The Pan-Hellenic congress met Saturday at the Kappa Sigma house and transacted business of inter-fraternity importance. A baseball league will be organized among the fraternities, and match games will be played this spring to decide the championship. A silk pennant is to be made and will be presented to the winner until next year. If the same fraternity wins the pennant for three successive years, it will belong to them ever after. A committee consisting of James Van Burg, S. X., Oscar Velt, S. A. E., and H. T. Parker, P. D. D., will have charge of all matters relating to the league. It was also arranged to have an inter-fraternity barbecue, to be given the last week in May. A place three or four miles from the city will be selected as a site for the picnic, and thither the fraternity men will repair on some Friday or Saturday. Oxen sufficient to feed the multitude will be roasted, and other appetite destroyers will be there in abundance. Ball games will be played and the picnickers will return some time during the night. It is expected that two hundred fraternity men will participate in the event. George P. Shidler is chairman and representatives are chosen from the various frats.

Chairman Farney of the senior prom committee has practically completed all arrangements for the dance, which is to be given April 17th. The date has been made at a time that is believed will suit the convenience of all, and a large attendance is expected. As the dance comes after Easter, those who are particular about observing Lent will have no religious scruples to overcome. No expense has been spared in making preparation for the affair, and those who attend will be given a better dance for a smaller price than has been the custom in

University affairs for some time. Eddie Walt, with an orchestra of eight pieces, has been engaged for the occasion and will furnish the music for twenty dances. In order that as much time as possible may be devoted to dancing, the grand march will begin promptly at 9:30. This does not mean that it will begin at 10 o'clock, and plans should be made with the understanding that the dance will begin promptly at the scheduled hour.

*

The next band dance will probably be given at the armory next Saturday night. The date has not yet been decided upon, but that seems to be about the only favorable date before Easter. The senior party will be held on Friday night, and the next week the Easter recess will interfere with any social doings at the end of the week. Since the first dance was such a success there has been a growing interest in the matter and the indications are that the attendance will be greatly increased. The band made good money on the first occasion, and there are indications for even greater success in the future.

Misses Matthiesen and Sterling entertained their fellow boarders of 535 North Sixteenth street last Wednesday evening. Games were played until 10 o'clock, when the guests were invited to seat themselves at a table beautifully decorated with ferns and flowers.
