SIGMA ALPH WINS SECOND.

Goose Eggs Pi Beta Phi Yesterday.—Indians Play Tomorrow.

The second of inter-fraternity league ball games was played on the campus yesterday between the Betas and the Sigma Alphas, and resulted in a victory for the latter by a score of 12 to 0.

Elliott went to bat for the Sigma Alphas and started the game by knocking a home run. Eager got his base on balls, but died on second. Elliott and Shidler scored in the third inning and Brown knocked a home run in the next. Eager and Elliott brought the score up to six in the fifth. Two home runs, by De Putron and Graves, and scores by Hayman, Brown, Gore and Eager were the result of the seventh inning.

Culbertson for the Betas reached second on a fly to right field in the fourth inning. Everybody else went out in one-two-three order until the last inning, when McKillip reached first on a hit and stole to second. Culbertson reached first and "Scottie" went on to third, but was put out in attempting to reach home.

Gore did good work in the box for the Sigma Alphas, striking out thirteen men, and allowing none to walk. The line-up:

Betas	Sigma Alphas
Culbertson.....c	Graves
McKillip, Moodra p.	Gore
Hazen.....ss	Elliott
Bell.....1b	Velt
Montgomery.....2b	Eager
Moodra, McKillip. 3b.	De Putron

Sigma Alpha	1	0	2	1	2	0	6	0	*—12

Tomorrow Nebraska meets the Nebraska Indians on Nebraska Field. This game always calls forth one of the largest crowds of the season. Many attend to watch the red men maneuver, who do not care much about the game. The game has been well advertised and indications point to the filling of the grandstand. It will likely be an unusually good game. Last year the University defeated the Indians. Nebraska must maintain her reputation. The redskins will shoulder the stick tomorrow with the sole intention of scalping their white opponents, and will do all in their power to carry out this intention. If a Cornhusker crosses home plate he will earn his run. On the other hand, Townsend's "colts" will never be caught "asleep at the switch." They are as determined to win as they were just before the Kansas games. They would like to rival the football eleven of '02 in its great success. Reports from Havelock, where the team is organized and made up, are to the effect that the Nebraska Indians are swifter than ever. They are said to have a twirler who is a puzzle to the best hitters going. They are relying upon him to do the business tomorrow. They will find that Nebraska can also twirl a little.

The second team defeated the high

school nine yesterday afternoon at the city baseball park, piling up ten scores to the high school's three. Ling did the throwing for the University. The game was a practice one, preparatory to the trip the second team expects to take shortly, and encourages the boys in the hope of bringing home some or more of their opponents' scalps therefrom.

GLEE CLUB IN DEMAND.

Has Calls for Many Dates.—Another Trip Today.

The Glee club leaves this afternoon at 1:15 to sing at Wahoo. This concert will be given under the direction of the public schools of that city. That the concert will be a success is already assured from the large advance sale of tickets. The regular program of the club will be added to by special selections given by Professor Starr at the request of Wahoo people. Otherwise the program will be that for the regular season.

The boys will all be entertained by the high school people, who will take care of them over night and allow them to return on the early morning train. The club will go to the high school upon arriving at Wahoo and will give a short impromptu program. A week later, April 30, the club will sing at Beatrice, at the First Presbyterian church. This date is pushed by the ladies of that church. They promise a good house and are much interested in the matter. Other applications have been received by the manager, but it is thought the season is about filled for this spring. A more active campaign for dates will be made next year. The dates this spring are to get the club well started, and for the purpose of getting some reputation. The latter is rapidly materializing already.

Finally, the club will give a post-season concert in Lincoln for the benefit of those who failed to hear it at an earlier day, during the winter. Arrangements have been completed with the Epworth league of the St. Paul's Methodist church of the city for a concert Monday evening, May 11.

Advertising matter and other announcements will soon be made as to this final appearance of the club this year.

PUZZLING DOCUMENTS.

Contradict Accepted Ideas of Early Nebraska History.

The secretary of state recently turned over to the state historical society a group of documents which is giving investigators of Nebraska history a good deal of trouble. All previous material, both original and secondary, has agreed in showing that Nebraska territory was not created till January, 1854, that Governor Burt was not appointed to his office until the spring of 1854, and that he did not arrive there until the fall of the same year. Among the new documents, however, are vouchers for moneys paid in December, 1853, to "Governor Francis Burt, of Nebraska Territory," at Columbus, N. T. No other records show the existence of any such place as Columbus, N. T., before late in 1854 or early in 1855.

The explanation of the documents on the ground of a slip of the pen, in the substitution of "3" for an intended "4" is not plausible; for Governor Burt was dead and buried before December, 1854. It would be easier to explain them on the ground of deliberate forgery of place and circumstances; but no motive for such a "forgery" is known.

On the whole, both the members of the historical society and Professor Caldwell's seminar in state history, before whom the documents are now being presented, are quite in the dark as to what unsuspected Nebraska history the investigation of these new "sources" may lead.

This weather makes a fellow think of putting on spring clothes. But first he must have them. The right kind are made by Bumstead, in the Burr block.

A German Chorus Class.

Under the auspices of the German department a chorus class has been organized and will meet for the first time next Friday, at 1 o'clock, in the old chapel. The purpose of this class is to become familiar with the splendid German popular airs and national hymns, and a few of the classics. Books have been procured especially for this purpose and may be had, while they last, at the University Book Store, for 35 cents.

The class will be under the leadership of a competent director and will be instructive as well as musical. All who can spare the time are cordially invited to join the class, Friday, April 24th.

Professor Nicholson has received requests from sugar factories out in the state for a number of sugar chemists. These positions carry a salary of \$50 to \$60, and furnish an excellent opportunity for men with the necessary qualifications to get a good start.

The Delian male quartet, composed of Messrs. Vasey, Lindeman, Bruce, and De Bey, will be assisted by Messrs. Baldwin, Bates, and Miss Craig, readers, in a musical program Friday evening in old chapel, at 8:30.
