READY FOR MEET

Cornhuskers are Putting in Last Practice. South Dakota Beaten.

Things are looking good for Nebraska in the track meet with Minnesota Saturday. Last night three try-outs were held for this event. In the high jump Quick won out at 5 feet 4 inches, and he, with Benedict, will compete with Minnesota. Benedict is in good form at present and should clear the bar at about 5 feet 8 inches.

In the 100-yard dash Fenlon had things his own way and won in 10 4-5, while he could had run faster had he been pushed very hard. Bender, who did not go in the preliminaries, will also run on Saturday. They will make a good team and should make the Northerners hurry.

In the 220-yard dash Fenlon won by some margin with Bender and Hoar tying for second. It is not yet known whether Bender or Smith will run with Fenlon, the latter being bothered with a strained cord in the thigh.

In the 440-yard run Smith and Hoar will probably compete, the former having done the distance in 53 3-5 without being pushed.

In the half-mile and mile Benedict, States and Penrod will compete. They have all made the distances in fast time and should show up well tomorrow. Havens will run in the 2-mile with States and this should be a good fast team, as they have done the distance in 10:40 on an unfavorable day.

In the broad jump Hagensick and Bowman will compete, each having done over 20 feet 6 inches.

Hagensick and Benedict will both compete in the pole vault. They have both done 10 feet 9 inches and if necessary will probably do more.

In the hammer throw and shot put Martin and Weller will try their strength, while Newton will throw the discus. He has in practice thrown it over 111 feet, and with good form stands a good chance of breaking the state record, which is a few inches over 111 feet.

In the hurdles Hauser and Hagensick will run in tomorrow's meet. At Boulder the former finished a foot behind the winner, who made the distance in 16 flat, so he can be depended.

The meet will be held at F. & M. park, and will start quite early in the afternoon.

Zobe Townsend's prize colts fattened up their batting averages to the queen's taste yesterday before the largest crowd that has turned out to a baseball game for some time. The game was featureless excepting for a home run by Miller, who put the ball through the machine shop window. The small grounds were a severe handicap to good playing, filled as they were with obstructions, and what bum playing the field did not furnish the men from our northern neighbors afforded.

Score by innings:
Nebraska 0 3 3 1 3 2 4 3 *—19
South Dakota ... 0 0 0 0 2 0 0 0 — 2
Hits—Nebraska, 14; South Dakota, 2.

Errors—Nebraska, 2; So. Dak., 8.
Struck Out—By Morse, 8; by Fuller, 3.

Bases on balls—Off Morse, 2; off Fuller, 3.

Big Mass Meeting This Morning

Consist of thirteen events. Representatives from the high schools of Beatrice, Crete, Hebron, York, Pawnee City, and perhaps others, will compete and over fifty men are already entered. The events will be a relay race for four men on each team, 100- and 200-yard dashes, quarter, half and mile runs, 120- and 220-yard hurdles, running high jump, running broad jump, pole vault, hammer throw and shot-put.

The tennis tournament between Minnesota and Nebraska will also begin this afternoon on the campus. The names of the Minnesota team have not been received at the time of our going to press. The meet will begin at 1 o'clock, and four matches in singles will be played. The doubles will be played tomorrow morning at 10 o'clock.

CAP GOES TODAY.

Famous Freshman Head Piece Goes to the Lucky Man

This morning at 10 o'clock the famous Freshman cap—the sole survivor of his tribe, which alone escaped the trial by fire and the murderous inclinations of the upper classmen—will be raffled off at the Big Rock east of the library. There on the historic spot where many an orator has done his impromptu in premeditated and malicious exercise of speech, the drawing for the cap will take place. The premiums announced several days ago as going with the tickets have been withdrawn, as insufficient inquiry has been made for them. However, it has been decided that the man winning the cap will take all those holding tickets up to Rector's for refreshments. It is quite likely that the cap will be passed around through the crowd for inspection, and then submitted to the committee of the Freshmen who will O. K. it as to genuineness. All are free to come out and watch proceedings, and special arrangements have been made to take care of the crowd.

