CHOOSE OFFICERS

Fred Hunter is Elected President of the Senior Class.

Only One Ballot is Necessary to Elect.
—The Other Officers.

As predicted in yesterday's Nebraskan, the election of Mr. Fred M. Hunter to the presidency of the Senior class was accomplished without much difficulty yesterday morning in Memorial Hall. The full membership of the class was present and much interest was shown in the meeting by other classmen as well. About a half dozen Juniors managed to gain admittance, but were ostracised to one corner of the room, and raised no disturbance except for occasional disparaging remarks as to the manner in which things were being conducted.

The meeting was called to order promptly at 11 o'clock by President John Allen. Nominations for the presidency were at once called for, and three names were offered, those of Mr. Hunter, John Bender and Frank Peterson. Mr. Bender had been mentioned previously in connection with the presidency, but Mr. Peterson was more or less a dark horse. The first ballot resulted, Hunter 59, Peterson 42, Bender 12. Mr. Hunter's vote being a majority of all votes cast, he was declared elected. Mr. Allen, the retiring president, and Mr. Hunter both made short speeches, the former thanking the class for favors shown him during his term of office; the latter outlining briefly his policy and the policy of the class.

Mr. Roy Clark was chosen vice-president by acclamation. Miss Moore was named as secretary, and Miss Cooper treasurer.

Y. W. C. A. Notes.

The Bible study rally will be held on Sunday at 3 p. m. in U. 106.

There will be good music and Chancellor Andrews will address the girls on "The College Girl and Her Bible." Members of the Y. M. C. A. are urged to invite others to the meeting. All university girls are cordially invited to be present.

CABINET MEETING.

The Y. M. C. A. cabinet meeting was held on Monday evening from 7 to 8. The names of the fifty-five members were read and accepted. Some plans were made for the state convention, which is to be held at Wesleyan on October 21, 22 and 23.

The following girls will have charge of the noon prayer meetings next week:

Monday—Edyph Ward.
Tuesday—Allene McEachron.
Wednesday—Susie Kinyon.
Thursday—Lena Nelson.
Friday—Elizabeth Thomas.

At a meeting of the Medical society Tuesday Miss Venus Poole was elected president and Frank Morrow vice-president. The membership of the society is largely increasing this year and it is expected that something of interest and benefit will be presented to the medical students at every meeting. The society is planning to have several lectures by physicians of reputation during the coming winter.

The members and congregation of the First Presbyterian church will give a reception to students at the church parlors, Thirteenth and M streets, this evening, from 8 to 10. The university public is cordially invited to be present.

"JUNIOR CAP INFORMAL"

In commemoration of the famous "Freshman Cap Burning." Art Hall, Library building, on Friday evening, October 7th

Tickets, \$1.00

Nine o'clock Sharp

BEGIN CAMPAIGN.

Jeffersonians Effect Organization and Start Work at Once.

The Jeffersonian club held an enthusiastic meeting Wednesday evening in the law lecture room, and adopted plans for a vigorous campaign. Mr. A. A. Worsley, fusion candidate for state land commissioner, addressed the club and was accorded close attention. New officers were elected, as follows: President, P. J. O'Gara; vice-president, Mr. Martin; secretary, Mr. McGuffey. A meeting will be called soon for the purpose of perfecting an organization that may work in harmony with the state committee.

Sunday Meeting.

Sunday at 3 p. m. W. H. Balch, a graduate of the University of Wisconsin and Ph. D. at the Northwestern University will address university men in Memorial Hall on "Methods of Bible Study." Dr. Balch is an unusually forceful speaker and because of his experience in a state university will have something of special interest for Nebraska men. For the past five years he has been a member of the board of control of the Nebraska Epworth assembly and last year was elected its vice-president. While acting in this capacity he has won a very large circle of friends. Two weeks ago he was called to the pastorate of Trinity M. E. church and comes with the strongest recommendations. These meetings have been interesting and attractive, as shown by the large attendance, and Dr. Balch is enthusiastic over this opportunity of meeting Nebraska men.

Music in Chapel.

This morning in chapel, Mr. Edwin C. Rowdon, a well known baritone who has just returned to Lincoln from New York, will give the following song recital:

The Lost Chord Sullivan
Gipsy John Clay
Spring Song Mac Kenzie
Romanza (Tannhauser) Wagner
Die Belder Grenadier Schumann
Why do the Nations (Messiah)

The faculty concert of the School of Music, which was postponed from last Thursday, was given in Memorial Hall last night.

W. S. McNut of the academy football squad has a badly broken nose as a result of Wednesday's practice. This is an evidence of the necessity of wearing a nose guard even in practice. McNut was one of the academy's most promising men for the back field and it is hoped that it will not put him out of the game permanently.

The general university reception to students, which was postponed last Saturday night on account of the death of ex-Regent Charles H. Gere, will be held next Saturday evening from 8 to 10 o'clock, in the armory. All students are invited.

