rest from practice made the men fresh and anxious for work. There was more vim and earnestness about practice than any other day this week. Ryan will not be in the game today, owing to injuries to his shoulder generated in last evening's exercise. Drain will probably play quarter the game through. Shedd, Cortelyou and Johnson will be at the ends. Crandall, Bender and Eager will occupy half-back stations. Kingsbury will play full; Westover and Stringer tackles; Ringer and Brew guards, while Koehler will be at center.

Any man may be tried by the coach who is anxious to be given a chance and who wants to develop any stray material.

The game will be called at 3 o'clock on Nebraska field. Lincoln high school will send a goodly number of noise-makers to encourage the boys. The Varsity line-up:

Johnson, Shedd, L. E.; Stringer, L. T.; Koehler, C.; Brew, R. G.; Westover, R. T.; Cortelyou, R. E.; Drain, Ryan, Q.; Crandall, R. H.; Eager, Bender, L. H.; Kingsbury, F.

It is to be expected that Nebraska will win, but this fact will not blanket speculation as to exactly what strength the Varsity will show.

Everybody wonders just what will be done. Manager Cowgill is quite pleased with the low rates railroads are offering and he feels confident from present prospects that the Scarlet and Cream will not want backing in the land of the Northern Giants, where conquer they must and will.

The following from a late issue of the Minnesota Daily concerning a game between the first and second teams will be of interest:

"Dobie, La Fans, Mueller and Knowlton, of last year's team, were in the line-up. Page played center for the second team and captained them. Without doubt Page will be in the game again this fall. We all know what it means to find Page in his old position as center when it is recognized that he is the best man in that position in the middle west. It is reported that Johnnie Flynn will be on hand again. We need the little fellow back again in his old position and we want him right away. Fee's relatives tell us that he will return soon, so we may expect to see him back again in his old position at left tackle. Aune will be in the game

and will make the eighth member of last year's team who will be seen on the gridiron again this year.

"Rogers, last year's captain of the Carlisle Indians, will prove a valuable man. He is an Indian clear through, but plays ball with all the vim and dash of his white companions. He breaks up end runs with a ferocity that carries terror to his opponents. Liggett and O'Brien, of St. Paul, showed up well. Irsfeld, just at the end of the second half, got around Bidlake's end and made a run of 35 yards, bringing the ball with 10 yards of the Varsity's goal.

"Evans, Thorpe, Bidlake, Boeckman, McDonald, did good work. Just how these men will develop we cannot say at present. They are not yet up to the Varsity standard, but they haven't had time yet to show just what they can do. Each man will have to hurry, for no position is filled with certainty as yet. There is a chance for every man and a position awaits him if he can fill it just a trifle better than his opponents."

CHANGES IN JURISPRUDENCE.

Mr. Cook, the instructor who has been added to the American history department this year, will have charge of the classes in constitutional and administrative law. He will carry the course in constitutional law formerly offered by Dr. Pound.

Dr. Pound will still continue the work he has previously offered with the exception of the course in constitutional law.

Mr. Cook's course in administrative law will treat: (1) Of the organization of the administrative authorities; (2) Of the powers and duties of administrative officers; (3) Of the remedies offered the individual against the illegal action of the administration. The law of the United States, England, France and Germany will be studied, special emphasis, however, being placed on that of the United States.

Mr. Cook is a graduate of Columbia College and for a number of years has been doing graduate work there and in Europe.

DEAN EDGREN HEARD FROM.

University circles will be pleased to hear again of Dean Edgren and his family. Mr. Gerig of the Romance Languages department has recently received a letter from him saying that they are at last comfortably settled in their new home in Stockholm. Dr. Edgren expresses his regard for his Nebraska friends and says it is hard for him to forget them and get settled down and accustomed to his new surroundings.

Friends of Miss Edgren will be pleased to know that she is enjoying her new home and is one of the most prominent young ladies in Stockholm, she being selected as one of the ten most popular girls in the recent celebration in that city and occupying a place of honor.

Dr. Edgren also says that the Nobel prize of fifty thousand dollars will no doubt go to either France or Poland.

REGISTRATION.

One hundred and twenty-seven had registered for drill up to 4 p. m. yesterday when registration closed for the day. From the indications there will be a well filled battalion this year. "Setting up" exercises will commence next Wednesday and continue until all are well "limbered up." The officers for the year will not be appointed for some time. This will give Commandant Eager opportunity to select the officers on their merits. The total registration of new students to date is two hundred and ninety-three. Yesterday fifty-eight registered in the College of Literature, Science and the Arts, while thirty entered the Industrial College and five registered in the Technical schools.

COLLEGE SETTLEMENT

Plans For a New Building Being Made—Location of House to Be Changed.

Plans For the Year.—A Lecture Course.

A new house for the College Settlement is one of the probabilities in the near future. Plans for the house are now being made and it is probable that within a day or two definite action will be taken. One of the members of the board said yesterday that it was the intention to build and the only thing to prevent immediate action was the meagreness of the funds at their disposal. If it is decided that if plans which have been drawn up can be carried out they will see their way clear to begin work at once.

