CONVOCATION ANNOUNCEMENTS.

The program for the rest of the week is as follows:
This morning, mass meeting in the interests of the Nebraska-Colorado debate.
Thursday, meeting to encourage order and neatness on the university campus.
Friday, concert by the cadet band.

ANCIENT METHODS USED TO PREVENT COUNTERFEITING.

In the last lecture of the free series given at the University of Pennsylvania museum, Prof. Joseph C. Hoppin, in speaking of Greek coins in relation to Greek art and history, remarked that coinage could be traced back to 700 B. C. among the Babylonians, and that during the sixth century it was in common circulation among the Greek peoples. To avoid the striking of coins by individuals, which might not be pure gold or silver, as the case might be, a device representing the city or the special god of the city was put on the coin. This stamp on a coin denoted that the god was called upon to witness that it was of standard weight.

AUTHOR OF "BEN BOLT" SERIOUSLY ILL.

Dr. Thomas D. English, who has become famous as a statesman, poet and physician, is seriously ill in Newark, N. J. His principal, and perhaps the most popular, literary production is "Ben Bolt." In medicine he has made an exhaustive study of phrenology, his first work upon that subject having been written when a student at the University of Pennsylvania, which was submitted by him as his graduation thesis.
