

# The Daily Nebraskan

VOL. I. NO. 23.

THE UNIVERSITY OF NEBRASKA, OCTOBER 17, 1901.

THREE CENTS

## OMAHA MEDICS DISBAND.

Game With the Doctors Next Saturday Cancelled. An Alumni Game Probable. The Practice Yesterday.

Word has been received from Omaha that the Medics' team has disbanded, thus making a break in the schedule. The management, however, hopes to fill this by an alumni game to be played on the University field. This may necessitate the cancelling of the game between the Lincoln high school scrubs and the University third team. The rest of the games will be played as scheduled.

The 'Varsity lined up against the scrubs for regular practice last night. After about forty minutes of hard work in which each team held the ball for about an equal time, the practice closed with a run around the field. The place kick of Stringer and the punting of Pillsbury were noticeable features of the practice. Stringer is fast developing into a sure kicker. He will undoubtedly be called upon to pile up the score against Wisconsin. Pillsbury punted well all through the practice, several times punting out of bounds from the fifty-yard line. As a whole the practice was fast and full of encouragement to the onlookers. A larger crowd than usual were along the side lines and the south bleachers. They seemed to take a strong interest and applauded every good play.

Eager played half back for the scrubs in his old accustomed style and never failed to make his yards against the 'Varsity. Bell also proved to be a sure ground gainer at half back on the first team. Ryan, an end of last year, is again in the game after being laid up for about three weeks with a dislocated shoulder.

## THE TRACK TEAM.

Captain McComb feels very much encouraged over the way the track team is shaping in the fall practice. The general field meet has contributed much interest and more men are out than ever before.

Among last year's men are Carr and Hewitt for the half mile run and Captain McComb for the 100-yard dash. Overturf is showing up well in the shot put. Ludden is doing the high jump in good form. Hagensick, of last year's high school team, who won the broad jump in the meet with the high school, is out for the broad jump and pole vault. Paul Andreson, a brother of the famous "Bob," promises well for the 100-yard dash. Pillsbury and Kellogg are playing football.

All in all prospects for the track team were never brighter, and to add to the general interest it is rumored that Nebraska will send her representatives to the inter-collegiate meet at Chicago next spring.

Captain McComb thinks the general lack of interest in track work is caused by the small schedule of games. This year there is more good material in the school than there has been for some time and with the proper training Nebraska could develop one of the strongest teams in the middle west. The baseball schedule always serves

as a stimulant to the spirit of that game. The fact that Nebraska takes a big trip through the east is somewhat fascinating and it keeps good track men from the team. Now if several big meets could be arranged with colleges like Minnesota and Chicago, Mr. McComb thinks that there would be a greater desire on the part of men to make the team.

## THE SCARLET AND CREAM.

This University song as sung by the Glee club at the quarter centennial of the University is published below. It was for a number of years the semi-official song of the University. Sing to the colors that float in the light,

Hurrah for the scarlet and cream!  
Scarlet the hue of the roses so bright,  
And pale is the lily's fair gleam.  
Scarlet the east at the breaking of dawn,

And scarlet the west when the sun has gone,  
Hail!

Hail to the colors that float in the light,

Hurrah for the scarlet and cream!

Scarlet the ruby, the jewel so rare,  
With colors so brilliant and true.  
Pale is the pearl so bright and so fair,  
And clear as the drop of dew.

Bright are our colors, as fair as a dream—

Hurrah for Nebraska and scarlet and cream.  
Hail!

Hail to the colors that shine in the light,

Hurrah for the scarlet and cream!

Here's to the college whose colors we wear,

Here's to the hearts that are true.

Hail, Alma Mater, Nebraska so fair!  
Hail to our colors, too.

Garlands of scarlet and cream intertwine,

And hearts that are true and voice combine,  
Hail!

Hail to the college whose colors we wear,

Hurrah for the scarlet and cream!

## THE DRAMATIC CLUB OF THE UNIVERSITY.

The Dramatic club met yesterday and elected officers as follows: Miss Howell, president; Fred Neilson, vice president; Miss Edholm, secretary-treasurer; Mr. Gibson, sergeant-at-arms. An assessment of 25 cents was levied on each member to defray the general expenses of the club.

The club starts out this year with bright prospects. It is expected that three or four dramatic productions will be presented during the year.

## INDIAN RELICS.

Mr. Coffin of Genoa is here arranging a collection of Indian relics which is worth about \$1,000. It will take about three days to arrange and label the collection, during which time the reading room of the Historical society will be temporarily closed. The collection is quite extensive, including Indian head-dresses, cooking utensils, instruments of war and chase, etc. All students are invited to drop in and see this collection.