The plan under consideration yesterday called for a two-story house; this may be cut down to one story. The board is exceedingly anxious to put up a two-story building and this will be done if possible. Only when it appears that sufficient money for a two-story house cannot be raised will the board consider anything smaller.

During the active campaign carried on last spring about \$900 was either given or pledged. In addition a lot in a good location for a house was donated. The site is at 20th and N sts. and is in an excellent location for a College Settlement house. The committee hoped to raise \$1,500 and with that amount could see their way clear to build and equip a building which would be perfectly satisfactory. About half of the \$900 was given by University people, the other half being donated by the business men of Lincoln. It is hoped that more money can be raised this year, but no provision for an active campaign such as was conducted last year has been made as yet.

It is expected that the work will be pushed along the same lines as last year except that the location will be different. The old house at 8th and X sts. will be given up as soon as a new one is provided. The new location will provide a better class of people to work among and it is thought that more effective work can be done among them.

A well appointed outfit for manual training has been received and will be put into the new quarters as soon as they are prepared for it. This outfit is for instruction in carpenter work and consists of ten complete sets of tools. They will be used for the boys.

For the girls the sewing school which was conducted last year with much profit will be continued.

The board has decided to conduct a series of lectures at the house if possible. The general topic taken up will be good government. The residents in the vicinity of the house are largely English-speaking and it is thought would appreciate a course of that nature. What is known as a "free floor" for the discussion of social subjects will be maintained. This is somewhat on the plan in vogue at the Social Settlement society conducted by Graham Taylor at Chicago.

THE DAILY PRIZE COMPETITION.

Interest is growing keen in the Daily Nebraskan prize competition. Solicitors are hard at work and are securing telling results. One young man who secured nearly twenty-five names the first two days he worked handed in a new list of fifteen yesterday. A few more days' work will send him to Buffalo. Another solicitor added eight names to his list yes-

terday forenoon. All that is required is a little energetic work.

THE CONDITIONS.

The conditions of the competition are as follows:

1. The number of subscriptions given up for a year. Two semester subscriptions equal one yearly subscription.
2. One-third of the subscriptions must be in cash.
3. Every solicitor must leave his name with the manager at the Nebraskan office, 134 No. 11th st.
4. The competition will close at 6 o'clock p. m., Tuesday, October 8.

THE PRIZES.

For 90 subscriptions, a free trip to Buffalo and return with \$2.00 per day for five days and admission to the grounds.

For 70 subscriptions, a ladies' or gentleman's bicycle valued at \$40.

For 60 subscriptions, a Marlin repeating rifle and leather case, retail price, \$21.40.

For 40 subscriptions, a free trip to Minnesota and return with expenses.

For 25 subscriptions, a free trip to Omaha and return to see the game with the Omaha Medics.

For 10 subscriptions, a Waterman fountain pen, price \$2.50.

For 6 subscriptions, a yearly subscription to the Daily Nebraskan.

DRILL MONDAY.

The battalion will meet for drill for the first time Monday evening at 5 o'clock. The men will be divided into squads preparatory to giving them the setting-up exercises which will begin Wednesday.

DR. WHARTON TO SPEAK TO STUDENTS.

Dr. Fletcher M. Wharton will speak to young men tomorrow afternoon at the Y. M. C. A. meeting which will be held in the old chapel. His subject will be "A Right Man."

Miss Darleene Woodward entertained for Pi Beta Phi last night at her home at 21st and Q sts. The parlors were very prettily decorated for the occasion. Ices were served. Dancing was the order of the evening. Those present were: Misses Henry, Turner, Stewart, Marshall, Lois Burruss, Bess Burruss, Montgomery, Thomas, Thorpe, Heacock, Meeker, Sedgwick, Woodward, Allen, Connard, Howells, Holland, and Mr. and Mrs. Geo. Risser; Messrs. Shidler, Funke, Eager, Andrews, Hopewell, Kimball, Drain, Home, Burgert, Kees, Matson, Snyder, Ledwith, Bell, Barber, Dr. Orr.

The student who was so strongly opposed to the Chancellor's vaccination order last year that he not only refused to comply with the rule, but prepared and distributed a circular giving vent to his views on vaccination and denouncing the rule, has at last secured a good high school position. The University paid no attention whatever to the circular, but it counted against the young man when he applied for positions in high schools. Superintendents, who knew of the circular, were fearful lest as a teacher he would be indiscreet. It was only at the end of vacation with the active assistance of the University that he secured a position.

Mr. Brown, who was formerly instructor in the department of Romance languages, has recently been promoted from professor of Romance language in the Kansas City high school to head of the Modern language department. The salary attached to the position is fourteen hundred dollars with six or seven under teachers.

J. H. Howard, recently appointed adjunct professor of Latin in the University, has arrived in Lincoln. He was formerly assistant professor of Latin in the University of Indiana. He will have charge of the Virgil work in addition to some more advanced classes.
