The Week's Convocations.

The following is the program for convocation hour for the ensuing week. Dean Ward leads religious exercises:
Friday—Football Mass Meeting.

"The Tiger is a branch of the cat family. The cat has nine lives. Moral: The Tigers are not dead yet."—M. S. U. Independent.

While eastern papers are slow in stating news of the west and particularly along educational and athletic lines, the university has not been entirely overlooked. The following appeared in the New York Sun of recent date:

"Another One for the Collection.
"We add to our collection of magical formulas the football chant of the young men of Dr. Elisha Benjamin Andrews' University of Nebraska:
We beat Colorado;
We beat Grinnell;
And we'll smash Minnesota
All to U, rah, rah, Nebraska!
Minnesota was smashed. The words had power."

Tomorrow's Songs.

Tune: Hot Time.
Ra! Ra! Ra! Nebraska's got the ball.
Ra! Ra! Ra! A touch down, that is all.
And when the game is o'er,
'Twill be the same as yore,
There'll be a hot time in Lincoln tonight—

Tune: Tale of the Kangaroo.
Oh, Haskell she got nutty,
Oh, Haskell she got gay,
But when the game is ended
She'll feel the other way;
They'll see the constellations,
The moon, the stars, the sun;
Her football team will be sickly,
When this afternoon is done.

Convocation Musical Program.

The following musical program was given yesterday at convocation:
Solo—"The Bandit," Harper; Wilbur Starr.
Solo—Ballade G. minor, Chopin; Al-leyne Archibald.
Solo—"The Good Shepherd," Borri; Mrs. R. A. Holyoke.

Calls Students Down.

Chancellor Andrews in a short talk at convocation yesterday said he deplored very much the indiscretions committed at the celebration of the recent football victory by the students of the university. The Chancellor would rather see no victories than those which must be celebrated in such a manner. He mentioned the mule car incident.

The Chancellor said he wanted the students to celebrate, but in a fitting manner, and concluded by expressing the hope that such a talk would not be necessary again.

Juniors Defeat Academy.

The Junior football team defeated the Academy eleven yesterday by a score of 23 to 0. The game was watched with interest by some seventy-five students. The Academy was outclassed, but they put up a plucky game and played much better ball than they did a week ago with the Sophomores.

The Juniors made a touch down in the first four minutes of play and the ball was in their possession three-fourths of the time.

The first half ended 17 to 0. In the second half the Juniors piled up six more points.

Myers was the best ground gainer for the Juniors, making several end runs of from 10 to 35 yards. Bell kicked all three goals and made a nice place kick for goals from the 20 yard line. Wilson, Newton and Johnson showed up well.

For the Academy Toomey was the star, and Cameron and Vance did good work.

This is the first time the Juniors have lined up and with a little practice they will become a strong class team.

Medics to Have Plus and Yell.

The Medical Society held a meeting in M. 301, last night. A lecturer had been engaged for the evening, but at a late hour sent word that he would be unable to be present. Accordingly a short program was hastily arranged, consisting of readings on subjects bearing on medical questions. Interesting articles were read by Messrs Stanley Smith and Roe.

After the conclusion of the program the committee appointed to confer on designs for a class pin reported. The favorite design seemed to be the skull and cross-bones, but nothing definite was agreed upon in regard to the matter. The committee promised to have definite recommendations to make at the next meeting.

The following class yell was adopted: Zu rah! Zu rah! Zu rah! Riff! Kill 'em! Cure 'em! What's the diff! Cranium crack, Zip! Bam! Ba! Uni Medics! Ne-bras-ka!

The following program committee was appointed: Miss Jetter and Messrs. Allen, Harger and Sturdevant. Mr. Hargis was also appointed to arrange for a more suitable place of meeting and was directed to report at the next meeting.