The placards which the advertising manager of the soon to appear Senior Law book have placed so prominently before the public, have been removed by those in charge of the book as too lurid and praising the book on terms somewhat too extravagant.

The editors prefer to have the book received by the students as their judgment says it merits.

CAPTAINS GET SWORDS

Cadet Officers Honored By Men of Battalion.

Last evening at the close of drill, the captains of companies A, B, and C, were presented with three handsome sabres by the sponsors of the companies. The weapons were the gifts of the officers and men of the companies. They are all from Messrs. M. C. Lillie and Company, of Cleveland, Ohio and are exquisite examples of cutlery. The names of the owners are engraved on each.

The sponsors for the companies were as follows: Company A, Miss Eva Cooper; Company B, Miss Ethel Erford; Company C, Miss Vivian Lee.

This afternoon the annual competitive drill of the battalion will be held on the campus, beginning at 3:30 o'clock. The companies have been drilling hard twice a day for the past two weeks, and the contest is expected to be closer this year than ever before. A large crowd will be present and much enthusiasm and excitement is already in evidence over the event. The program has already been published in the Nebraskan, but separate ones will be delivered at the grounds just before the exercises commence.

ARRANGE MATTERS

Summer School Excursion to the Fair Is All Ready.

After many annoying delays the director of the Summer Session is able to make definite and final announcement respecting the special excursion to the exposition and National Educational association convention at St. Louis.

The train will leave the B. & M. depot at 7 a. m. Monday, June 27th, and will draw up on a private track before the Christian Endeavor hotel at 9 o'clock that evening. The return trip will be made over the M. P. road Saturday, July 2, reaching Lincoln at 9 o'clock that evening. Thus the faculty and students will be able to make a daylight trip through northern and central Missouri, passing through St. Joseph and Hannibal, Jefferson City and Kansas City.

Lodgings have been reserved for 500 people in the Christian Endeavor hotel, which was selected after a careful examination as in every respect the most satisfactory. It is 100 feet from the entrance gate; is new and absolutely modern, clean and pleasant.

These dates give four days for visiting the exposition. The danger of wasting the days in purposeless walking has been removed by Prof. E. H. Barbour, who is preparing an itinerary of the most instructive exhibits. This will be printed and given to the University party.

For members of the faculty and their families and for teachers and students registered in the summer session the total expense for car fare both ways and lodging for five nights in the above hotel is \$15.00. Since the lowest railroad rate announced for this exposition is \$15.50, and the lowest price for lodging offered during June is \$1.50, it will be seen that the University saves its patrons nearly one-half. It is a remarkable figure and will not be reached again this year. To this \$15 must be added 50 cents a day for admission to the exposition and the expense of meals. The contract calls for breakfast at 35 cents, lunch for 25 cents, and dinner at 40 cents. The total necessary expense for the week of pleasure and profit need not exceed \$21.00.

The plat of the section of the hotel reserved for the University is on its way and rooms may be reserved at once on payment of \$1.00, which will be applied towards the \$15.00. The remaining \$14.00 must be paid June 10. Fraternities may reserve suites of two and three rooms.

In case there is room after the faculty and registered students are provided for, friends and patrons of the University will be granted these privileges on the payment of \$18.00. These friends may reserve at once and will be allotted quarters in the order of application.

This train is chartered by the University, all tickets will be sold through the executive office, and hotel rooms reserved only for the above two classes of people. The party will therefore be a select University family party. No objectionable persons will be admitted.

The train arrangements are admirable, the hotel ideal in location and appointments, the cost irresistibly low.

Prof. Willard Kimball has already reserved one coach for his faculty and students. The University band is rejoiced over the generous treatment secured for them by the director and will probably accompany the train.

Sanderson has the swellest lot of spring shoes you ever saw. Drop in and see them.

Have your picture framed at the Lincoln Book Store. Christy and Gilbert heads in colors, \$1.00 each.
