GRINNELL WAS RUN OVER

Varsity Plays a Superb Game and Shows Her Opponents How to Play—Other Games.

Nothing but the heavy rain which fell throughout almost the entire game prevented Nebraska from running up a score of about 30 to 0 against Grinnell. During the second half the field was so slippery that it was almost impossible to make a gain of any kind.

Grinnell was out-weighted, out-classed and out-played. Their line was unable to withstand the fierce onslaught of the varsity, and only once was Nebraska held for downs. Grinnell's kicking was decidedly "hum," and the way Cortelyou and Shedd got down the field made it impossible for the visitors to do anything but lose ground on an exchange of punts.

Nebraska's line up was subject to considerable change during the second half. Thorpe went in at quarter and Benedict went in at right half, to succeed Simodymus. Follmer took Shedd's place at end, but was put out as the result of a mix up with his opponent. Westover then played end, giving way in the line to Briggs. Cotton went in at right guard in Tobin's place.

The halves were short and two minutes more of play in the second half would probably have resulted in another score for Nebraska.

The Game in Detail.

Grinnell kicked off to Benedict on the 10 yard line, and he responded with a 10 yard return. A 5 yard gain followed on the third down. Mickel then went through the line for 5 yards and Benedict punted. Cortelyou was too swift for the Grinnell man and downed him in his tracks. Grinnell made 5 yards on the third down, but was forced to kick. Benedict fumbled and carried the ball out. Simodymus made 10 yards, and Mickel the same, and then Bell was sent over for a touchdown, six minutes after the ball had been put in play. Benedict kicked goal. Score: 6-0.

Grinnell kicked off to Benedict on the 15 yard line. He returned 10 yards and Shedd carried the ball around the end for a 10 yard gain. Simodymus, Bell and Mickel all made gains, and a touch down seemed imminent, but resulted in a touchback because of a fumble on Grinnell's goal line. Grinnell punted from the 20 yard line. Cortelyou carried the ball back 10 yards. Grinnell got the ball on a fumble, but made a kick of only 5 yards, losing the ball to the varsity. Mickel made 10 yards, and Bell carried the ball almost to the goal line. Mickel then carried it over. Benedict kicked goal. Score: 12-0.

On the kick off Benedict carried the ball back fifteen yards, and then kicked 45, the ball going behind Grinnell's line as a touchback. Time was called before much more playing could be done.

In the second half Tobin kicked to Grinnell's five yard line, and a 10 yard return followed. Grinnell lost 5 yards on a fumble, and Captain Evans, on an attempted end run was carried back by Follmer. Evans kicked a grounder to Thorpe who was unable to return. Bell and Cortelyou both made good gains, but Nebraska lost the ball on downs. It was recovered on a blocked kick, and Benedict made the third touchdown, but failed to kick goal. Score: 17-0.

Grinnell then took a brace and made 5 yards. Offside plays gave them ten more. Nebraska in her turn made 5 yards in the same way, and then steadily advanced the ball to Grinnell's 15 yard line, when time was called. Bender is suffering from a bruise in the side and was not in the game. He will be in shape for the contest with Minnesota next Saturday.

The Yale football team has twelve big games scheduled this year with the following institutions: Trinity, Tufts, Amherst, Wesleyan, Brown, Bowdoin, Pennsylvania State College, Syracuse, West Point, Bushnell, Princeton and Harvard.

Last Monday the annual class rush at the University of Wisconsin occurred between the Sophs and Freshmen, in which the Freshies came out ahead. They not only captured the Soph flag, but about one hundred of the Sophomores were treated to a chilly dip in Lake Mendota.

NEW CADET OFFICERS

Battalion Given Its Quota of Commissioned Officers for the Year—Companies Ranked.

The following appointments were made in the cadet battalion on Friday evening: Burke S. Hall, major; T. R. Farney, captain, assigned to Company D; L. E. Hurtz, captain, assigned to Company C; J. D. Ringer, captain, assigned to Company B; N. E. Buckley, captain, assigned to Company A; C. Crooks, captain and battalion adjutant; W. R. McGeachin, captain, to command artillery, signal and cavalry attachments.

G. P. Kimball, 1st lieutenant, assigned to Company C; R. B. Davidson, 1st lieutenant, assigned to Company B; H. E. Higgins, 1st lieutenant, assigned to Company D; R. J. Mansfield, 2d lieutenant, assigned to Company B; R. E. Noyes, 2d lieutenant, assigned to Company A; H. V. McCulloch, 2d lieutenant, assigned to Company C. These officers will take precedence according to the order of their appointments.

By reason of Company D having won the Omaha cup in competitive drill last spring, it will be given first place. Company C is assigned to second rank, having taken second place last spring, winning the Chancellor's prize. The other companies are ranked according to their standing, depending on last year's competitive drill, also.

Seniors Aim at Reform.

The Senior class meeting last Friday was the most enthusiastic gathering in the history of the class. The meeting was called by petition of ten members of the class, and had for its object a definite understanding of the working out of class committees for the coming year.

Last year the Senior and Junior classes adopted a plan which required all receipts to be turned in the class treasury. Previous to the adoption of this plan, class committees had the privilege of pocketing all that could be made out of their positions.

The aim of the new idea is to make all class occasions strictly class business and not committee affairs. All moneys should pass through the treasury of the class. The Seniors were called to consider its readoption at the beginning of the year. The question was placed before the meeting and a motion stated in the following terms:

"In case of proceeds arising from any class function, the committee having said function in charge shall pay said proceeds into the class treasury, and within ten days after said function the chairman of said committee shall hand in an itemized report of time and money expended, together with all original bills, to the class president.

"The president will put the report and bills in the hands of an auditing committee, which will report at a regular class meeting.

"The adoption of the auditing committee's report will empower the treasurer to pay out of the said proceeds all class obligations in the customary way; and after all such obligations shall have been paid the chairman of the first named committee shall receive 25 cents an hour, and the members 20 cents an hour, for all time actually spent in carrying out said function, for which time they have presented bills to the auditing committee, provided the net proceeds will pay all claims, if not, the proceeds shall be paid proportionately to the aforementioned committee.

"The above ruling will apply to the Senior Annual board, excepting, the editor-in-chief and business managers shall receive 25 cents per hour and other officers and members of the board 20 cents an hour for time actually spent in carrying on the business of the board."

The motion at once stirred the Senior elements and a great deal of thunder followed. After the period had been consumed in speech making, a vote was taken, which resulted in the defeat of the motion by a vote of more than two to one.

University Medical Society.

The medical students of the university met Friday night in mechanic arts hall, and completed the organization of their society, which will henceforth be known as the "Medical Society of the University of Nebraska."

The old constitution of the pre-medics was revised to meet the new conditions arising through the addition of the new department of medicine. Under the new arrangement any student of the university may become a member of the society by signing the constitution. The organization already numbers thirty-four members.

As all the business connected with permanent organization has not been completed, another meeting will be called for this week.

Gophers Still Victorious.

The following is taken from a dispatch to one of the Chicago papers from Minneapolis:

"Minnesota's goal line remains untouched. Beloit went down by a score of 29 to 0. Although lighter the Beloit men put up a hard game, and the Gophers obtained their points only by the fiercest work. The Minnesota players succeeding in pushing the ball over only at the end of the first half. The ball was kept during the first half almost entirely in the center of the field.

"In the second half Beloit succeeded in making a sixty-five yard run, but the man was downed on Minnesota's thirty yard line. The ball was obtained by the Gophers and the other touch downs were the result of hard work. Lafans and Van Valkenburg did the star work for Minnesota."
