

The Daily Nebraskan

VOL. I, NO. 130.

LINCOLN, NEBRASKA, FRIDAY, APRIL 25, 1902.

THREE CENTS

JAYHAWKERS HERE

Rest of Kansas Team Arrives.—Arrangements all Complete.—Nebraska Boys Confident.—Band Will Play.

The two remaining members of the Kansas debating team arrived in Lincoln last evening at 7:40. They were immediately taken to the Lindell hotel where the Debating association has opened its headquarters. The three men make a strong team and will give Nebraska a hard battle. All are non-committal regarding the outcome but expect to show the Nebraska boys a repetition of last year's contest.

On the other hand, the Nebraska team is confident of its success, but expects to win only after a scientific and hard fought contest.

Everything is in readiness for the debate. Chancellor Andrews, who has been in the east, returns today in time to preside at the exercises. The Chancellor has taken much interest in these inter-state contests of debating and the association is very fortunate in securing his services for this evening.

The University Cadet band will open the program with a short concert and give the students another chance to display their enthusiasm and appreciation.

The difficulty which it was found would arise over the selection of judges was happily averted. Prof. Fogg and Sec. Horne were in conference with Sec. McMath, of Kansas all Wednesday evening and most of Thursday regarding the matter and finally came to a satisfactory agreement.

The third judge for this reciprocity debate was determined yesterday. From the list of six Nebraska originals submitted, Kansas selected Judge W. G. Hastings (University of Chicago) of Wilber, and the Hon. W. D. McHugh (Cornell University) of Omaha, formerly judge of the United States district court. Mr. McHugh at first said he could not come to Lincoln April 25, whereupon Kansas selected Judge T. L. Norval of Oeward. The day they chose him and he was notified that both universities were agreed upon him. Mr. McHugh informed the debating board that he would after all be able to come and would do so. In the meantime Kansas, not duly informed as to the capable material, submitted to Nebraska the names of two gentlemen engaged in educational work in Nebraska, but neither of them knew anything in particular about reciprocity, the tariff question and neither of them was particularly qualified to judge debating. These facts the debating board frankly placed before Secretary McMath, of the Kansas team, when he arrived Wednesday night. The debating board assisted him yesterday in getting evidence here and in Omaha that Mr. McHugh and Judge Norval

would judge the arguments without bias. As the result Mr. McMath said he was convinced that Nebraska's dealings were perfectly fair in every respect and he agreed that either Mr. McHugh or Judge Norval would be more competent and reliable than the gentleman the Kansas association had proposed.

With all the arrangements so satisfactorily completed, the university people may look for a good debate. All that is lacking is college enthusiasm to insure a crowded house. The mass meeting Thursday morning was not entirely satisfactory. The attendance was small but did not lack in enthusiasm. Prof. Fling and Librarian Wyer did the talking. Both were strong in their appeal for student enthusiasm. Mr. Weir was glad to see so many faculty members present (all but three of the front row seats were empty). Dr. Fling talked to the "other" (feminine) side of the house and urged the young ladies to show their independence and attend the debate even if without male escort.

ATHLETIC CONTEST

Candidates for University Track Team Compete Tomorrow.—Intercollegiate and Kansas Meet.

The annual track athletic contest will be held tomorrow afternoon at 2:30 on the athletic field. This contest will be held to select the team which will represent the university in the annual inter-collegiate track meet and also the one with Kansas university. Already much interest has been manifested in track athletics as shown by the many candidates who have turned out for practice.

The university has made special efforts to bring out men, as no doubt our defeat by Doane last year was not due to the fact that the university did not have good material, but because the material failed to turn out. The inter-collegiate meet will take place on May

Ludden, Keyser and Hiltner; 220 yard hurdles: Lehmer, Meyers, Hiltner, Hagensick and Briggs.

DELTA DELTA DELTA ENTERTAINS.

Delta Delta Delta sorority entertained last night at Walsh hall at a very successful dancing party. The parlors were decorated with palms, screens and pennants with heaps of beautiful pillows. The dancing hall was tastily decorated with numberless pennants of silver, gold and blue, suspended from the ceiling. The orchestra was hidden behind banks of palms and foliage. Icees were served throughout the evening. The programs were the work of one of the members of the sorority and were pansy shaped. The program consisted of about twenty dances.

