MAKE IT ONE MORE.

Nebraska Takes Knox's Scalp to Tune of 6 to 12.

Galesburg, Ill., May 6.—(Special to The Nebraskan.)—Captain Townsend's colts were in trim today and took a fast game from the Knox team by a score of 6 to 2. Beltzer was in the box for the Cornhuskers and held the Knoxites down to four hits. Knox scored in the first, and Nebraska went out in one-two-three order. The lucky second won the game for Nebraska. Six hits and an error gave Nebraska five runs and the game. Nebraska had only two errors and played like old-timers. The score:

	1	2	3	4	5	6	7	8	9	
Nebraska	0	5	0	0	0	0	0	0	1	—6
Knox	1	0	0	1	0	0	0	0	0	—2

The above message brought the news last evening of one more Nebraska victory, making three out of the four so far played on the trip. The Cornhuskers have evidently recovered from their temporary demoralization of Monday, and are playing the game now for all it is worth.

Today they meet Lombard College at Galesburg, and tomorrow comes the big game with Notre Dame.

Barbecue Date Changed.

The Pan-Hellenic barbecue committee met again yesterday and the following sub-committees were appointed: amusements—Fred Sweeley, John Forsythe, H. T. Parker; refreshments—Fay Neeley, John Green, Lin Huntington; transportation—George Shidler, Herman Leehmer, Verne Hedge; music—Bump Campbell, Ralph Jenne, Jim Van Burg.

Considerable interest is being shown by alumni over the state, and several letters of inquiry have been received from out of town frat men. As May 23d interferes with the Beta Theta Pi banquet, and the Saturday Night club's annual cotillion, the committee has seen fit to change the date to Thursday, May 21. An excursion train will leave at 2 o'clock in the afternoon, returning in the evening.

Professor Shantz, of Colorado College, Colorado, who has been appointed instructor in botany in the University school of agriculture, writes to Professor Bessey that he will be on hand early in the fall in order to be prepared to take up his work with vigor. At the same time it is his intention to work for his doctor's degree, taking for his major subject one or more lines of botanical study. Professor Shantz has been in full charge of the department of biology in Colorado College during the past two years, and has been a very successful teacher.

Captain Wright, inspector of the department of the Missouri, will inspect the University cadet battalion Friday afternoon at 3 p. m. White duck trousers will be worn, and each cadet has been ordered to put his equipment in perfect condition, so that the department may make a creditable showing.

HIGH SCHOOL DAY,

Tomorrow's Holiday Will Bring Numerous Visitors.

Tomorrow will be a holiday at the University, when students and faculty will be expected to entertain the large number of high school visitors who will pour in over various roads tomorrow morning. One day set apart for this purpose is fitting, at this time of year at least, because a portion of every high school graduating class in the state will probably continue its work either here at the University or at some college or normal. The University is the highest state institution of learning, and those who have completed a high school course naturally look toward it as a place for completing their equipment for the duties of life. Tomorrow will give students of Nebraska secondary schools an opportunity to see our institutions and may help many to decide upon their future course.

No estimate can be made of the number that will visit the University, but since the Missouri Valley field meet takes place on the campus Saturday, many will come and remain two days, taking in both programs. Railroads have made a rate of one and one-third fare from all points within one hundred miles of Lincoln, tickets being good for return on May 10. Visiting delegations will be met at the depot and escorted about the campus by University students wearing "U. of N. Guide" badges.

Kansas Tournament May 29th.

Arrangements have finally been completed whereby Kansas will meet Nebraska on the latter's tennis courts Friday and Saturday, May 29th and 30th. Drawings for the home tournament will take place next Monday, the 11th, and the matches be pulled off immediately thereafter. The winner will be one of the men to represent Nebraska against Kansas. The second man for the interstate will be chosen by a second tournament to be played off shortly after. All men interested in tennis are urged to be at the drawings, as the larger the number of entries, the more good material is likely to be developed. No charge is made for drawing, but only members of the association are permitted to participate.

Mr. Willard Reaves, of Alaska, delivered a very interesting lecture yesterday afternoon before the class in Geology 16, on "Alaska and the Klondike Region." The lecture was illustrated, many beautiful and instructive views being shown of the topography of the country and its industrial progress. Mr. Reaves also spoke of the vast financial importance of the fisheries of seal and halibut, and the immense mines developed in recent years. The class considered it a treat to hear the experiences of so practical a man.

