

Other Colleges.

Phi Alpha Delta is the name of a new law fraternity recently established at Illinois.

The price of tickets for the Junior Prom. at Leland Stanford this year is \$5.00.

At Missouri State University the students pledged \$2,665 for a social and religious building to be erected on the campus.

A new Sophomore society, known as the "Skull and Crescent" has been organized at Chicago. Six fraternities are represented.

The statistics on the number of books drawn out of the general library at Michigan in one week by the various departments was five thousand.

The faculty of Indiana University has adopted a plan whereby a student can complete both the literary and law courses in five years instead of seven years, the time it took formerly.

The 1905 Ilio Board of Illinois has offered a Morris chair to the sorority girl producing the best assortment of roasts. If the sorority girls would be so cruel, what consternation would be aroused among the sterner sex.

California is rejoicing over the receipt of a gift of \$700,000 for building a library. President Wheeler of that institution has received a congratulatory message from Andrew White, former U. S. minister to Germany.

When President Harper of the University of Chicago, was an instructor in a small college, a student came to him to arrange for private tutoring. The future president expressed regret his inability to coach the applicant as his hours were engaged—unless the young man would call every morning at 3 o'clock.

The fraternities at Iowa are contemplating holding a big barbecue, in order that the frat men may get together and become better acquainted. They are now conducting a whist tournament and are planning for a baseball tournament.

Coach Jack Hollister of Beloit is out with a declaration in favor of summer baseball being played by college teams. He says that college men need money to go through and since some must earn their way they have a right to use any and all their faculties that it is right to use in earning their way.

Prescription Quality

In no other line of work does quality of materials and service count for so much as in the compounding of Prescriptions. No matter what your Prescription is intended to do, it cannot do it unless it is rightly prepared from drugs of known purity and strength. There is no use taking chances; you can be sure by bringing it here. No matter upon what blank it written, we can fill it. The medicine and the price will be right.

It is proposed to levy a tax of fifty cents on each student at the University of Minnesota for the purpose of establishing a sick fund for students. At present no provision is made to care for any of the sick in the University and on this account many have to leave college.

Through the operation of the honor system five men have been expelled from Princeton for dishonesty in examinations. They were found guilty of having purchased lists of questions for the February examinations from a man who had secured them from the printer's "devil."

The Michigan Daily vigorously refutes the statement of some of the daily newspapers that baseball at Michigan was dead. It says that Michigan has as many men trying for the team as the majority of colleges have and a good many more than quite a few can boast of.

The faculty of Minnesota is very much astonished to learn that many of the girls in school have learned poker and are gambling. One girl admitted that she had won 30 cents and two pounds of chocolates in a game in the Greek class room after a recitation. Seven other girls are involved. They admit that poker has become a fad, and they play for confections and candy.

The Memorial Fund at Purdue University has received from the athletic association of the University of Illinois, a check for \$128.15. The amount was the sum in dispute between Illinois and Wisconsin over one of last season's baseball games. The courtesy of the two universities in making such disposition of the question is certainly much appreciated at Purdue, who received the money.

In Society.

Senior Prom., April 8th, at the Lincoln hotel.

The Phi Kappa Psi formal will be held next Friday, March 25th, at the Lincoln hotel.

The regular Saturday evening rehearsal and business meeting of the Glee club will be held tonight in Memorial hall at 7 sharp.

After a long interval another band informal, so popular last semester, is to be held. The date is set for Saturday, March 26th, in the armory.

Tonight the men of the Junior class will hold a smoker at the Phi Delta Theta house. Because it's a smoker doesn't mean that that form of pastime will be compulsory. There will be drink for the drinkers, chewings for those so inclined and feed for the eaters. However diverse the Junior's taste may be it will be satisfied. A general good jolly up is expected.

The delegates from the various Greek letter societies met this morning and elected the officers who will have in charge the annual Pan-Hellenic Hop to be held sometime in the spring. Thirteen delegates were present, neither of the recent additions to the Hellenes sending delegates. John Westover, Kappa Sigma, was elected chairman by unanimous vote and after considerable balloting Sprague, Alpha Tau Omega, and Stratton, Sigma Chi, were elected masters of ceremonies. This electing of two masters of ceremonies is establishing a new precedent, whether it is necessary is a question which this coming Hop can go a long ways towards solving. The date for the affair has not yet been settled, but will be sometime the latter part of May, probably just after the Fraternity barbecue if another is held this year.

Sam's Cafe. The only place in the city to get the famous "Little Gem Hot Waffles." Special service for ladies.

The war between Japan and Russia will be a great educational affair for the young American and George Bros., printers, would be glad of an opportunity to improve your education in their line. Aut. phone, 3400; Bell, A-849. Fraternity building.

The New Sheer White Goods For Summer Dresses.

are numerous, and white suits for general wear are so much in demand that we have provided an unusually choice and varied line—the sheer plain goods that girls like so well to make fluffy with ruffles and lace; handsome French novelties embroidered in figures and stripes; silk warp tissues that have the effect of all silk and will launder well; silk warp crepe de chine with beautiful clinging folds.
