MONEY TO STUDENTS

Students desiring good, profitable work for the summer, or, as their time permits, during the college year, should write us at once for our Good Housekeeping agency proposition. The magazine is of the highest quality (though only \$1.00 a year) and, as we are determined to double our list (now 85,000) in the next nine months, we are giving good men and women an exceedingly liberal commission. Our only requirement is satisfactory references as to the applicant's integrity.

\$30 A WEEK is a fair sum for an energetic man or woman to make. We will send full particulars to all interested, if when applying The Daily Nebraskan is mentioned. There is no limit to the number of men and women we can employ, as we cover the whole country, particularly in cities of from 10,000 to 50,000. There is a further chance of future permanent salaried position to those who show special merit in this line of our work.
