The Week's Summary

When Nebraska baseball players learn of the '03 schedule they will at once realize that there is something in store for them for which to work. Over twenty games will be played in all. Most of the teams are old rivals, while a few are new foes. Minnesota does not appear on the list. The 'varsity will leave on May 2d for an eastern and southern trip into Iowa, Illinois, Indiana, Missouri and Kansas. Eleven games are expected to be played during their absence. In April and May about a dozen home or near-by games will be played, including the preliminary games with Omaha, Nebraska Indians, and Doane. Games with Bellevue and Creighton will be secured if possible. Manager Bell is as yet uncertain just what games will be played in Kansas, but they will probably be with Kansas University and Washburn. The probable schedule follows:

- HOME GAMES.**
- Preliminary games with Omaha, Nebraska Indians and Doane College.
 - Kansas University—April 17 and 18.
 - Washburn—May 1.
 - Colorado—May 18.
 - Highland Park—May 20.
 - Knox—May 22.
 - South Dakota—May 25 and 26.
 - Bellevue and Creighton if possible.
 - Other games, dates uncertain:
 - Highland Park at Des Moines.
 - Iowa University at Iowa City.
 - Luther College, at Decora.
 - Knox at Galesburg.
 - Beloit College at Beloit.
 - Notre Dame at Notre Dame.
 - Purdue at Lafayette.
 - Illinois at Champaign.
 - Washington College at St. Louis.
 - Kansas at Lawrence.
 - Washburn at Topeka.

Manager Peters announces that the tennis outlook for '03 is good. Farnsworth, the old stand-by, will not be here, but Wright, who won the tri-state championship last year, and Sanger, a reputed player, will be on hand to defend the scarlet and cream. Other Uni players are Peters, Tyner, Peringer, Huse and Huntington. As usual, the tournament with Kansas will likely be the only interstate contest. Arrangements may possibly be made for a meet with Iowa. The tennis association is at present composed of about thirty-five members and it is hoped this number may be increased this year to at least fifty. The present officers are: R. T. Hill, president; G. M. Peters, manager; E. P. Tyner, secretary, treasurer. Practice will begin as soon as the weather permits.

The athletic board of Iowa University startled the student body recently by an ultimatum stating that the floating indebtedness of \$5,000 must be paid before any spring athletics would be countenanced by them. President H. E. Spangler of the athletic union, explained the ultimatum to the students, and said that there would be no baseball or track teams until this athletic debt, which had been accumulating for ten years, was obliterated. As a result of this state of affairs, a committee of 100 men will canvas the students, faculty and alumni and endeavor to raise the money. Iowa supporters feel confident that this can be done.

Systematic cage work has begun and battery candidates practice daily and are getting into form. Some thirty men have declared their intention of playing baseball. While it is as yet impossible to tell just what the prospects are, present indications are certainly not discouraging. Many more men will likely register this week. About fifteen battery candidates have reported, among whom are Captain Townsend, Sampson, Longanacker, Morse, Chase, Hrubesky, Bender, Whitcomb and Carson.

This week has been an exceedingly quiet one in the way of basket-ball. Not a single game has taken place. The first team rested the fore part of the week, after their western trip, and no practice has been held since. The battalion drills at the practice hour, and some of the first and second team men are drilling. They will probably be excused from drill for basket-ball practice soon. The basket-ball class will have to practice in the chapel most of the time.

Those in charge of the debating interests of the University are to be congratulated on the success of the Senior-Junior debate which was held last Wednesday in Memorial hall, and which was the first of a series of three interclass debates which have been arranged for. These interclass debates will not only stimulate class spirit; they will be a great benefit to debating in general. We have other interclass contests; why not have intellectual contests? The debating board decided last fall to have these interclass debates, and those who are interested in debating eagerly came to the support of the undertaking. The crowd that attended the debate last Wednesday night was not large, but it is hoped that the attendance will be increased in the future. The new plan was at least inaugurated, and it is believed that more class spirit will be aroused for the two other debates which are to be held in the near future. Friendly class rivalry is a good thing, and these debates will give it the proper impetus. In the debate held Wednesday night the Juniors won, the decision of the judges being unanimous. The Juniors had the affirmative of the publicity phase of the trust question and were represented by Thomas Johnson, Burdette Lewis, and Ira Ryner. The Senior debaters were S. E. Black, H. G. Strayer and J. N. Norton.

The debating squads held several meetings during the week. More systematic work will be done, however, after the members of the teams are selected. A second preliminary was held in Memorial hall from 5 to 6 o'clock Tuesday, in which L. C. Lightner, G. M. Peters, J. M. Paul, F. M. Hunter and J. C. McReynolds take part. It is not known at present when the names of the successful candidates for positions on the interstate teams will be announced.

Prospects for a good track team are flattering. Nearly all of last year's men are back and some excellent new material is available. Over thirty men have reported for indoor practice and all that is needed to put out a first-class team is for the men to get out and train. There is more material in school than there has been for some time and every one with any ability should turn out and do his part. With this amount of material it ought not to be necessary to adopt the Northwestern "draft" rule, but unless a proper showing is made such a course might be worth considering. The track team will be under the efficient supervision of Dr. Clapp. Among those who have been showing up well are Captain Tobin, Benedict, Hewitt, Johnson, States, Lehmer, Borg, Mowck and Corr.

Every University student and supporter of the scarlet and cream will be more than pleased to learn that "Chick" Shedd, Nebraska's star end, is slowly recovering and has been out of danger for some time. Further, the physicians say he will recover permanently. Mr. Shedd is no longer bed-fast, but is able to walk about indoors with the assistance of a nurse. It is hoped that he will be able to be out in about three weeks. He is under the care of Dr. M. H. Everett, at the sanitarium on Fourteenth and M streets. Mr. Shedd has been ill for more than ten weeks and only a robust constitution, and the fact that he was in football training when taken sick, have enabled him to withstand the hardships of so long a siege.

A pessimist is a man whose views of life are in accord with his disordered liver.

Egotism is too often mistaken for genius.
