UP FOR ELECTION

Candidates for the Athletic Board Announce Themselves.

The preparations for the coming athletic election have been quite active in character, and the busy politicians were greatly in evidence yesterday, having the petitions of their candidates signed up. This activity was due to the fact that 6 o'clock this evening was the limit set for filing petitions with the secretary of the Athletic Board. The time was extended a week from last Saturday, owing to the lack of preparation of many of the candidates. The election will be held on Wednesday, May 18th, leaving a space of less than two weeks, but it is evident that much good work will be done in that time.

The girl vote has been a general topic of discussion, and it is evident that it will figure quite largely in this year's election. In fact, hopeful glances are cast in their direction and much is expected of them. The practice of voting them promises to be general, although few can be found who would defend the practice. It is prophesied that the election will furnish an object lesson that will be remembered and looked back upon with interest.

The action of the bars in putting up a ticket of their own is also causing much discussion. Principal and expediency are the two chief points of discussion as far as we can find out. Some believe that their action has been too precipitate, but the bars in general believe that they have acted for the best. They realize the potency of organization, but have still to find out what results it will bring to them.

Up to yesterday evening nine candidates were known to be in the field. These are L. P. Hewitt, C. T. Borg, Fletcher Lane, J. L. Van Burg, W. J. Woods, Frank Beers, Cy Mason, F. A. Barta and Maloney. Another fraternity candidate or even more will be announced today. Cy Mason's petition has already been posted, and is now ready for public inspection. Both fraternity and bar men showed a willingness to sign each other's petitions, but of course this augurs nothing of any great importance.

The campaign will probably be the most interesting that has ever been waged here, and is full of uncertainty. It is certain that interest will be added because of the girl vote and the agitation that has been aroused concerning it. Then too, students seem to realize how important a place on the Athletic Board really is. A student member of the board has power and influence of a substantial character, and can make his pressure felt in the government of athletics. Nebraska's sudden rise into prominence has increased the desirability and honor of such a position, which fact is generally realized. Our football, basketball and baseball teams have forged to the front, and are able to go up against the best that can be scheduled. Nebraska could hold a place in the "Big Nine," and could make the best teams hustle to beat her out. What wonder is it then that a position on the Athletic Board is so desirable?

When we look ahead and see what the future holds for us, if the present progress continues, the true position and standing of athletics in this University are made fully apparent. Our great football schedule for next year is an evidence of what has been accomplished, and the results of it coming due in their season will further demonstrate the possibilities in store for us. It is essential then that good men be elected to the board, men who are reliable, reasonable and conservative and who are willing to subvert their own interests to the good of athletics.

It is most desirable that men be elected who will attend the meetings

of the Athletic Board regularly, as the mass of business to be done is indeed great, and if a few are obliged to shoulder the burden as a result of the lack of interest of the others much difficulty is caused. Care, then, should be taken in seeing that the best fitted men are elected. The purpose of an election of this kind is to obtain good, capable and conscientious men for the Athletic Board, and the students will be doing well by their own interests by supporting men who will fulfill the requirements. This is the principal that should govern, and if it is adhered to it is safe to say that athletics in our University will be benefitted immensely.

HIGHLAND PARK DEFEATED

Cornhuskers Trim Their Whiskers At The Rate of 12 to 8

Nebraska added another victory to her already brilliant list yesterday evening, defeating Highland Park College by a score of 12 to 8. In spite of the fact that Nebraska piled up eight errors to Highland Park's three, Nebraska had the game well in hand for the greater part of the game. Nebraska made ten hits to Highland Park's seven. Batteries: Nebraska, Adams and Bender; Highland Park, Riley and Fitzgerald.

This afternoon at 2:45 the preliminaries for the quarter mile will be run. The remaining sprints will come off Monday. Those who will try for the quarter are, Smith, Mouck, Houser, Hoar, and probably one or two others. If the F. & M. park grounds will permit it the trials will be pulled off there. Otherwise the University campus will be used.

The swimming classes which had been planned for next week had to be abandoned, because the sanitarium is going to close up at that time.

Last evening Captain States entertained the competitors for the track team at his home. He treated them to a delicious supper, after which Dean Driscoll and Ed Hagensick entertained them on the violin and piano respectively. Those present were Dr. Clapp, Manager Morrison, Benedict, Driscoll, Hagensick, Weller, Martin, Newton, Havens, Houser, Hoar, Mouck, Penrod, Neider, Winchester, Bowman, Voorhees, Smith.

ADDRESS TO MEN DR. J. L. GREENE SUNDAY, MAY 8. 3 P. M. MEMORIAL : : : HALL

DR. GREEN TOMORROW

University Men Urged to Attend a Valuable Lecture.

The address to be given by Dr. Greene, superintendent of the state insane asylum, tomorrow at 3 p. m. in Memorial hall, will be one of the strongest addresses which University men have been privileged to hear this year. "A Thing Every Man Ought to Know," is the subject which Dr. Greene has chosen.

Dr. Greene is a man of thorough scientific training and keen observation. His lectures are treated in a scientific manner, but not, however, in the way in which many specialists treat the subjects to which they have given their entire time and intention. Dr. Greene holds the interest of his audience from the beginning to the end of his discourse. He is a man of pleasing personality, and possessed of extraordinary mental power. This is illustrated in his dealing with the patients in the asylum. If at any time some disturbance is aroused among them, his presence immediately dispels it.

Every man in the University should avail himself of this opportunity of hearing Dr. Greene in order that he may learn some of those things which are indispensable to his welfare. Inasmuch as Dr. Greene speaks from actual experience and facts which have come under his notice, his lectures are intensely practical and instructive.

Mr. H. E. Bradford has kindly consented to provide special music. He will sing some choice selections.

The meeting begins promptly at 3 p. m., and closes promptly at 4 p. m., so that those who may have engagements for the afternoon will not be greatly inconvenienced by attending.

Palladians Defeat Unions.

The Palladian and Unions played an exciting twelve-inning game on the campus yesterday afternoon, which finally resulted in a score of 7 to 6 in favor of the Palladians. On account of the latter changing the order of batting in the last inning the contest was declared "no game," and will be played some time next week.

The score at the end of the ninth inning was 4 to 4. During the next two innings both sides added a score each time at bat.

Batteries—Union, Bowman, Jones, Mellick; Palladians, Hill, Newton, Grubb.

Umpire—Frank Beers.

EDITOR ELECTED

Nebraskan Board Meets and Elects P. A. Ewing Editor.

The board of managers of The Daily Nebraskan met yesterday in Librarian Wyer's office, and elected Mr. Paul Ewing editor in chief for the coming year. Mr. Ewing was highly recommended by the present management, and by the English department. He will be a Junior next year, and has a year's experience on the paper.

No arrangements were made with regard to the business managership.

The resignation of Dwight Pierce as a member of the board was accepted, and the place left vacant until the annual election.

After discussing plans for next year and voting to reduce the Saturday issue to four pages the rest of the year, the board adjourned.
