UNIVERSITY OF NEBRASKA, LINCOLN, THURSDAY, MAY 14, 1903.

No. 144.

LOBINGIER RESIGNS POST-SEASON GLEE CLUB CONCERT

Regents Accept.—New Buildings Located.—Other Business.

The board of regents met in adjourned session yesterday at 2 o'clock, all members being present except Regent Kenower. In the absence of the president, Regent Rich was chosen temporary chairman.

On motion the reading of the minutes of the last meeting was dispensed with for the present.

The resignation of Mr. C. S. Lobingier as professor of law was accepted, taking effect September 1, 1903.

The special committee on a right of way for an interurban railway through the University farm reported as follows:

1. That it is considered undesirable to have a railway line of any nature located on any portion of the University farm.

2. That even if thought desirable we question the authority of the board to grant such right of way. On motion the report of the committee was received and adopted.

Upon the recommendation of the medical college faculty it was ordered that the degree of doctor of medicine be conferred upon twenty-six candidates and that diplomas be awarded to them after the custom of the University at the medical college commencement exercises occurring in Omaha on the 14th inst.

The petition from the Ministerial association of Lincoln concerning the cadet encampment was received and referred to the chancellor for reply, the University senate having made a recommendation touching the matter which is approved by the board.

The special committee upon law college matters reported, recommending the adoption of the outline for the new three years' course of study for said college. The report was approved. The matter of the purchase of case books for the use of the law college was referred to special committee to report at the next meeting of the board.

The building committee submitted a report covering the following items in substance, which report was received and approved:

1. Fixing rates of compensation for architect's services for the various buildings, for complete plans, tracings, detail drawings and specifications and all changes therein necessary for the construction of the various buildings.

2. That the new physics building be located immediately west of the main building, corresponding to the Grant Memorial hall annex on the east side of the main building, provided that satisfactory arrangements can be made for the enlargement of the athletic field.

3. That the new administration building be located on the south front of the campus between the walks at the intersection of Eleventh street and on or near to the property line; that it be designed without reference to an auditorium annex; that it consist of two low stories, ground floor and second floor only, without basement story, and be of attractive architectural design; that a suitable driveway be laid from R street around the building with a covered approach and entrance at the rear.

4. Recommending general items of improvements contemplated at the farm, aggregating approximately \$40,000, including dairy barn with stock judging pavillion, a shop building and its equipment, horticultural buildings, chemical laboratory equipment, fire protection, steam tunnels, repairs of dairy building and barn, new boiler and power apparatus, and other minor items.

5. That new buildings be located on

MAYBE MINNESOTA.

Possibly a Meet With the Northerners Yet.—Knox Notes.

As a result of last week's negotiations between Minnesota and Nebraska over a track meet, a telegram was received from the Gopher management yesterday asking if Nebraska could come to Minneapolis on May 23 for a dual meet with Minnesota. Kansas was at once telegraphed to see if the meet with the Jayhawkers could be postponed until June 6. The local management anxiously awaits a reply. If a change can be made a Minnesota meet may take place yet. It will be remembered that Minnesota offers quite an inducement in that she guarantees three hundred and fifty dollars and a return meet for next year. The latter is especially favorable, as a track meet with our strongest football rival on Nebraska Field would likely do as all other athletic contests with her have done—reimburse the local treasury and arouse interest in this line of college sport.

Track team athletics assumed a brighter aspect yesterday. The weather cleared up in part, and possibly by this afternoon the track men may be able to return to the track for practice. The hurdles were placed on the campus green last night, and the hurdles went through the usual ordeal on the grass. The sprinters also took a spin about the grounds in an endeavor to get into shape for Saturday's meet with Knox College. If it clears up today the whole fifteen men will be out and hard at work. The ten men who will represent Nebraska Saturday are still to be selected. The men are anxious for the final try-out.

