ENGINEERING NOTES.

Fred L. Hunt has accepted a position with the General Electric company at Schenectady, N. Y. He will be employed in the expert department. Mr. Hunt is a senior in the electrical engineering department and for the past year has been an assistant in the electrical laboratory. Besides his school work, Mr. Hunt has taken an active interest in the engineering society, being the acting editor in chief of the Engineering Annual and secretary of the society. He expects to enter on his new work about the middle of June.

W. T. Deming, a former student of the civil engineering department, is in the city. He has returned with a B. & M. surveying party, having been employed for the last two years by that railroad.

Friends of W. M. Kabisch have received news of him in his new duties. He is now in the employ of the Great Western railroad at Weston, Ia., and is very much pleased with his work.

JUNIOR-SENIOR RECEPTION.

It is formally announced that the date for the junior reception to the senior class will occur on the evening of May 16, and will be held at the university armory. The members of the committee on arrangements are making extensive preparations and they will strive with the co-operation of the members of the junior class to make the event a success and one to be remembered when the present senior class will have left the university.

President Tellesen of the committee is very much interested in the affair, as well as the individual members of the committee. It was hoped and expected at first that the reception could have been held earlier in the spring, but owing to the constant use of the armory in other affairs it was impossible to be tendered its use, and it was not desired to go beyond the university campus for this strictly college affair. It is expected that the invitations will be out in a few days. The character of the entertainment for the evening and other details are not given out by those most intimately connected with the affair.

"A PAIR OF SPECTACLES."

Remember today is the time to reserve your seats at the Oliver. Still some good seats this morning.

The interest in "A Pair of Spectacles" continues to grow. Now is the time to form little groups of friends for the gallery to see a good play and have a good time. Only 25 cents. College enthusiasm high and university yells on tap.
