Fred C. Williams, '00, has been elected principal of the Seward high school for the coming year.

Miss Bessie Butler, '00, now at Superior, has accepted a position in the schools of Red Oak, Iowa, for next year.

Hugh Campbell of Clay Center, formerly a student at the University, has been appointed mail clerk on the B. & M. railroad.

Amos T. Hutchinson, '00, has been re-elected principal of the Albion high school for the coming year at an increase of salary.

The Plattsmouth high school takes all of its high school teachers, except the principal, from the University. Next year Miss Powell will teach mathematics, Miss Sprung, Latin and German, Miss Montgomery, science, and Miss Wirt history and English.

**IVY DAY.**

Arrangements are now about complete for the Ivy day program which is to be given by the senior class on Friday, May 23. The exercises will begin at two o'clock sharp, and will last about an hour, so as not to interfere with the baseball game which will be held on that day.

The program will be short, but full of interest to every student in the University. The committee in charge have been laboring hard to prepare a program which will eclipse that of last year, and will be one long to be remembered. These will be a partial holiday and the band will be out to make the program all the more attractive. The class poem and song will be given on this occasion. The Ivy day address will be made by Fred K. Nielsen. The planting of the ivy will be done by the president, and the trowel with which the planting is done will be presented to President Black of the junior class, who will make a response.

In order to make the program of exceptional interest a number of amusing features have been added. The distribution of the prizes which are to be given away, will be made by O. G. Horne, who has considerable ability especially in making short presentation speeches.

The students in American history 18 are making fair progress in reporting their semester papers. About one-half have now had the privilege of acting professor.

R. D. Kingsbury spent Saturday evening and Sunday at the Kappa Sigma house. He reports that rapid progress is being made in the construction of the new railroad in Iowa.

**New Director of Lick Observatory.**  
William Wallace Campbell, who has just been elected director of Lick observatory, to succeed the late James E. Keeler, was born on a farm in Hancock county, O., in 1862. He studied astronomy at the University of Michigan under Prof. Schaeberle, and took the chair of mathematics and astronomy at the University of Colorado, and later at Ann Arbor. He has written several text-books.

Of course you'll have to keep your room warm this winter.

**MONEY TO STUDENTS**

Students desiring good, profitable work for the summer, or, as their time permits, during the college year, should write us at once for our Good Housekeeping agency proposition. The magazine is of the highest quality (though only \$1.00 a year) and, as we are determined to double our list (now 85,000) in the next nine months, we are giving good men and women an exceedingly liberal commission. Our only requirement is satisfactory references as to the applicant's integrity.

**\$30 A WEEK** is a fair sum for an energetic man or woman to make. We will send full particulars to all interested, if when applying The Daily Nebraskan is mentioned. There is no limit to the number of men and women we can employ, as we cover the whole country—particularly in cities of from 10,000 to 50,000. There is a further chance of future permanent salaried position to those who show special merit in this line of our work.
