AN AGED LECTURER.

"Sunshine" Willetts at Men's Mass Meeting.

At the men's mass meeting at the Oliver next Sunday afternoon "Sunshine" Willetts will speak. Willetts is well known all over the country, having lectured for the last forty years. He is the oldest lecturer on the American platform today, and is popular to a high degree. His lectures on "Sunshine" have gained for him an enviable fame and reputation.

Mr. Willetts is far advanced in age but his intellectual faculties are as keen and sharp as ever. He holds his audiences with the closest attention from beginning to end, impressing them most forcibly with the truths which he presents.

The epithet "Sunshine," which has been applied to Mr. Willetts, is thoroughly in accord with his kind and genial nature. It is an inspiration for any one to come into contact with a man of such personality.

Miss Vera Upton, one of Lincoln's prominent soloists, will furnish the special music for this meeting. Miss Upton has a good, rich voice, and always delights those who hear her.

A large audience is expected Sunday and every man who desires a good seat should be on hand early. The doors will be open promptly at 3:30 p. m. No charge will be made for admission. All men are invited.

According to the latest statistics, Harvard has the largest enrollment of students in the United States, the number being 6,013. Columbia comes next with 4,557, and Chicago 4,146.

Fourteen Minnesota men "bummed" their way to Chicago for the big football game. They rode in box cars and were often compelled to spend hours at some out of the way country town.

The annual spelling match will soon take place between the Sophomores and Freshmen at Minnesota. It is conducted by the rhetoric department and a gold medal is awarded the winner. This is an old custom of the university.

The students of Lehigh university have adopted an honor system. Their pledge is as follows: "We, the students of Lehigh university, do hereby pledge ourselves on our honor, to abstain from all fraud in university written recitations, quizzes and examinations and to take proper measures to prevent any infringement of this resolution."

By a recent resolution of the Harvard faculty, a master's degree can be gained in less time than heretofore. Now, all undergraduates who have completed all the requirements for the Bachelor's degree, except one course, can be admitted as candidates for the Master's degree. By the former rule only an actual holder of a Bachelor's degree could be admitted to graduate work.
