Dean Davis led the convocation exercises yesterday.
Dean Lees was unable to attend his classes today owing to illness.
Chancellor Andrews will return from his trip to Wisconsin Friday evening.
New stationary shades have been placed in the upper parts of the library windows.
At the Students' volunteer convention \$60,000 was raised to cover work for four years.
Representatives from Vassar and Wellesley will debate on May 1. Vassar made the challenge.
The classes in American history 2 are studying the various phases of the French and Indian war.
The Brush and Pencil is now being delivered at the art rooms instead of the reading desks as heretofore, and may be obtained there.
Chas. Hummel is serving with A. B. & M. surveying party and is now located at Burlington, Mont.
Professor Haecker of the state farm has gone to Scott's Bluff county to deliver an address at a farmers' institute.

Wm. Grant, '97, who, since his graduation has been engaged in railroad work, has recently been placed in charge of a B. & M. surveying party.
The physics department has built a wooden cover on the outside of one of the windows of Nebraska hall to protect their instruments from the wind while taking readings.
Hickle and Eager are being coached in the duties of center and quarterback. Koehler and Drain, who so successfully held these positions on the team last season, will not be in school next year.
The Topeka Y. M. C. A. basket ball team will play here the last of next week. They defeated our team at Topeka by a score of 36 to 52. Only three of Nebraska's regular team played in that game.
The members of the class in animal husbandry left for Omaha this morning to attend a sale of pure-bred short-horn cattle. The class is under the supervision of Professor Smith and expects to receive some practical experience in stock judging.
With the advent of pleasant weather the beginning classes in astronomy have taken up practical astronomical work at the observatory. They have recently been learning and locating the constellations with the object in view of soon plotting the course of the moon among the stars.
The geological department has just been notified of the intention of the United States geological survey to furnish a set of soils of the United States to each of the agricultural experiment stations connected with the various state universities of the country. The volcanic ash of Nebraska is to be included as one sample in the collection and in response to a request for material Miss Webster forwarded during the week a number of samples to the director of the division of soils at Washington.
Yale and Columbia are for the first time competing in handball. In addition a handball tournament is on at Yale.
Mrs. Laura Currier of New York has recently made a bequest to the president and fellows of Yale of \$100,000, which is to be used in behalf of needy and deserving students.
