Miss Mae Denslow is enjoying a visit from her brother.

Ex-Regent Kaley, of Red Cloud, was a caller at the historical society rooms last Tuesday.

The historical society enjoyed a visit from Mr. Mayhew, a lawyer of Loup City, yesterday.

Eugene Spencer returned yesterday from Red Oak, Ia., where he had gone to attend his sister's wedding.

Professor Cook began his course of lectures on "Jurisdiction of the Federal Courts" in the law college yesterday.

Dr. J. C. Christensen, '00, is attending the meetings of the State Medical society being held in the city this week.

Dr. Ward went to Sioux City, Ia., yesterday to deliver the commencement address before the Sioux City Medical College.

Professor Stout left last evening for Lexington, where he will conduct some investigations on the irrigation situation in the western part of the state.

The president, secretary and chairman of the executive committee of the alumni association held a meeting yesterday to consider the scheduling of arrangements for commencement week.

The Men's and Young Women's clubs of St. Paul's church will give a bicycle ride Friday morning. The party will leave the church at 6 a. m., returning at 7 a. m. for breakfast. Bicyclists are invited to join the party.

The management of the "University Liederkranz" wish to announce that the chorus will meet next Friday afternoon at 1 o'clock, and thus not interfere with the Ivy day program, which takes place later in the afternoon. The second order of books has arrived and may be had at the Uni Book Store.

From now until competitive drill the different companies of the cadet battalion will get in their best work. Company D, which won the cup last year, and is in the race for it again this year, set the ball rolling Monday by pinning on their "P. D. Q.'s." The first sergeants will now be called upon continually to supply the fair supporters of their respective companies with colors and badges.

The engineering society has just received new pins to be worn by its members. The pin is a unique little affair, and has received many favorable comments. It is a gold disc three-eighths of an inch in diameter, bearing the words "Engineering Society" in blue letters around the border. In the center is a gold "N." mounted on a blue background. The pin is issued only to members at \$2.00 and goes back to the society when any member withdraws from the organization.

Wednesday Evening News: Sam Lethby, who made such a name for himself as a clever pitcher on the University team last spring, seems to be making good with the Cedar Rapids Three I league. In the game with the Fargoes the other day he won out, letting his opponents down with four hits. Lethby signed with Helena, Mont., early in the season, but they did not send for him, and he accepted the offer of the Cedar Rapids club. He has speed to burn and some clever curves, and if he don't make the other pitchers go some to keep up it will be an indication that he has lost considerable of the talent that made him such a whirlwind at the University last season.
