Sombrero Pictures

At drill Monday evening Captain Chase brought before the cadets the matter of their representation in the Sombrero. He asked each cadet to contribute twenty-five cents toward the expenses incurred by putting their pictures in the annual.

This will insure full page pictures which will be much more satisfactory than the half-page pictures in the Sombrero of two years ago. In that book the pictures were so small that the individual cadets could scarcely be recognized. It is the intention of the present Sombrero board to put in cuts of a size and quality that will make the military department one of the distinctive features of the book, and to that end Captain Chase has asked each cadet to contribute a small amount to pay for representation.
