THE UNIVERSITY OF NEBRASKA, OCTOBER 1, 1901.

THREE CENTS

A FIVE DOLLAR RATE.

Manager Cowgill Gets an Extremely Low Fare to Minnesota—Prospects for Crowd—Yesterday's Practice.

A five dollar rate to Minnesota has been assured. The Rock Island made an agreement with Manager Cowgill to carry everybody over their road for five dollars for the round trip. Not only that, but the Rock Island is prepared to go as much lower as any other road will go. The football team, the excursions, all, go over the Rock Island to Minneapolis. The train leaves Lincoln at seven Friday evening and reaches Minneapolis about nine or ten Saturday morning and leaves at eight Saturday evening after the game. Tourist sleepers will be furnished for two dollars for the round trip. Two men can combine and make both ways for a dollar apiece. Most Minnesotans last year, however, made a night of it, roughing it down and sorrowing it back.

Students, and in fact all who intend making the trip, should notify Manager Cowgill or Assistant Manager Raymond. Two hundred are necessary for the rates. People from over the state will make the trip in large numbers.

Yesterday's practice was soul-inspiring. A Quaker would have rejoiced at the kind of football Nebraska put up. Several of the men were stiff and sore. Captain Westover has a Charley-horse and carries a limp. Ringer has a game knee and won't be in the game for another week. But to counteract these misfortunes, George Shedd appeared on the field in suit and toggery. Shedd played half and full on the team's of '96, '97 and '98. He entered the law school yesterday and after considerable persuasion agreed to help the Varsity all he could. He will strengthen the team at full. By the way, Pillsbury is in college. The team needs Pill, and the boys feel that he should get out. Captain Westover is anxious that everybody should try for the team.

Three teams were out lumbering over the gridiron. Two scrub teams and the Varsity. Scrub fought scrub awhile, Coaches Booth and Melford directing several promising men. The Varsity practiced signal work and several new plays of Booth's. Later when the scrubs lined up against Nebraska they worked with amazing rapidity and success. The Varsity had no trouble in scoring on the scrubs. The latter could make nothing and Coach Booth called his men in. They were tired and sore from the Kirksville game. The football men are very much dissatisfied with the account of Saturday's game sent to the city papers. It is said that the account was written by a Kirksville man, sent to the Kansas City Journal and resent from there to Lincoln. The report in question gave Nebraska decidedly the slim side of the argument not mentioning that the Kirksville Osteopaths were hired players and that they have been in training since the middle of August. At no time during the game was Nebraska's twenty-five-yard line crossed and only twice did Kirksville make over five yards. The bone-rubbers were penalized three times, as the report says, but Nebras-

ka got the same dose five times. The Varsity struck a hard, well trained team of experienced players who put up clean cut, swift team work and good ball. The Missouri coach saw the game and said that Kirksville would beat the tigers about twenty to nothing. The two halves and full weighed over two hundred and the quarter one hundred ninety-four pounds. Coach Booth says he is more than pleased with the game Nebraska put up. The next two weeks will see a wonderful development in Nebraska's work.

Now that rates are secured that insure a crowd for Minnesota, the next thing is rooting. Tonight on Nebraska field at 4:30 a rooters club will be organized. Yell leaders will be elected and a few of the yells practiced. R. D. Andresen has offered his services. Doane college plays here next Saturday. The rooting section can work a little on them.

THE MINNESOTA TEAM.

The Minnesota team is doing some hard practice as the following from the Minnesota Daily will show:

The team has been put through some good hard work lately by Coach Williams and the men begin to play the

ATHLETIC MEET.

Changes Made in the Old Freshman-Sophomore Contest—An all University Handicap Meeting Contemplated.

Coch Booth is at present formulating arrangements for an athletic meet to be held some time within the next three weeks.

This meet will take the place of the customary freshman-sophomore meet on account of the conflicting standings of the men as regards their classes. The idea is to do away with all this trouble and establish a meet for all the University. Any one may enter either for training or competition.

The usual program of field events and track work will be carried out in detail with the object of arousing more general interest in such work for the winter. The material also for the spring track team will thus be developed and further trained during the winter months.

