of the university, is a traveling agent
for a topical Bible company in north-
eastern Washington.
Work of an interesting nature is
now being done by Mr. Sheldon's class
in bacteriology. It will pay anyone
who has not seen such work to step
into room 101, Nebraska hall, any af-
ternoon.
S. D. Clinton writes from a railroad
camp in Wyoming: "I am about fifty
miles from anywhere, camped on the
north fork of the Stinking Water river
engineering a government road into
the park. We don't get the mail but
twice a week, but that Nebraskan will
be mighty welcome whenever it shows
up."
Vol. V, series 2, of the Proceedings
and Collections of the Nebraska State
Historical society has just reached the
history library. Vol IV. of the same
series is being delivered. The latter
consists of biographical sketches of
noted Nebraskan men and contains sev-
eral half-tones of them or their rela-
tives.

ture with stereopticon views on the
book "Ben Hur," under the auspices of
Court No. 103, Tribe of Ben Hur, at
their hall, 1041 O street, Tuesday even-
ing, October 21. Tickets, 25 cents.

Owing to the unusually large number
enrolled the American history depart-
ment is in a crowded condition. One
of the divisions was dismissed Tuesday
as the instructor was unable to find
any place available for recitation.

The many friends of Miss Edith
Shaw will be sorry to learn that owing
to ill health, she has been compelled
to resign her position as musical di-
rector in the college at Kingfisher,
Oklahoma.

A new course, mythology, has been
put in the German department. This
is for advanced students and post-grad-
uates only, and consists of a study of
old German manners and customs.
There are eight students in the class.

The department of botany has re-
ceived a sample of a fine microscope
from the firm of Bausch and Lomb, of
Rochester, N. Y., for examination and
trial. It will be retained for some
time in order to give it a full trial.

P. J. O'Gara, '02, scholar in botany,
has gone to Stuart, Neb., in order to
give an address on the plants which
are poisonous to stock. He goes at
the request of the veterinary depart-
ment of the experiment station.

Professor Barbour has received a
letter from Paul Pillsbury, who is in
the lumber business at Renfrow, Okla.
He says: "I write you from this out-
of-the-way town, which is apparently
a few feet beyond the jumping off
place, to let you know that I am still
numbered among the living."

After a good deal of work, the
classes in botany have all managed to
find time for lectures and laboratory
work. It was found necessary to make
three divisions for laboratory work in
pharmaceutical botany, one of the di-
visions taking Saturday forenoon from
8 to 12 o'clock.
