### The Week's Convocations.

The following is the program for convocation hour for the ensuing week:

- Oct. 16.—Musical by the band.
- Oct. 17.—Superintendents and Principals.

THE DAILY NEBRASKAN wishes to increase its circulation by one hundred percent. This means in the University. Every student who has not subscribed should do so at the earliest moment. A rate of Seventy five cents will be made for the remainder of the semester, or three months. Every note of subscription will receive instant attention.

Two or three students can find something to interest them in the way of soliciting subscriptions. A good commission will be paid to them for new subscribers. They would do well to report to the office at the chapel hour, or apply personally to Mr. Nielson, manager of circulation.

Active work on the Junior Annual has begun. This is an enterprise which should receive attention from every member of the university. It is not a class affair alone, but one that should interest every individual connected with the institution.

There is a constant increase of high school papers published, either weekly or monthly. It seems that more people are coming into direct contact with students, both in the high schools and colleges. The former are ranked with the latter in this case, for the aim in all the publications is about the same, although the end gained in the two cases is slightly different.

The high school paper naturally is more of an amateur nature and concerning the local centers only to a great extent. The college paper which aims

at being worth while enters upon a much wider field.

The one is a stepping stone to the other. In a large percentage of cases those who are connected with journalistic work in college have had some previous training on their high school papers. They are then more fully prepared for the work. The work in the lower grades then is valuable to men having ambitions for newspaper work. In many instances the high school boy rests his future upon some experience gained on his local paper.

The following appears in the Kansas Weekly as a list of the prizes hung up for the tri-statt tennis meet this week:

#### SINGLES.

1st prize, phonograph and records, Schmelzer Arms Co., Kansas City, Mo.  
2d prize, Loving cup, Jaccard Jewelry Co., Kansas City, Mo.

#### CONSOLATION SINGLES.

1st prize, dress suit case, Gump Trunk Co., Kansas City.

#### DOUBLES.

1st prize, Davis or Pim racket, Schmelzer Arms Co.  
2d prize, Loving Cup, Schmelzer Arms Co.

These prizes will be on exhibition all week at A. Marks, the jeweler.

Kansas University has organized a flourishing boxing club. There are members from both faculty and student body.

### A Wrong Impression.

For some unknown cause there is a feeling among the students and general public that at all events there will be a rate of \$8.15 for the Minneapolis trip. This idea is entirely erroneous. There will be no excursion to Minnesota unless 250 decide to take advantage of the rate of \$7.45 offered by the football management. For this reason all those who intend to take the trip should hand in their names. Do not wait until it is too late, but do it now.

### More Cadet Appointments.

Commandant Chase increased the number of battalion officers last evening by the following appointments:

- Rob't T. Hill, to be 1st lieutenant, assigned to Co. A.
- E. R. Walton, to be 2d lieutenant, assigned to Co. D.
- M. S. Mather, to be 2d lieutenant and quarter master.
- R. S. Harris, to be sergeant major.
- E. O. Eager, to be battalion quarter master.
- W. R. Bowes, to be sergeant in command of field musicians.

The appointments complete the officers roster of the battalion with the exception of the band. This makes an increase over those of preceding years.

### Glee Club Examination.

The Glee Club examining board held trials last evening for forty men. The old chapel was used, and the men remained in the outer hall until called in by number by the secretary-treasurer.

The committee were stationed behind a scene so that none of the candidates could be seen, allowing each man an equal opportunity to get into the club.

Trials were made for all the quartet parts and markings were made for four men for each position with the addition of four men as substitutes, making in all twenty men. As the club will make some trips in the future quality is an essential.

Announcement of results will be made in a few days and other tests will be held for other men wishing them.
