AN ABLE ADDRESS.

Dr. Ward Speaks to University Young Men.

Considering the inclement weather the attendance at the Men's meeting last Sunday was good. Those who attended certainly felt that they were repaid for having come out in the rain. Dr. Ward's address was the best that has been given at the Men's meeting for some time and the cornet solos by Mr. C. R. Benney were exceptionally good.

Dr. Ward chose for his subject, "Thought and Action." By way of introduction the speaker pointed out the importance of these two principles in the life of men. Action, more especially, characterizes the life of young men, while thought is the influence which makes the seers and the prophets.

Sometimes a man of thought is often led astray by his lack of thought. When asked to become a Christian he will point out the trivial actions and faults of those who profess Christianity, and on these base his reasons for his rejection of it.

Action is one test of position, but not the only test. When a man boasts of his excellence it is a pretty good indication that he is just the opposite of what he pretends to be. Thought alone does not determine a man's position, but thought and action have to be properly united.

As there are two tests, namely observation and experiment, in science, so also the same tests may be applied to religion.

If we abstract the trivial beliefs and unworthy actions of the followers of Jesus, what is left must certainly be of divine origin. It is so entirely different from that which we find in the other religions and philosophies.

That Christianity has had and does have the greatest influence on civilization can not be denied. True, the philosophies of Greece and Rome did contain many truths identical with those of Christian thought and which may be said to be revealed by the same God of truth, nevertheless they did not have the influence upon civilization which Christianity has had. Socrates had practically no influence on the license and immorality of his times, but the influence and teachings of Jesus have made the world better. Even those who do not embrace Christianity but who live where its influence is felt, are elevated and strengthened in character.

A strong argument for Christianity is the character of Christ. That the beauty and nobility of his character should even be witnessed to by the enemies of His religion, is a strong proof for Christianity.

Not only does Christian religion stand on the results of teaching and the character of the teacher but also on one's own experience. Experiment if offered to all who desire to know the truth. "If ye abide in Me and My word abide in you, ye shall ask what ye will and it shall be done unto you." Following the teaching of Christ is the best remedy for doubters. Accordingly the strongest test for Christianity is what it can do and what it has done.

Next Sunday the Y. W. C. A. and the Y. M. C. A. will hold a union meeting in Memorial hall at 3 p. m. Rev. J. W. Ball, pastor of the Grace Lutheran church, will speak. Special music will be provided.

Tomorrow evening at the Y. W. C. A. rooms Mr. Russell Moore will lead the prayer meeting. His subject will be, "Remember Jesus Christ." The meeting begins at 7 p. m. sharp, and ends at 7:30 sharp. Every man in the University is invited.

After the meeting a most delightful time was spent in the Y. W. C. A. rooms singing around the piano. These after-meetings are to be continued and every one who can make any kind of a noise is invited to join with the Y. W. C. A. in singing the good old hymns around the piano.
