GREAT NAMES

When fast passenger train service across the continent was first adopted by the Union Pacific railroad, the first train was named "The Overland Flyer," a daily train; the second was named "The Golden Gate Special," a weekly train. These trains have given way to the great California train, "The Overland Limited," which runs every day in the year—the fastest and most superb train traversing the Western continent.

Only three nights from Chicago and only two nights from Missouri River points to California and Oregon via Union Pacific Full information cheerfully furnished on application to

U-PI-DEE.
A new Co-ed has alighted in town,
U-pi-dee, U-pi-da!
In a up-to-datest tailor-made gown, U-pi-de-i-da!
The boys are wild, and prex is, too,
You never saw such a hulla-ba-loo.
CHORUS.—U-pi-dee-i-dee-i-da! etc.
Her voice is clear as a soaring lark's,
And her wit is like those trolley-car sparks!
When 'cross a muddy street she flits,
The boys all have conniption fits!
The turn of her head turns all ours, too,
There's always a strife to sit in her pew;
'Tis enough to make a parson drunk,
To hear her sing old co-ca-che-lunk!
The above, and three other NEW verses to U-PI-DEE, and NEW WORDS, catchy, up-to-date, to many others of the popular OLD FAMILIAR TUNES, besides 100 FAVORITES; and also many NEW SONGS.
SONGS OF ALL THE COLLEGES.

T. U. Fox, who graduates in February, has been chosen as principal of the high school at Sheridan, Wyo.

Clinton Donelson, brother of Miss Florence Donelson, '04, has registered for the winter court in agriculture.

During the recent teachers' meeting held in the city, it was a noticeable fact that the teachers occupying the most prominent positions in the state were alumni of the university.

Mr. O'Gara, who received an appointment from the U. S. agricultural department, is in Georgia, where he will remain until next summer. He has charge of a 9,000-acre peach orchard.

Quite a number of students are taking advantage of the exhibition of the Nebraska Art association, and many more should avail themselves of the oportunity to see the production of the best American artists.

Clifton J. Platt, '99, who is now located at Pasadena, Cal., has been visiting in the city and at the university during the past week. Lincoln was his former home. Mr. Platt was a caller at the Nebraskan office. He is now carrying on a prosperous real estate business in the thriving western city.

Prof. B. E. Moore, of the physics department, and his assistants, performed several difficult electrical experiments before the science section of the state teachers' association last week. The department's experimental apparatus was also open for inspection.

Cause of Steampipe Explosions.

Many steampipe explosions are due to water-hammer action. A plug of water only six inches long propelled by only two feet, under a pressure of fifteen pounds can exert a pressure of 6,400 pounds on being suddenly stopped.

A Sure Thing.

Sparkle—Your sister is wearing one of Miss Pinkle's rings. I wish you'd get it for me. I want to take the measure. Going to buy an engagement ring, you know.

Barkle—Eh? Has Miss Pinkle accepted you?

Sparkle—She will, when I propose. Last night she asked me how I liked her mother.—New York Weekly.
