Union Debate.

About twenty men were present at the meeting of the Union Debating club Saturday night. Milek and Preiffer on the affirmative, Melick and De Young on the negative discussed Chamberlain's tariff policy. This was one of the best debates of the year. J. T. Milek of the affirmative made an excellent analysis of the question. The other men followed with good speeches. After the debate proper several members were called on for impromptu speeches.

At the business meeting Secretary Hanlen was instructed to challenge the Palladian Boys to debate, the same to take place within four weeks. Several neighboring institutions have been challenged, but no replies have been received.

Next Saturday night the following question will be debated: "Resolved, That the United States is justified in recognizing Panama as a nation." This is an interesting and up-to-date question, which guarantees another successful meeting. Towne and Kirwin will take the affirmative and Stone and Fox the negative.

Reception to Latin Students

Prof. and Mrs. Grove E. Barber gave their annual reception to the students of the Latin department at Fraternity hall last evening. In making arrangements for this important function the members of the Suetonious class were called into service. The hall was tastily decorated with University colors and flags. Professor and Mrs. Barber, Dr. and Mrs. Johnson and Misses Dean and Hunter received the guests. Refreshments were served and the evening was passed in social conversation and in singing Latin songs. This event is one that is always looked forward to with pleasure by Latin students, as it is not only one of the leading functions of the season, but it affords them an opportunity to get acquainted with each other in a pleasant and agreeable manner.

Old Timers Program.

The Palladian society will give the annual "Old Timers" program Friday evening. A number of old University students will take part. The officers of the evening will be Flora Bullock, '97, president; Grace, Cook, '00, secretary; H. W. Caldwell, '80, critic. All old Palladians and friends of the society are invited to be present. The annual Thanksgiving feed will be held Wednesday night before Thanksgiving. The committee having this affair in charge is Geneva Bullock, chairman; Louis Lightner, Grace Carder, James Anderson and Helen Anderson.

Interesting Y. W. C. A. Meeting

The Sunday meeting of the Y. W. C. A. was as usual a very interesting one. After the usual song service Miss Upton sang a solo. Then, as it was the occasion of the formal reception of the fifty-seven new members who have entered the association this semester, Miss Withers gave a brief interesting sketch of the origin of the Y. W. C. A. The meeting closed with an impressive recognition service in which the old members led by the president, Miss Van Zandt, welcomed the new members.

Cadet Appointments.

The first inspection of the year was held Monday evening. Guns and equipments were examined very carefully and scarcely a man in the whole battalion escaped without some demerit. The following appointments were made to the artillery detachment: Sergeant—R. B. Smith. Corporals—T. R. Whiting and W. P. Kimball. At the close of inspection Captain Chase presented commissions to the commissioned officers of the battalion with a few well-chosen and appropriate words.

The Y. W. C. A. will hold a unique form of amusement Saturday evening, November 21. The entertainment is to be a regular up-to-date County Fair, with side-shows and all the other accessories of such a performance.

Restaurant Unique, 1228 O St.

One of the neatest and most appropriate posters of the year appears on the bulletin board in University hall. It is the work of Mr. P. B. Harrison of the department of art and announces the annual Sophomore Hop, which will occur in Fraternity hall November 20. Mr. Harrison's poster should prove a very effective advertisement.

The Historical Society has received a collection of specimens of Indian bead work from Gertrude Romine, of Lincoln. The collection consists of two pony saddles, a quiver with arrows, five pairs of moccasins, a papoose case, and a tobacco pouch. All were made by Sioux Indians at Chadron, Neb., and are excellent specimens of Indian bead work.

Professor Caldwell is preparing an article on the work of Dr. A. G. Warner for publication in a special volume of the "Johns Hopkins University Studies." Professor Fossler and Dr. Ross will also contribute estimates of Dr. Warner's work in this volume. Dr. Warner, who died in 1898, was one of the best men ever graduated from Nebraska. His work here, both as student and instructor, was extremely valuable. He was the author of some of the best works on charities ever written in this country.

Is Writing a Story.

A dispatch to the Journal from St. Louis says: "Ruth Bryan Leavitt is writing a novel in the Ozark mountains near Humansville, Mo. Her husband, Mr. Leavitt, will illustrate the story and the completed work will be on the market next spring."
