SENIORS CHOOSE HAT

Senior Boys to Wear Tri-Colored Hats of Handy Style—To Give the "N" Prominence.

The senior boys met yesterday in room 109 of the Library building and decided upon the hat that they shall wear during the remainder of the year.

Three designs were presented to the class by the committee, Messrs. Bruner, Strayer and Swan. Much pains have been taken by the committee to secure designs that would meet the approval of the class. Two of the designs which were presented yesterday were caps much like those worn by the junior boys last year, and the other was a small felt hat, light and convenient. Some of the boys not being satisfied with any of the caps presented, desired a large broad-brimmed, white hat that was under discussion at a previous meeting. The motion was voted down, however, and the small felt hat received the consideration of the class. The motion to adopt this design was easily passed, but a spirited discussion followed over color and trimmings. The hat, as finally agreed upon, will be Yale blue, with a cream-colored band upon which will be placed simply the letter "N" in scarlet. The idea in using the one letter, without '03, was to depart from a long-established custom and to make the senior hat peculiar.

School of Music Notes.

On the morning of December 16 an entire hour will be given over to the rendering of the oratorios of "The Messiah," instead of the usual convocation. This is the work that the advanced chorus has been working on, and will be delivered with soloists, a string orchestra and organ.

The students of the Conservatory will give their second recital on the evening of December 16th in Memorial hall.

Miss Bess Burruss expects to go on a concert tour after Christmas in a company composed of Mr. Charles Steckelberg, violinist; Miss Marie Hoover, pianist, and Miss Burruss, vocalist.

Professor Wilson has written a very beautiful Christmas service for the Holy Trinity choir, which they will render Christmastide.

Professor Kimball received a letter from Professor Eames last week. He is doing a great deal of concert work in Chicago and in other cities.

Mrs. Wilf Owen Jones gave a recital before the matinee musicale last Monday afternoon at the Fraternity hall.

Debate Today.

The debate in English 13 this afternoon will be "Publicity as an effective means of remedying the evils of trusts." The speakers on the affirmative will be M. L. Hart and Ira Ryner and for the negative B. G. Lewis and S. E. Black.

Basket Ball.

The prospects for a good basket-ball team are excellent. Twenty-five men reported for practice last night. All of last year's second team are back and playing good ball. Several freshmen are showing up in good shape and some excellent material from last year's class teams is available. Benedict, Nebraska's quarterback, is an old Lincoln high school basket-ball player. He has also played on the city Y. M. C. A. and will probably be out for practice as soon as he recovers from football injuries. It is not known yet whether Cortelyou will play this year or not. He was out for practice last night and showed up in his usual form.

Girls' Tournament.

The date set for the girls' inter-class basket ball tournament for possession of the pennant for the season of 1902-'03 is Friday evening, December 12, this being the only available night before the holidays. The tournament is expected to be the most enjoyable event of the year and possibly the only event this year in the way of girls' class athletic contests.

DEBATERS ARE NAMED

President Myers Chooses Juniors to Contest With Senior Debaters—A New Movement.

President Myers of the junior class has named the juniors who will battle with the seniors in the field of argumentation. This debate will take place some time after the holidays, but the exact date has not yet been set.

This will be the first interclass debate in the history of the institution and is certainly a very commendable move. It will raise the standard of debating in the university by creating more interest in the work and at the same time help to stir up much needed class spirit and enthusiasm throughout the institution.

The team will be composed of John Tobin, E. R. Buckner, Burdette Lewis and C. R. Sargent. Mr. Sargent will act as alternate.

are the Sophomores, and the Freshmen, Juniors and Seniors will attempt to win it from them. This tournament was not open to the public last year, but it has been decided to give those who wish to see the game a chance to join in class support and enthusiasm. Tickets will soon be on sale at the university book stores.

"N" Sweaters Awarded.

The following men received "N" sweaters: Cortelyou, Borg, Benedict, Follmer, Bell, Ringer, Mason, Mickel, Englehart, Hunter, Westover, Tobin, Wilson, Cotton, Thorpe, Bender and Shedd.

The girls' class in gymnastics at Wesleyan do most of their work out of doors during the pleasant weather. A basket ball team has been organized and is doing some excellent work. Miss Meeker, '04, has charge of the girls' department of physical culture at that university.

Circulars are now being prepared descriptive of the winter course in agriculture, and the course in dairying and the corn and stock judging parliament. This circular will be sent to 1,500 farmers in Nebraska.

These men have been chosen by Mr. Myers only after careful consideration and a most thorough investigation. They will make a strong team without question. Mr. Tobin was an alternate on one of the last year's interstate teams. Mr. Buckner has made a record in the courses of argumentation, is an able speaker and will fill this position with credit. Burdette Lewis has represented the Omaha high school in inter-scholastic debate, is a prominent member of the Union Debating club and was on last year's interstate squad. Mr. Sargent is a good debater, has received his training under Professor Fogg, and has written the best paper in English 11 this year.

As agreed by the committees on debate, the junior team will select the question to be debated and submit it to the seniors, who will choose their side. Considerable interest is already manifest in this debate and it promises to be a very interesting affair.

The Searle collection of Philippine curiosities is being mounted this week. It contains numerous and valuable specimens of native workmanship and curious articles of all kinds. The collection of Indian relics received last week from B. Y. High, of Niobrara, is also being mounted.
