**The Graduate Club Address.**

Several times the usual number of alumni and friends attended last Saturday night's meeting of the Graduate club, held at the hospitable home of Mr. and Mrs. A. J. Sawyer. All enjoyed thoroughly, from beginning to end, the able and entertaining address upon "Dante" by Rev. Stritch, of Creighton University. The facts presented about the great Renaissance forerunner and disciple were in themselves interesting and instructive enough to hold attention; but presented with the eloquence and wealth of illustration they were by Rev. Stritch, they seemed to transport the hearer back to the days of Dante's living. The evening was declared by all to be one of the most pleasant ever spent under the auspices of the Graduate club, and elicited a liberal portion of praise to be divided between those taking part and those responsible for the excellent program. A piano solo by Miss Anna Stuart, and a vocal solo by Mrs. H. B. Ward contributed much to the occasion and college songs by several of the club's members concluded the evening's entertainment. Preparations are reported already under way for an interesting program at the next session, which will occur early in May at the home of Professor and Mrs. Sherman.

**Academy Notes.**

The educational exhibit of the growth and the process of manufacture of the cocoa bean, presented by Huyler of New York city, has been placed in the laboratory building.

The Social Hour club, at its monthly meeting last Thursday listened with pleasure to a program composed of piano solos by Miss Laura D. Puffer and Miss Grace Stewart and readings by Misses Jane Blanchard and Ruth Baker. Cake and ices completed a very enjoyable hour. The officers of the club, Misses Cameron, Platz, and Barbour, are credited with the excellence of the program.

The academy will conduct a summer school, beginning June 12th and lasting six weeks. There will be two hours of recitation in each subject daily for six days a week, and a credit of one point given. There will be beginning courses in Latin, German, physics, chemistry; also courses in Caesar, solid geometry and algebra from quadratics on. Circulars giving details will shortly issue from the press.

The debating club, at its meeting Friday night, elected A. H. Miller as president, H. G. Myers vice-president, and W. E. Lamb secretary and treasurer. They will hold office for the balance of the year. The club has made excellent progress under its former officers, of whom M. W. Ryan, the president, deserves special credit. The question debated last Friday night was compulsory arbitration between employers and employees.

Eat at Don's Cafe.
