### From an Alumnus.

The demonstration that awaited your arrival from Minnesota was an expression of the honor and esteem with which the university holds you. Whether defeated or victorious we love you. You are our team. You upheld the name of the University of Nebraska in a glorious and noble way. You fought the good fight and we are proud of you. What would you think of us if we only showed our appreciation of your gallant work when you were victorious? It was a battle royal, and there more glory in the result for Nebraska than for our opponents. Here's to our gallant football team. Hurrah for Nebraska. And the scarlet and the cream. Hurrah for Nebraska. And our gallant football team.

### Big Trees of California.

California's attractions are mostly of its own kind, peculiar to the state, and of none is this so emphatically true as that unique product the Big Trees. The age of these clossi is from 1,500 to 2,000 years. The Mariposa Grove, which can be visited while en route to the Yosemite, contains some of the largest. In the Calaveras Grove are from ninety to one hundred of huge size. Near Santa Cruz is a beautiful grove of redwood Big Trees which will well employ a day's visit. These can be best reached by the Union Pacific, whose fast trains from Missouri river reach California 16 hours ahead of all competitors.
