MAY BANQUET

University Republicans Meet—
Committees Appointed.

They May Send a Delegate to the In-
auguration.

University republicans were present at the meeting of the republican club held at 11 a. m. in U 207 yesterday. President Ozman called the meeting to order and announced that the president's inaugural committee was planning to have a large delegation of representatives of college republican clubs at the inaugural ceremonies held in Washington, March 4, and that Nebraska had been invited to send representatives. Mr. Ozman further stated that a rate of one fare plus two dollars could be secured and that this would make a cost of about thirty-four dollars per man for transportation. The club is without the necessary funds to send a representative and the sentiment of the meeting was that no member of the club could afford to attend unless his expenses were paid. It was suggested that some of the University students might be in Washington at that time or that some of the alumni who are in Washington might represent the club. A committee of three was appointed to find out if any of the students of the University contemplate attending the ceremonies and also to secure a list of the alumni now in Washington.

The members of the club seem to feel that there is a lack of enthusiasm among the republicans of the University. A committee was appointed to consider the advisability of having a club banquet to arouse interest.

President Ozman announced the following committees:

Inaugural representative—R. A. Van Orsdale, chairman; A. G. Nelson, F. D. Ryan.

Banquet committee—H. L. Swain, chairman; Merles Brown, J. K. Morrison.

Speaks Tomorrow.

Dr. Franklin Pierce Jolly, humorist, impersonator and lecturer, will be the speaker at the Men's Oliver Meeting tomorrow afternoon. Dr. Jolly is a graduate of Lake Forest University and spent four years in special study at Northwestern University, Evanston, Ill. He has received oratorical training from some of the leading teachers of expression in the country. This fact added to his natural abilities has made him one of the foremost lecturers on the American platform.

The special music will be exceptionally fine. Mr. Clare Cornell, trombonist, and Mr. Loyd Reid, violinist, will render several selections. Admission free. Doors open at 3:30 p. m.

Miss Castor gave a recital at Convocation yesterday morning to a large audience. The length of the program prevented any encores which the merit of her work caused her hearers to call for.

Forbes' Stables, livery, cab and baggage service, 1125-81 P street. Bell phone, 550. Auto phone 1550.

SUSPECT FIRE-BUGS

Traces of Outside Work Is Discovered.

The fire which caused considerable loss to the University book store seems to have been the work of incendiaries. Mr. Gilbert, one of the proprietors, left the store a half hour before the fire broke out, but returned to get something he had forgotten. He found everything in good condition and again left, and not twenty minutes after his departure the alarm of fire was turned in. Investigation seemed to indicate quite clearly that some one had fired the building. There was no fire in the stove, and the box in which matches were kept was not even scorched, while the contents of the same drawer was badly damaged. None of the clerks employed in the store ever smoked and no cigar ends could have been left lying about. When the fire department arrived the front door was found broken open and the money in the two tills to the amount of some fifteen dollars, was gone. There is every indication that the fire was not due to accident. Inventory of the stock is being taken today and the exact loss has not yet been determined. Enough insurance is carried, however, to insure the owners of the store against any financial loss.

Dance Successful.

The dance given in the Art hall after the Glee club concert Thursday evening, was a success. The floor was in excellent condition, and Eddie Walt's music was never better. The hall was tastefully decorated in University colors and pennants. No programs were used for the dances, the affair being entirely informal.

Re-Argument.

Last Wednesday a re-argument on the case of Green vs. Wilke was held in the district court of the Law School. This case was tried some time ago but the jury failing to agree the case was waived and argued to the court. The counsel for the plaintiff in error was Charles Beavers. The counsel for the defendant in error was A. N. Mathers. The court has taken the case under advisement.

To Erect Addition.

