Union Debaters Meet.

The Union Boys Debating club met Saturday night at Union hall and perfected the club for the coming year. A large crowd was present and enthusiastic, but would have been larger except for other attractions. The following officers were elected for the first term: J. T. Melick, president; Dwight L. Pierce, secretary-treasurer. The club went through a line of parliamentary drill and passed some short time in renewing acquaintances. It was decided among other things to make the parliamentary drill this year more systematic.

The class in shorthand will meet to organize for regular work at the Lincoln Academy on Thursday evening of this week at 8 o'clock.

Until the regular paper is given out to its regular subscribers and to no others there will be a number of people in the university who will receive the "Daily." If anyone reading this notice receives the paper and has not already subscribed they would do well if they immediately placed their name as a subscriber with the circulation manager or at the office of the paper. You can not expect to get the paper for nothing, for the management of the "Daily" is not run that way. If on a certain day your paper ceases coming you will take notice that you are delinquent in paying up. The paper will be sent to all the old subscribers and if he does not signify otherwise he will be considered a subscriber and held responsible according to newspaper custom for the receipt of the paper. Don't wait but attend to the matter at once.

Kappa Alpha Theta entertained at Walsh hall Friday evening. The parlors were delightfully decorated in the fraternity colors, gold and black. The lights in the dancing hall came from Chinese lanterns. Between thirty and forty couples enjoyed the evening in dancing. The small back parlor was decorated in the college colors and light refreshments were served by Mrs. Ladd from a center table. The young ladies of the fraternity spared no effort and the rooms were delightfully decorated. The programs were pretty souvenirs, those of the gentlemen especially so, the cards being done in ink sketches by one of the fraternity members.

What's the Use

Of going to a tailor to be measured for clothes and then waiting to try on the garments and have them fitted several times and taking the chance that they'll be right.

FAR BETTER to come here, where you can be fitted properly in a few minutes and try on as many garments as you will; "that's the only way" to see how the different styles look on you.

BESIDES, there's a great difference in the price, entirely aside from the fact that in every other respect we give you the same satisfaction that you get from your tailor's goods,
