## KNOX MEN BEATEN

Illinois Men Defeated Saturday in a Fast Game.

Contest Replete With Brilliant Play. Score 34 to 0.

By a score of 34 to 0, which should have been larger by at least two touchdowns had it not been for the costly fumbling of Nebraska, the Cornhuskers defeated Knox on Nebraska Field Saturday afternoon.

The game started by Bender kicking off to Knox on their 30-yard line. Knox was downed without return, but immediately started toward the goal of Nebraska in a manner not at all calculated to reassure the rooters. Time after time they made their downs by line plunges, and finally, on a fake pass, Halfback Chesley got around Benedict, who had been drawn into the scrimmage, and started for Nebraska's goal with nobody but Barwick to prevent a touchdown. Nobody but Barwick was quite sufficient, and the flying halfback was tackled beautifully by Rizzy on our 15-yard line. And then Nebraska held, and Captain Benedict immediately punted out of danger. This is the only time that Knox came within striking distance of our goal. Bennie's punt gained forty yards, and Knox was held, and the varsity started for the distant goal. Good consistent gains by Eager, Johnson and Bender brought the oval to the 10-yard line, and Bender went around left end for the first touchdown, after eighteen (Continued on Page Two.)

EX-CAPTAIN JOHNNIE BENDER, Nebraska's whirlwind halfback twister, is perhaps the most brilliant individual player on the gridiron in the west. But his individual brilliancy Johnnie always subordinates the machine of which he is a part. In more games than one Bender has saved Nebraska's goal line from being crossed and by his long dashes has added numerous points to the scores of the scarlet and cream.

## Foot Ball Mass Meeting

Memorial Hall, Thursday Morning

Everybody Out.

## GLEES WILL BE CHOSEN VETS TO MEET GOPHERS

Members of Glee Club Will be Selected Tonight.

Over sixty candidates for the glee club have presented themselves, up to this morning. Extraordinary interest is being shown in the club this year and it is evident that the coming season will be the most prosperous in the history of the organization.

Professor Eames will meet the following men tonight at 7 o'clock, in the chapel. The members of the club will be chosen from this list, with the exception of first tenors, no candidates for these places having shown up yet: N. H. Dierks, Will G. Elliott, Ralph D. Conklin, Edward Johnston, H. A. Hollingsworth, A. V. Prescott, D. T. Johnston, F. M. McKnight, Leslie A. Higgins, Fred Sweeley, E. Everett Williams, Jesse Caley, H. S. Stevens.

Professor Eames desires to meet candidates for the positions of first tenor as soon as possible. These are the only places that will remain open after tonight.

Five Members of 1902 Team to Clash With Minnesota.

Of the Minnesota team, which went down in defeat before Nebraska two years ago, only one name appears in this year's line-up, that of Strathorn, right guard. Of the Nebraska team there are Benedict, Bender, Mason, Cotton, Borg; but from that team we have lost Westover, Cortelyou, Ringer, Mickel, Englehardt and Bell; men whose places it is more than difficult to fill. A comparison of scores of two years ago and this year will make the outcome of Saturday's contest more doubtful than ever. In '03 Nebraska defeated Grinnell 17-0, while Minnesota won her game against Grinnell by over 100 points. This year Nebraska scored 46 points against Grinnell, while Minnesota rolled up the record score of 146. In '03 Nebraska defeated Minnesota 6-0. This comparison would seem to indicate that, in the words of the Delphic Oracle, "there will be a great victory" Saturday in Minneapolis.

## DEBATING LEAGUE MEETS.

Officers for New Organization Elected Saturday.

The Students Debating league met in Union Hall Saturday evening and after a heated meeting adopted a constitution and elected officers. Several candidates for the offices were in the field and the race for president was a long and exciting one. John Clark winning out on the twenty-first ballot. Other officers were: Vice-president, W. H. Smith, secretary and treasurer, S. E. Black, critic, Mr. Campbell; sergeant-at-arms, Mr. Peterson. Much oratory was indulged in before the end of the meeting.

## REPUBLICAN RALLY.

The Roosevelt League Will Hear Judge Norris.

Judge W. F. Norris will deliver a lecture on "The Philippines and Militarism" on Wednesday evening, October 26, in the chapel at 7:30 p. m. Judge Norris is in the United States on a vacation. He was in the Philippines three years as judge and came in contact with all classes of people. He is a scholarly man and thoroughly understands the Filipino. This is a rare opportunity to obtain first hand information regarding the real conditions in our distant possessions.

Judge Norris speaks under the auspices of the University Roosevelt league. Everyone in the university and friends are invited.

We are still knocking prices on university supplies. Reversible note books, 18c; "U. of N." Fountain Pens, \$1; "U. of N." Tablets, 15c; history paper, 7 cents per 100. The Lincoln Book Store.

Lunch without meat, Good Health Cafe.

FRED M. HUNTER.

A veteran Cornhusker, who returned to the team last evening. Two years ago Mr. Hunter was one of the mainstays of the team, and fought in the Minnesota contest. His return may solve the problem of left guard, for which, however, several promising candidates are contesting.

## WILL HAVE PHONES

New Inter-Communicating System to be Installed.

Faculty Members Will Be Able to Talk With Each Other.

An inter-communication telephone is to be installed at the university in the near future. At its last meeting, the board of regents decided that the business of the university demanded some such arrangement, and the thing is now practically assured.

The system is primarily intended for the convenience of the members of the faculty, and other officers of the university. A phone is to be installed in the office of each department, with, perhaps, several others. By this arrangement, connection may be had with other members on the university system, and with the city and outside lines as well. This will prove a great convenience, as heretofore the phones in the executive office have had to do duty for half a hundred faculty members.

Competition for the installing of this system is keen between the two telephone companies of Lincoln.

The Bell people propose to install the inside system on the campus and connect it with the city and outside lines by a three-trunk system, which will allow only three persons on the campus to talk to outside parties at one time.

The independent company offers to put in their system throughout the buildings and connect it with the city and outside lines by a six trunk system, thereby allowing six parties at the university to use the phones at one time, while talking to outside parties.

The independent company offers to install their system, with all its superior features at the same rental price per month as the Bellspeople will, and also to install free of charge an extensive and costly exhibit of their automatic telephone system for the study and use of the electrical engineering department. They agree also to sell the entire telephone apparatus on the campus to the university at the cost of installation at any time the regents may see fit to purchase it. In order that the university may have its own telephone system, and will be obliged to pay only for the outside service after it is purchased. This the Bell people refuse to do, and they further refuse to install their system if any other system is permitted to hook up with the university exchange.

By accepting the independent company's proposition the university would have an inside system entirely their own and could connect with any outside system, whereas by accepting the Bell company's proposition they could never own their own system and would be obliged to pay a rental tribute as long as the system is retained, and at the same time would be prevented from hooking up with any other system.

A delegation of Lincoln business men went to Omaha last night to protest to Regents Ernst and Rich against the signing up a contract with the Bell people, in which the independent company is shut out. They maintain that the independent company is a Nebraska institution, is owned by Nebraska men and the money spent in Nebraska, while the Bell company's money all goes to the east to enrich the magnates who own its stock. The independent company, says one of the delegation, has a much larger list of subscribers in Lincoln, and are connecting with all the local independent lines in the towns of Nebraska, and with their superior automatic service, should be given the preference.