## GIRL'S BASKET BALL.

First and Second Teams Organize. Outlook for a Successful Year.

Some of the Players on the Team.

At a meeting of the first team of the girl basket ball players yesterday, Miss Hannah Pillsbury was elected captain for the season of 1901-2, in place of Miss Eleanora Miller. Miss Miller held the captaincy two years, and thought this long enough. Miss Minnie Jansa of the Wahoo team was selected to fill the place left vacant by Miss Emmons, and Miss Gertrude Macomber, captain of the second team of last year, was advanced to the position of second center, left vacant by the loss of Miss Minnie Gulle. The vacancy at guard was left open for a while.

Among last year's players on the field again are Misses Higgins, Ritchie and Shields; and among the new players whose metal has been tried, and who have shown up well, are Misses Alice Towne and Loraine Comstock of the Omaha team, Miss Archibald of the Lincoln high school team, Miss Ruth Bryan of the Monticello (Ill.) team, and Miss Caroline Cook, a former University player of experience. Miss Louise Pound was re-elected manager of the team.

Miss Emmons, last year's brilliant forward on the first team, writes from Wellesley that girls' basket ball is "poor" and "slow" at Wellesley, compared to that played by the first and second teams at Nebraska.

## LITERARY SOCIETY PROGRAMS.

Special programs are being prepared for the Friday night's meetings of the literary societies. Features of exceptional strength and interest are promised by all of them.

### PALLADIAN.

An anniversary program by the alumni will be rendered in Palladian hall. The program will be in commemoration of the thirtieth anniversary of the founding of the society.

The officers of the evening will be: President, Judge Field; secretary, Miss Tremain; critic, Will Owen Jones.

The program as arranged is as follows:

Vocal solo—Miss Hullhorst.  
Speech—O. B. Polk.  
Paper—Mrs. Field.  
Talk—Judge Holmes.  
Instrumental solo—Mrs. Maude Hammond-Fling.

### DELIAN.

The Delian literary society will give a "Riley" program Friday evening. The readings and songs are selected from the works of the "farmer" poet.

The following numbers are promised:

Vocal solo—Selected—Mr. Houston.  
Reading—When the Frost is on the Pumpkin—R. A. Harrison.  
Reading—Prior to Miss Bell's Appearance—Miss May Edholm.  
Sketch of Riley's life—C. W. Edger-ton.

Vocal duet—There, Little Girl, Don't Cry—Misses Williams and Countryman.

Reading—Old Glory—Miss Ruth Bailey.

Reading—The Raggedy Man—Miss Susie Doane.

Vocal solo—The Goblins Will Get You—Miss Minnie Williams.

### UNION.

Recitation—Mr. Baldwin.

Sketches—Mr. Vandervert.

Reading—Miss Sparks.

Music—Selected.  
Medley—Mr. Harrison.

Music.

### ENGINEERING NOTES.

C. E. Crownover, who graduated from the civil engineering course in '97, paid his respects at department headquarters yesterday morning. Since graduation and until last year, when he was a fellow in the civil engineering department of the University of Minnesota, he was employed by the Union Pacific. At present he is resident engineer on the Chicago Great Western with an office at Fort Dodge, Iowa.

All engineering students are invited to accompany Professor Stout to Genoa, Neb., on Saturday, October 19. The object of the trip will be the measurement of the amount of water flowing through the Great Eastern canal, also the measurement of the slope of the flowing water, and an examination of the condition and composition of the bed and banks of the channel. These measurements are to be made in behalf of the United States department of agriculture and will serve as a contribution to the mass of data which is to be used by the experts of the department in the discussion of formulas for the flow of water in open channels.

Professor Morse is writing a circular letter to all graduates of the electrical engineering department, whose addresses are available, requesting them to inform him as to their employment and the amount of their salary. Later a table will be published showing the average salaries of the members of the respective classes.

### Y. M. C. A. SECRETARIAL CONFERENCE.

State Secretary J. P. Bailey of the Y. M. C. A. will conduct a secretarial conference at Omaha October 25. It will include all secretaries of Y. M. C. A.'s in the state. This is an innovation in Y. M. C. A. circles as it is only recently that this state has had a secretary who devoted all his time to state work.

During vacation a large collection of botanical specimens was received from Kirk Whited, who was a student at the University twenty years ago. These specimens were collected in Washington in that region lying between the Columbia river and the summit of the Cascade mountains. The collection is considered a very valuable addition to the University herbarium, because there is nothing of the kind in the department from there.

Miss Ruth Nelson of Omaha is pledged to Kappa Kappa Gamma.