The Junior Laws met in U. 107 yesterday morning and elected Black president, Lundin, vice-president, and Clark secretary. No other business was transacted.

WANTS MORE MEN.

Philippine Constabulary Offers Good Chance for Cadets.

Captain Chase has received the following letter from the Philippine constabulary. It is self-explanatory and needs no comment:

Dear Sir: It is desired to get a list of the names of a number of young men of excellent character and good education, who would accept appointments as officers in the Philippine constabulary, so that, as vacancies occur from time to time, appointments could promptly be made by cable. From fifteen to twenty-five young men will be appointed yearly, and the constabulary offers a good career for young men of energy and initiative who have special aptitude for dealing with natives and for military work.

I would be glad to have circulars placed in the possession of several young men who have, in the past five or six years, graduated from your institution without conditions, and whose habits, antecedents and stability of character and judgment are such as you or other responsible members of your faculty could recommend as being men who will, so far as can be told, grow and develop into men of strong character and integrity.

I would thank you very much if you will send to any of your graduates whom you may have in mind, copies of circulars which I will furnish, asking them if they care to accept an appointment in the constabulary, and if so to communicate directly with me, sending the necessary medical certificates and recommendations as to character and fitness with their application. Very respectfully,

HENRY T. ALLEN,
Chief of Constabulary.

The order establishing the same system of demerits as in effect last year was read last night at drill. Fifty demerits per semester disqualifies the cadet for promotion and makes his work for the semester deficient. If the cadet gets sixty demerits in a semester he is required to report to the chancellor, who acts upon his case. Demerits are given for various offenses in military line, such as dirty equipments, failure in respect to officers, absence without permission, and willful disobedience of orders. Explanations for any misdemeanor may be submitted to the commandant through cadet captains within ten days of delinquencies.

Dr. Fling gave a very interesting and instructive lecture to his history students last week, concerning his recent trip to Europe. Among other things, he said that his dreams of future ideal education included at least one year of study and travel abroad for every college student, the work done there to be credited here as a regular course. He suggested how, with managers of institutions properly interested, such a course could be conducted.

LOST—Todd fountain pen. Finder return to Nebraskan office.

THE TEAM LEAVES

Cornhuskers Depart via the Rock Island for Colorado.

They Expect a Hard Game.—Minnesota is Watching Nebraska.

Yesterday afternoon the football team left over the Rock Island for Colorado. A somewhat small but enthusiastic crowd of about 200 students accompanied the team to the station, and under the leadership of Billy Ramsey and John Allen gave them a send-off that will doubtless have its effect on the result of the game.

Each man was cheered individually and required to make a speech to the rooters. Coach Booth gave quite an extended talk, stating that he expected the team to win at Boulder, but realized that the game would be a hard one. He said that no attempt would be made to run up a big score, even if the westerners proved weaker than expected. "All we want," he said, "is to win the game."

The coach was evidently disappointed at the size of the crowd that turned out to bid the Cornhuskers good-bye, but was much pleased by the enthusiasm of those present. Some rather severe, but obviously true remarks as to Nebraska spirit were made, but the general tone of his talk was optimistic. Dean Bessey, who was present, also gave a short talk.

The following men made the trip: Coaches Booth and Westover, Manager Davis, Mills, Borg, Speer, Mason (Cy), Robertson, Johnson, Benedict, Bender, Mason (Glen), Eager, Richardson, Barta, Fenlon, Weller, Barwick, Standeven, Cotton and Burns.

Up in Minnesota the dopesters are conscientiously trying to keep a close watch on the Cornhuskers. The following short article appeared in a recent number of the Minnesota Daily:

"As far as can be gleaned from the Nebraska papers, they expect to have the best team that Coach Booth has ever taken in hand.

"Several old men are back among them Bender and Benedict and Cotton, who has played the last two years and who last year played against Captain Hogan of Yale in scrimmage and played him to a standstill most of the time. Mills, the 260 pound center, is also back and expects to tease Mose Strathern some. He is getting into the game fast and furiously and is quick as a man of much less avoirdupois. Cy Mason is playing a great game at end with his brother Glen at full.

They are beginning to hold mass meetings, and Nebraska rooters are planning to come to Minneapolis in a body on October 29 and have hopes of departing as they did two years ago. They have adopted a new yell and expect to make it ring heartily on Northrop field."

One of the lockers held by the academy football men at the city Y. M. C. A. was broken into some time between 5 p. m. Saturday evening and the same time Monday evening and about \$20 worth of football material stolen. Secretary Mayne offers \$5 reward for the detection of the thief, and every effort will be made to catch him. Considerable of this work has been going on on a smaller scale, but this is the first time that any one has been bold enough to break into a locker.

Miss Helen Woodsmall has accepted a position as head of the department of Physical Education in Colorado College, Colorado Springs.