But meagre reports are as yet to be secured regarding the Galesburg men. No trace of their records in their home meet has been found. If we had their records, quite a satisfactory comparison might be made between the two teams. Nevertheless, it may be taken for granted that the men from Illinois will be a set of strong and speedy athletes. They have already made a reputation. As their schedule may be of interest, we publish the following clipping from the Knox Student of April 23:

"After an extensive correspondence with most of the colleges and universities of the middle west, the track management has succeeded in obtaining track events with several well known institutions with whom Knox has had athletic contests in the past. The schedule includes meets with University of Nebraska, Lincoln, Neb., May 16; Northwestern College, May 30; Cornell College, June 5. The customary annual dual meet which has for many seasons been held with Illinois College at Jacksonville, has been called off by Illinois because of the lack of track interest at that college. The Knox management has concluded arrangements for a triple track meet

between Illinois Wesleyan, Lombard and Knox to be held at Galesburg Saturday, May 23, at Williams' track."

For the first time in the history of the institution, University students and Lincoln people will have the opportunity of witnessing a really first-class interstate meet on Nebraska Field. As already pointed out, the much desired future development of track athletics depends greatly upon what Nebraska can do in this meet, and especially upon whether interested persons will patronize it or not. In other words, this large eastern institution will be brought here next Saturday as a test of whether or not the standard of track athletics in Nebraska University is high enough yet to warrant such a meet as this one. It requires much more money to take on a large college like Knox than Doane, Kansas and our other old track team foes. If it should prove a financial failure this time, such a meet will not likely be scheduled in the near future. That great effort is being made by those vitally concerned to make this event a financial success is shown by the following letter issued to every member of the track team squad:

"May 12, 1903.

"Dear Sir:

"Enclosed find ten (10) general admission tickets for the Knox-Nebraska dual meet Saturday, May 16. You will also find two (2) complimentary for your own use. The athletic board rather reluctantly voted to guarantee Knox \$250 for their meet. The general sentiment of the board seemed to be that the meet would be a flat failure financially; that the board would lose from \$175 to \$225 by the venture, and considering the heavy drains put upon the treasury this winter and spring, that the board should not guarantee any such amount even for a good meet. Through the influence of those particularly interested in track athletics the motion to schedule the Knox meet was passed. In view of the above conditions the track committee takes the liberty to ask each man on the team, in the interest of track athletics in the University of Nebraska, to do his best to dispose of the tickets turned over to him. If we can make this a financial success, another year we can depend upon the support of the board in arranging a much stronger schedule of meets and better equipment on field and track. Yours for better track athletics.

"TRACK COMMITTEE.

"Raymond G. Clapp, Chairman."

KNOX TRACK MEET

Biggest meet ever held on Nebraska Field. Only one this year.

Saturday, May 16

35 and 45c

NO GAME YESTERDAY.

Tuesday Game With Washington Easily Won by Nebraska.

Yesterday's game with Kansas was postponed on account of rain.

The report of Tuesday's game with Washington University, of St. Louis, reached us after the forms for yesterday's paper were locked up and ready for the press. The game was easily won by Nebraska, as the score below shows. Longanecker put up a fine game, giving the St. Louis people no runs, the three they acquired being gained through Nebraska's errors. The score:

	1	2	3	4	5	6	7	8	9
Nebraska	3	0	1	0	6	0	2	2	1—15
Washington	0	0	0	1	0	0	0	0	2—3

Hits—Nebraska 17, Washington 6.
Errors—Nebraska 4, Washington 7.
Batteries—Longanecker and Bender, Saylor and Sessinghaus.

BENDER LED.

Borg, Coats, Davis, and Mason Other New Members Board.

The election of student members of the University athletic board took place yesterday in the armory. The polls were opened in the physical director's office at 10:30 and remained open, save an hour for noon, until 3:30.

A counting of the votes revealed the fact that the fraternities came out ahead, only one "barb" being elected. The balloting resulted in the election of Bender, Borg, Coats, Davis, and Mason.

Bender, as one of the most popular of the University athletes, led the list in number of votes, receiving over 400 out of 480 votes cast. Borg, also a prominent man in athletics, followed closely. Coats, who had the backing of Y. W. C. A. as well as fraternity men and athletic students, took third place, and Davis and Mason completed the list. Mason, who announced his candidacy only yesterday, drew a large number of votes, considering his short campaign, but got in with very few to spare.

The student members of the athletic board hold an enviable position, since the board controls athletics for the entire institution, outside of class games, and even these may soon come under its jurisdiction. Some objections have been found by the non-fraternity men, because the fraternities elected four of the five new men. There were, however, only three non-fraternity men in the field and the fact that one of them was elected is taken as pretty good evidence that the whole thing was not a put up job.