SENIORS WIN FIRST GAME.

Overcome Juniors' Endeavors by Score of 13 to 12.

Yesterday afternoon the senior and junior classes met on the baseball diamond to decide who had the better team. The seniors emerged victorious by the close score of 13 to 12. Ferguson and McGeachin pitched for the seniors and Walton and Newton for the juniors. Ferguson pitched the first three innings for the seniors, and held the juniors down to two scores, when McGeachin went into the box. Walton pitched until the middle of the eighth, when Newton was put in. The juniors were ahead during the most of the game, but the seniors began to hit the ball in the sixth and kept it up until the end of the game. In the last of the ninth inning the seniors came to bat five scores to the bad. Buck led off with a three-bagger and Ferguson and McGeachin each followed with a two-bagger, while the next man up found Newton easy. After batting around, the seniors had made six runs with only two men out and a man on second, and the game was won. For the seniors, Ferguson made three two-baggers and scored three times; Buck made a three-bagger and a two-bagger and scored twice. McGeachin was not far behind in hits. Newton did the best playing on his side, scoring four times, though the seniors found him easy in the last inning. Following is the line-up:

Seniors.	Juniors.

The medical department has just received at the anatomy laboratory a set of outline charts to be used by the classes next year. By means of them the students will be expected to record every detail of the dissection. This is in line with the plan followed by leading medical colleges of the country.

The spring work of transplanting plants from the greenhouse to the campus flower-beds was begun yesterday. Superintendent Fee thinks there is now no danger of any more such relapses into winter as occurred last week.

HOME MEET TODAY.

Uni Athletes Will Contest for Local Honors This Afternoon.

The annual University field day will be held this afternoon at 2:30. Men and teams were at work grading the track yesterday. It will be rolled and put in good condition for today's meet.

All indications point to this being one of the best meets ever held on Nebraska Field. An unusually large squad has been going through the ordeal of hard training under the supervision of Dr. Clapp. If the weather is favorable the management would not be surprised to see some records broken in the runs, pole vault and weight events. About forty men have entered and every one of the fifteen events will be well represented. Competition for places on the track team has never been as close as this year and to win a place every man will have to do his best.

A special feature of this meet is the interclass half-mile relay race in which sixteen men will take part, each man running 220 yards. This is something new at this institution and it is expected to arouse considerable interest. The teams for the most part will be composed of men who have had the advantage of regular training. This event and the fourteen regular track and field events will certainly afford the spectators a liberal amount of entertainment.

The showing made today will in a large measure determine our chances for success in the four meets to be held with other schools. Nebraska has a heavy schedule this year and every one interested in athletics and the reputation of the University is anxious to have the men make a creditable showing today. The proper support from the students will do much toward this end. Come out and give the athletes a show. The list of entries is as follows:

100-yard dash—Fenlon, Burg, Cheney, Reed, Sampson, Mauck, Manning, and Driscoll.
220-yard dash—Fenlon, Burg, Cheney, Benedict, Sisson, Sampson, Pembroke, Manning, Driscoll, and Mauck.
440-yard dash—Johnson, Pembroke, Manning, and Fenlon.
Half-mile run—States, Lehmer, Benedict, Searle, and Penrod.
One-mile run—States, Corr, Lehmer, Searle, Penrod, Turner, and Flansburg.
Two-mile run—Searle, States, Corr, Lehmer, Horn, Winchester, Sampson, Penrod, Turner, and Flansburg.
Pole vault—Johnson, Lehmer, and Benedict.
120-yard hurdles—Hewitt, Winchester, Reed, Mauck, and Leonard.
Broad jump—Hewitt, Burg, Horn, Winchester, and Leonard.
High jump—Johnson, Benedict, Leonard, and Hewitt.
Hammer throw—Hunter, Sisson, Tobin, Martin, Douglas, and Hickel.
Discus throw—Hunter, Briggs, Johnson, Tobin, Martin, Hickel, and Douglas.
Shot put—Hunter, Briggs, Martin, Tobin, Douglas, and Hickel.
