Engineering Notes.

Hale Beckwith, ex-mechanic arts, '03, was a campus visitor last week. Since leaving the University he has been employed as a machinist at Cheyenne, Denver and at Santa Fe.

A letter has been received from Otto F. Stevenson, who is with a surveying party on the U. P. near Kansas City, Mo. J. C. Bruce, '03, has charge of the work and J. E. Soderholm, ex-'06, is working as draftsman in the office of the resident engineer at Kansas City.

At the last meeting of the Engineering Society, Mr. A. E. Miller was elected as secretary to fill the vacancy caused by the resignation of O. F. Stevenson. After the business meeting Mr. Miller gave an informal talk on his experiences in South America. Mr. Miller spent a year in the Argentine Republic as special machinist in the employ of the J. I. Case Threshing Machine Co., and had plenty of opportunity to come in close contact with the natives.

Mr. G. W. Rhodes, general superintendent of the western division of the B. & M., has made a donation of some very valuable books to the engineering library, including complete sets of R. R. Master Mechanics Assn., Master Car Builders Assn., Western R. R. Assn., and the Western R. R. Club, together with partial sets of several other railway clubs. This donation will be very much appreciated as complete sets of some of these reports are very difficult to obtain.

English club will meet with Miss Edith Whyman, Saturday evening, February 11. Prof. Fossler is on the program. An unpublished story by Miss Dorothy Canfield, an honorary member of the club, will be read. Address 1738 M.
