Tomorrow.

All arrangements are practically completed for field day, which will be held tomorrow. There is considerably more interest in track athletics this year than ever before and as the list of entries will show, more men are registered than in any previous season. The management is doing all in its power to bring out a crowd, and if this can be done the meet will be a complete success. The half-mile inter-class relay will be one of the features. Four men will represent each class and a close race is anticipated.

Upon the showing made Saturday will depend, in a large measure, Nebraska's chances for success in the four meets to be held in the future. As far as the athletes are concerned, they will do their part and what is now needed is the proper support from the students. The list of entries is as follows:
