Entered at the postoffice at Lincoln, Neb.,
as second-class mail matter under the act of
congress of March 3, 1879.

Individual notices will be charged for at the
rate of 10 cents for each insertion. Faculty,
departmental and university bulletins will
gladly be published free, as heretofore.

Editorial Remarks

Rumors of investigating committees seem to be filling the air. There is one now to be formed, so debaters allege, to reveal the true facts of the case and find the reasons why Nebraska discontinued debating relations with Kansas.—The Kansan.

Such reasons can be found without seeking far. Nebraska has substituted for Kansas a more formidable opponent. Kansas has been threshed three times in succession. This year we preferred an opponent, more nearly equal to us in debating strength. This we found in the University of Iowa. Moreover, debating in Nebraska is a matter of truth seeking and truth telling. Such spirit has led us to consider the use of false evidence in forensic

Pedagogical Club.

At the meeting of the Pedagogical club last night over 70 members were present. Dr. Sanders of the high school was the speaker, as substitute for Supt. Stephens. Mr. Stephens was called out of the city at a late hour. Dr. Sanders' subject was "Promotions."

He said in part: "Promotions should not be limited to any special time, but should take place when the pupils can profit by the next stage, school. Promotion is an individual rather than a collective matter. It depends upon the pupil's mental and physical strength and maturity, rather than upon positive acquisition. The basis is rather a knowledge of the pupil's psychological state than any such examinations. Normally, age is a fair criterion. In later high school courses the matter of attainment may come in as a basis of promotion."

The next meeting will be held about one month from present date. All interested in education are invited to attend these meetings. An early topic will be "The Teachers' Social Life—What to Choose."

FELLOWSHIP OF THE BALTIMORE ASSOCIATION.

The Baltimore Association for the promotion of the university education of women is prepared to offer a fellowship of the value of \$500 for the year 1905-1906.

This fellowship will be available for work at either an American or a foreign university.

Preference will be given in the award of this fellowship to women from Maryland and the South.

Applications will be received by the chairman or any member of the committee on award, and should be presented before April 12.

It has been decided to require from candidates evidences of ability and fitness as specified in the circular of the Association of Collegiate Alumnae, as follows:

"The fellowship will be awarded only to candidates who give promise of distinction in the subjects to which they devote themselves. It will be the aim of the committee to appoint the candidate who is best fitted for the position through original gifts, previous training, energy, power of endurance and health. To this end they will receive applications in writing from eligible candidates, who will present, as clearly as possible, their claims to the fellowship. A competitive examination will not be held, but the bestowal of the fellowship will be based upon evidence of the candidate's ability, and of her prospect of success in her chosen line of study. Such evidence will naturally consist of (a) her college diploma, (b) testimonials

contests and appears incoherent by the debating tactics and by the Jayhawkers last May in their joint debate with Nebraska.

Committee to Report.

The report of the two committees appointed last week by President Ozman will be given at the meeting of the Republican club at 1 p. m. in Memorial hall today. The matter of sending a representative to the inaugural ceremonies at Washington and also the matter of having a club banquet will be threshed out at this meeting. All republicans in the University are urged to attend and names of those desiring to join the club will be received.

as to superior ability and high character from her professors and other qualified judges, (c) satisfactory evidence of thoroughly good health, (d) a statement of the work in which she proposes to engage subsequently, (e) last, and of chief importance, examples of her scientific or literary work in the form of papers or articles, or accounts of scientific investigations which she has carried out. Preference will be given, other things being equal, to graduates of not more than five years' standing."

This fellowship may, in exceptional instances, be held for two successive years by the same person.

Blank forms for application may be obtained from Miss McLane, 1101 N. Charles St., or from any member of the committee on award.

DR. MARY SHERWOOD, Chairman.

Men's Fine Furnishings

Stetson Hat Display

All the New Spring Styles

Our Stetson Hat showing for spring is the most extensive we have ever made. The styles and shades are very fascinating and merit of a

wide range of tastes because of the great variety. We make a careful study of the proper styles suitable to the varied faces and figures, and your hat will be a becoming one if bought here. It is not too early to select your spring hat and it should be a Stetson, the standard of hat excellence everywhere.
