LOSE TWO TO KANSAS.

Nebraska Runs into Rough House at Lawrence.

Nebraska went down in bitter defeat yesterday in two games at the hands of her old rival, Kansas, by scores of 6 to 4 and 2 to 1. Beltzer and Morse twirled and Bender caught both games. In the first game Nebraska went to pieces in the sixth inning and Kansas ran in six scores. In the second game, which was a fine exhibition of the national game, the Cornhuskers barely saved a shut-out by scoring once in the ninth inning. After the second game the K. U. students made a raid on the Nebraska team, taking part of their gloves and equipment from them, and the Cornhuskers had to fight their way to the hotel.

ALL READY FOR KNOX MEET

Yesterday's sun practically insured the big Knox-Nebraska meet, unless more wet weather follows today or tomorrow. With fair weather predicted for today, it is likely that tomorrow's dual meet will be a sure thing.

The track was not in very good condition yesterday afternoon, but the fifteen men were out in full force doing their worst and a practice full of speed and vim was held. Today will be the last practice before the contest, and preliminaries will be held to decide upon the ten men who will represent Nebraska tomorrow. The men all showed up in good form yesterday, and appeared to be little affected by the lack of recent systematic practice.

Everyone can rest assured of having an opportunity of witnessing tomorrow the best meet ever held on Nebraska Field. While the practice of the Cornhuskers has been hampered somewhat by unfavorable weather, the sprinters have been practicing daily on the grass and the other men have been at work inside. While Knox comes with an enviable reputation, Nebraska athletes realize how much there is at stake, and are determined to "win or die." The Galesburg men will find a warm reception in store for them at Lincoln. A clue has been secured concerning the records of the Knoxites, and there is nothing about them which would tend to indicate anything but a fierce and hard fought battle for supremacy. It must be borne in mind that Nebraska has some record-breaking athletes who are among the strongest in the west.

Students should not forget that this is the only track meet they will get to witness on the home grounds this year. The next meet is with Kansas, on May 23, at Lawrence, and on the 30th the track team goes to Dakota for a meet with the South Dakota University.

The usual monotony of such athletic events will be done away with this time. A new system has been adopted whereby the ordinary "drag" will be

dispensed with, and a continuous performance will be given. There will be "something doing" any and all the time. Everyone is doubtless aware of the fact by this time that the University athletic board countenanced this meet with, as they thought, considerable financial risk. Whatever patronage is given will be taken as a criterion to go by in the future in arranging track schedules. If, now, when Nebraska has one of the best coaches in the west, and when it is assured that her track team will be one of the best ever put out, track athletics are not properly supported, it is almost certain that no more meets will be scheduled with members of the Big Nine for some time.

The Y. W. C. A. will have a "Geneva Meeting" Sunday at 4 p. m. in Union hall. Mrs. F. M. Hall, chairman of the state committee, will speak, and Mrs. Swearinger will sing. There will also be other special music provided. All girls are invited to be present.

The school of music's new anti-cut-off railing is already showing evidences of use by the leisure classes. The first section on the north side has a three-inch bend in the center. Mr. Kimball should have inserted spikes in the top of the railing.

NO MINNESOTA MEET.

Jayhawkers Can't See Their Way to Change of Date.

The possibilities of a Minnesota track meet are likely ended, this time for good, and the chance of Nebraska's meeting one of the Big Nine in track athletics has gone glimmering. An attempt was made to get the Kansas meet postponed until June 6, but the Jayhawkers could not see it that way. Minnesota asked for the 23d, when the meet with Kansas is scheduled to take place. The local management is very much dissatisfied with the outcome of the past week's negotiations. The Gophers gave us a good offer, and it was especially desired to accept it. Last year Kansas called her Nebraska meet off solely of her own accord. This year she says it is too late to change arrangements now.

Twenty-six of the medical students at Omaha took their degrees yesterday at the first commencement of the University school of medicine. The event passed off at the Boyd theater without interruption. A small crowd, piloted by Dr. Ward, left the University yesterday morning for Omaha, to take in the exercises. After the program was completed the medics and professors passed a part of the evening at a banquet, the Lincoln visitors returning on a late train last night.

Previous to the exercises of the day, the regents met in a short session. This meeting had no particular object in view. It was called principally because Regent Kenower, president of the board, was not able to meet with the rest here at the University, on Wednesday. Whether important matters were considered or not was not known last night when The Nebraskan went to press.