The following were entertainers and guests:

Misses: Miller, Whitcombe, Auld, Alice Auld, Moore, Cady, Casebeer, Reynolds, Bonnell, Losch, Lulu Losch, Lauffer, Walker, Whittier, Bernice Whittier, Murray, Salles, Du Tell, Grimason, Allen, Gund, Roberts, Chadwick, Palmer, Stewart Elizabeth Dovey, Plattsouth, Alice Jordan, Kathleen Erskine, St. Paul, Ada Kancan, Omaha.

Messes: Longley, Lawler, Humphrey, Mansfield, Hill, Roberts, Kochue, Groff, Huse, Barnes, Farney, Spetser, Phillips, Milliken, Brown, Hess, Wilson, Pollard, Lussier, Clark, Lundeen, Peterson, Hansen, Keys, Wells, Mudge, Kimball, Jones Matson, Hawley, Mills, Jouvenot, Appelget, Powell, Andresen, Lehmer.

Chaperones: Mr. and Mrs. Ode Reector, Mr. and Mrs. Monahan, Mrs. John Morrison, Mr. and Mrs. Ed Bignell, Mrs. Casebeer.

PROFESSOR BRUNER AT CONVOCATION.

Last Wednesday at convocation, Professor Bruner gave a very interesting and instructive lecture on his recent trip to Central America. A large number of exceedingly beautiful specimens of birds, animals and nests were exhibited, which showed that the professor had been well repaid for his work.

The difficulties under which the naturalist must labor while in that country were well pictured. The forest growths are so thick and the smaller plant life so abundant that persons desiring to explore the country must constantly use a knife with which to cut their way.

Every form of plant life, said Professor Bruner, is filled with insects of various kinds. There are 770 different species of birds to be found in Costa Rica and 66 different kinds of humming birds alone. The different kinds of botanical specimens are equally numerous, representing those which grow in the South American countries and those which grow in North America. The speaker's story of the nativity of the different species of birds was very interesting.

LOSE FIRST GAME.

The Cedar Rapids league team defeated the university nine Wednesday by the score of 14 to 4. Although the Cedar Rapids team won, it seems to have been over-confidence and unlucky errors, rather than meeting professionals, that lost the game for the Cornhuskers. At the close of the fourth inning, the score stood 3 to 0 in favor of the Nebraska aggregation. In the fifth the leaguers scored six points. In the sixth Bobby Gaines resigned his place in the box to Lethby, but the playing continued disastrous to the Bell family. The boys are probably reserving their energies for the games Friday and Saturday.

Score by innings:
Cedar Rapids 0 0 0 0 6 2 2 4 *—14
University 1 2 0 0 0 0 0 1—4
Errors—Cedar Rapids, 5; University, 10.
Hits—Cedar Rapids, 15; University, 11.
Earned runs—Cedar Rapids, 7; University 3.
Battery—Gaines, Lethby, Doane.

Dr. and Mrs. Hill will entertain the Graduate club Saturday evening, May 3, 1902.

The class in constitutional law, under Mr. Cook, is taking up the study of ex post facto laws.

17 and Doane is to be represented by a large delegation. The contest therefore tomorrow promises to be a hard one as the men are anxious to give the university the representation that it deserves.

The athletic contest tomorrow will be conducted systematically in order to give the best men their proper places. A clerk of courses will be present to announce the results. The crowd will be kept in the grand stand in order to make room for the contestants.

The following are the entries:
High jump: Pillsbury, Noyes and Kellogg; 120 yard hurdles: Burg, Pillsbury, Meyers, Hagensick and Briggs; pole vault: Noyes, Hagensick, and Kellogg; hammer throw: Tobin, Noyes and Martin; shot put: Tobin, Pillsbury, Noyes, Martin, Hickel and Briggs; discus: Tobin, Pillsbury, Martin, Hickel and Briggs; 1 mile run: Winchester, Lehmer, Mundorf, States, Corr, Flansburg and Whedon; 2 mile run: Winchester, Mundorf, Corr, States, Flansburg, Whedon; 100 yard dash: Bullard, Bliss, Burg, Andresen, Pillsbury, Hewitt, Gould and Ludden; 440 yard dash: Hewitt, Spafford, Phillips, Ludden, Keyser and Hiltner; half mile run: Hewitt, Lehmer, Mundorf, Corr, States, Phillips and Gould; broad jump: Hewitt, Burg, Andresen, Gould, Hagensick and Kellogg; 220 yard dash: Spafford, Pillsbury, Hewitt, Phillips,