Superintendent Chowins is figuring the cost of erecting an addition to the shops building at the State Farm. This addition is intended to make more room for the storage of the various kinds of machinery which manufacturers send to the farm for permanent exhibition. The present room, forty by sixty feet in dimensions, is only about one-third large enough, and is packed full of gasoline engines, binders, mowers, harrows, cultivators, and almost every other sort of agricultural and dairy machine. The addition now being figured on is to be of the same dimensions as the present machinery room, but Mr. Chowins desires to build this two stories high, and to get the best results from the money so expended, proposes to fit up the second floor into a room where lectures can be given to the farm students. Last summer Professor Davisson visited a large number of agricultural implement manufactories and the various merits and defects of the different machines are explained to the embryonic farmer. Many of the manufacturers will send their products to the Farm upon request, and almost any machine made can be had simply by paying the freight from the place of manufacture to the Farm. If the figures are within reasonable bounds this new addition now being figured on by Superintendent Chowins will undoubtedly be erected.

Y. W. C. A. Notes.

As announced at Convocation Friday the girls will be addressed by Prof. Condra on Sunday 3 p. m., U 106. Miss Andrews will sing. It is hoped that the University girls will attend this meeting, as it is not often that we have the pleasure of having a member of the faculty address the Sunday meeting.

The big cabinet meeting will be held at Mrs. F. M. Hall's on Saturday, Feb. 18th, at 1:30 p. m. All chairmen and sub-chairmen will please be present. This is the last meeting of the kind of this association year.

At the noon meetings on Monday and Tuesday letters from '04 girls to association girls will be read.

Miss Paxon, Feb. 22-26. She will have charge of the noon meetings on Wednesday, Thursday and Friday. There will be lectures and interviews. Watch for bulletins.

Manifolding and typewriting. See Ed. Affolter, check room, basement Uni hall. University rates.

Elliott's Sutorium, cleaning, dyeing and repairing. Prices reasonable. 1136 O street. Both phones.

Manicuring at the Famous.

TRACK MEN BEGIN

Systematic Work Will Begin this
Afternoon.

Charter Day Medals Are Ready For
Presentation.

The first semi-final gymnastic contest on Feb. 22nd will be divided into three parts. It will be opened with work on the horizontal bar. This will be followed by the first pair of teams on the interclass relay race. The parallel bar work will be second and will be followed by the second pair of relay teams. After the third and last of the gymnastic events, the tumbling contest, the finals in the relay races will be run off by the teams winning the semi-finals. The four classes will draw for places in the order of running.

Dr. Roycroft of Chicago has recently written Dr. Clapp that the Chicago contest will take place about April 15, and if this is the case the gymnasts will line up for the "long horse" the "side horse" and "flying ring" stunts the last week in March.

The physical education department is especially anxious to have the candidates for the weight events and long distance runs turn out in larger numbers than they did Charter Day. The exercises on that day brought out a promising and encouraging bunch for jumps, sprints, etc. The heavyweights were "all there" as to quality but more men are urged to try-out in that work.

Monday, Wednesday and Friday at 4 o'clock and Saturday from 2:30 to 3:30 is the schedule of hours for the regular work of the track team and on Tuesdays and Thursdays from 3 to 4 the gym. will be open for track men who wish to work.

The work begins today at 2:30 p. m. sharp and until 2:50 the entire squad will take general exercise. From 2:50 to 3:50 the middle and long distance sprints, from 3:15 to 3:40 high jump and hurdles, from 3:40 to 4:05 shot put and pole vault will have the floor and at 4:05 the long distance men will begin a twenty-five minute exercise.

The Charter Day medals are ready for distribution at the office. They are silver and bronze with the University seal and "Charter Day" stamped on the front. Each one is mounted on a red, white and blue ribbon, which gives a very pretty and tasteful effect to the valuable souvenir.

Change Schedule.

Manager Beers has made a change in the schedule as published in the Nebraskan yesterday. One of the games in Wisconsin will be dropped and another game played with Lewis Institute, Chicago. It is likely Carroll college will be excluded from the schedule of Wisconsin games.

The men who go on the Eastern trip are: Forwards, Hagensick and Burruss; center, Moser; guards, Bell and Hoar (captain). Krake and Beers will go along as substitutes and manager Beers will act as official referee. Dr. Clapp can not accompany the team owing to extra work in his department in connection with spring athletics. The team will leave on Sunday at 1:45 p. m. over the Northwestern.