Gold, silver and bronze medals will be offered for each event, and will be

correspondence of last spring, namely, fear of a financial failure by some, owing to the necessary conflict of date with final examinations.

"Nebraska desires to debate with your league this year, preferably there. Our league now debates with Colorado, Kansas and Missouri universities, the place of debate alternating each year. This year we expect to entertain Colorado and Kansas at home. Next year we will only have Missouri. If you could entertain our team this year we can manage to return the favor next year."

After discussing the letter in the meeting, the committee, by a vote, expressed its desire to hold the Nebraska debate, upon condition that it take place some time this semester. Scott and Cameron were appointed to lay the matter before the executive committee of the associated students, tonight, to ascertain its attitude. If it is found feasible to negotiate an engagement, place and date for holding it will be determined later.

LAW SCHOOL OPENS.

Class work in the law school began yesterday. Registration occupied all of Friday and Saturday. Classes met yesterday for short introductory sessions only.

The registration this year will, from the present outlook, be about the same as last year. Over one hundred had enrolled at 5 o'clock last night. This is practically the same as last year. Owing to Dean Reese's absence from the city the department is in charge of Professor C. A. Robbins.

A more stringent rule regarding men who apply for advanced standing on the strength of office experience has been made this year. They now are required to take the regular junior law examinations. This has cut down the number of office men who have registered perceptibly.

No new work is offered this year, but a slight change is made in the evidence and equity courses. Instead of running the two in different terms, one-half of each course will be run throughout the first two terms.

SCHOOLMASTERS' CLUB.

The schoolmasters' club, an organization of superintendents and principals of high schools, will hold its annual banquet and meeting at the Lincoln hotel next Friday evening. The banquet will be held at 6 o'clock and a program will follow. Dr. Hill will read a paper.

DEMAND FOR TEACHERS.

The University has received several calls for principals of schools which it is unable to fill. Students who have had experience in teaching and are willing to accept such a position, should report to the Recorder at once.

Messrs. R. E. Smith, E. C. Windmayer, Geo. Mozart and Gold Williams were initiated into Alpha Tau Omega Saturday evening. An informal banquet and smoker followed.

A. A. Miller, '98, who for the greater part of the past three years has been connected with the Westinghouse Electric and Manufacturing Co. at Pittsburg, Pa., is now actively associated with the foreign business of the company and makes the export office in New York his headquarters.

Football Rally

This Afternoon at 4:30

ON THE

UNIVERSITY CAMPUS.

A Rooters Club will be Organized.

Everyone Urged to be Present.

game as of old. There are several positions on the team which at present do not seem to belong to any one in particular. All of the men on both teams seem to go into the practice games with vim and spirit and there is little doubt in the minds of the rooters that the honor of Minnesota will be strongly championed on the gridiron this fall.

With both Rogers and Aune out of the game because of injuries, the natural inference would be that the first team would be seriously handicapped, yet at the practice last night they appeared able to score almost at will. The whole team appeared to get into the game and never lost the ball on downs before scoring two touch-downs. Flynn was in his old-time form and broke through the line repeatedly for long runs, which brought vigorous cheers from the grand-stand. Dr. Williams seems to have inspired the team with some of his own enthusiasm and the rooters are feeling more hopeful after last night's work.

Rogers will probably be in the game in a day or so, but Aune has a bad shoulder and may be compelled to stay out of the practice for some time. It is to be hoped that the extent of his injury has been exaggerated.

worthy of some effort to obtain besides the training and honor which are attached to them.

It is hoped that such a move will build up interest generally in University athletics and call out more support from the student body.

THE LELAND-STANFORD DEBATE.

The following extract from the Daily Palo Alto will be interesting as showing the Stanford end of the negotiations for a debate:

At the call of President Rice, the executive committee of the inter-society debating league met this afternoon to consider the question of arranging a debate with the University of Nebraska. The subject was brought up by a letter from P. B. Weaver, president of the Nebraska University Debating association, of which the following extracts give the substance:

"Last winter and spring there was correspondence between our respective debating associations relative to a debate between Leland Stanford Junior University and the University of Nebraska. Owing to unfortunate delays, however, the engagement entered into was cancelled by Nebraska's executive committee, for reasons shown by the
