### Those of Other Days

T. F. A. Williams, '92, entertained the College Settlement Wednesday night with a talk on the Lincoln post-office.

C. C. Chase, '83, and D. H. Wheeler, '83, of Omaha, were in Lincoln last Sunday to attend the funeral of Miss Ellen Smith.

I. H. Hatfield, '94, has been making trips to the mining properties in Oregon and Washington, and reports an interesting country and good prospects for investors.

Arthur Sims, '00, who will be remembered as assistant in the chemistry department, is confined to his home in South Lincoln with a severe attack of rheumatism.

Adolph Shane, '00, recently resigned as electrical engineering instructor in the University of Oklahoma to accept a position as electrical engineering instructor in the University of Pennsylvania.

Word has been received from Ernst Bessey, '98, now in Germany, to the effect that at the January meeting of the Deutsche Botanische Gesellschaft he was elected to full membership in the society.

I. E. Brooke, H. L. Senger and C. O. Crane, electrical engineering graduates of this year, have gone east to take up work. Mr. Senger is to be located in Illinois, Mr. Brooke in Chicago and Mr. Crane at Schenectady, N. Y.

Ernest F. Warner, '97, who went into mining brokerage on the Pacific coast together with a former student by the name of J. Gillam, is said to be doing exceedingly well at that. Some of his acquaintances report that the firm has made something like \$200,000 in the past two years.

Edward O'Shea, of Lincoln, who served in company D, First regiment, Nebraska Volunteers, during the Spanish-American war, has presented the State Historical society with a valuable collection of Philippine curios. The collection included a Spanish flag which was in Fort Malaca when the fort was captured by the American forces.

R. D. Hubbard, '00, has been appointed assistant state engineer under Adna Dobson, state engineer. Mr. Hubbard succeeds J. C. Stevens, who resigns to accept an appointment in the reclamation service of the United States geological survey, and will be assigned to duty in connection with hydrographic work in Nebraska and Dakota under the direction of Prof. O. V. P. Stout. Mr. Stevens received his appointment through the civil service examination held a short time ago.

A letter from Rev. E. H. Kring, '99, pastor of the Woodruff church of the Evangelical association, Woodruff, Kan., contains the following: "I suppose you already know that I have been occupied in the ministry of the Evangelical association since I left school. In the spring of 1901 my health failed and I had to take a vacation of one month. In addition to my pastoral work, I am for the third year serving as president of the Platte River Conference Branch Young People's Alliance, not so pretentious an organization as the name might signify, but embracing about 400 of the young people of our church, the Evangelical Association of North America.
