Coquelin Aids Brother Actors.
M. Coquelin, the elder, is one of the few actors on the Paris stage who has made a fortune. Through his efforts a home of retreat for veterans of the French stage is being established. A fine property has been bought near Meaux, in the department of Seine-et-Marne, a few hours from Paris. Here a large house will be erected, giving quarters to sixty old comedians.

All students taking this course who did not attend class on Monday will please see met not later than between 2 and 3 o'clock on Wednesday, when I shall be in U. 206 to make announcements.

M. M. FOGG.

University of Nebraska, Lincoln, September 22, 1902.—Pending the arrival of the U. S. A. officer, detailed by the war department. Cadet Major B. S. Hall is hereby instructed to take charge of the Military Department.

E. BENJ. ANDREWS,
Chancellor.

Headquarters Corps of Cadets, University of Neb., Sept. 22, 1902.
General Order No. 1.

Pending the arrival of the U. S. A. officer detailed by the war department, the undersigned having been so instructed by Chancellor Andrews, hereby assumes command of the Corps of Cadets of the University of Nebraska.

BURKE S. HALL,

Cadet Major.

Commanding Cadets.

Headquarters Corps of Cadets, University of Neb., Sept. 22, 1902.
Circular No. 1.

Every student who has not received credit for two years' practical instruction in the schools of the soldier, company and battalion, infantry, must complete the required course as soon as possible.

Circular No. 2.

Each student after having registered for drill in the Registrar's office must place his name upon the Register of Cadets which will be found in the southeast corner of the armory.

BURKE S. HALL,

Cadet Major.

Commanding Cadets.

James E. Boyle, '00, was married September 13, 1902, to Miss Effie Lytte at Topeka, Kan. They will be at home after September 20th, at Madison, Wis. Mr. Boyle has taken a doctor's degree in sociology at the University of Wisconsin.

Spencer V. Cortelyou, '02, is located this year at Los Angeles, Cal., where he is engaged in engineering work in the oil fields. He has written to college friends declaring his loss at not being able to register again, and go onto the football field.

The office of the Nebraska "Mercantile" Mutual Insurance Co. is at 130 North 13th St. It is a home company doing a good business. Chas. E. Hewitt is city manager. Phone 660. All persons interested are invited to call and see what the company is doing.

The Palladian Boys Debating club met in Palladian hall Saturday evening to prepare for the year's work. The officers elected were: Fred K. Neilsen, president; H. Crouch, vice-president; R. J. Anderson, secretary. A social time followed by a brisk parliamentary drill occupied the remainder of the meeting. The attendance was good and much interest was manifested.

The last day of registration was productive of pleasing and yet not unexpected results. The matriculations mounted up to the highest point in the history of the university, taking along with it the largest total registration. The rush came, as was predicted, at the last moment and the office force had its hands busy in handling all the people. Long lines of waiting registrees crowded in at the doors of the executive office all day long.

The results of the registration for the six days of registration in compar-

son with the same number of days last year are as follows:

	1901	1902.
1st day matriculations.....	97	189
2d day matriculations.....	292	192
3rd day matriculations.....	304	285
4th day matriculations.....	304	...
5th day matriculations.....	421	597
6th day matriculations.....	469	681
1st day registrations.....	153	124
2d day registrations.....	342	288
3d day registrations.....	673	597
4th day registrations.....	902	...
5th day registrations.....	1175	1098
6th day registrations.....	1335	1407

Of the total number of matriculations about 100 should be credited to the law school and medical college, which were not credited at the general registration last year at the same date, the matriculations in medicine being left out for obvious reasons. There is a total of 574 matriculations in addition to those in the above mentioned schools. This makes an increase in the academic school of something over one hundred new students. By computation and examination of the returns it is ascertained that there are about

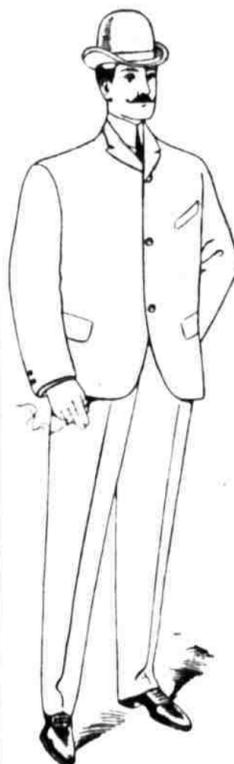

thirty old students less registered this year than last.

The following figures are the total matriculations for the last six years in the university.

Year.	Matriculations.
1897	371
1898	411
1899	422
1900	465
1901	469
1902	574

The figures are those for only the academic courses.

The lessening in number of older students is somewhat surprising as indications pointed to a large attendance in every way this year. No particular reason has been suggested as the cause of the decrease in number. The figures given are probably not final as there will undoubtedly be some students who will necessarily enter the university late, even with the prospect of paying the additional required fee. By all indications then the year of 1902-03 will be the largest year in point of attendance at Nebraska.

What's the Use

Of going to a tailor to be measured for clothes and then waiting to try on the garments and have them fitted several times and taking the chance that they'll be right.

FAR BETTER to come here, where you can be fitted properly in a few minutes and try on as many garments as you will; "that's the only way" to see how the different styles look on you.

BESIDES, there's a great difference in the price, entirely aside from the fact that in every other respect we give you the same satisfaction that you get from your tailor's goods.
